3/9/2021	1	Metropolitan Council	filed	

An Ordinance to amend Section 16.04.200 of the Metropolitan Code to require fence cross beams and bracing to face the interior of the property.

BE IT ENACTED BY THE COUNCIL OF THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY:

Section 1. That Section 16.04.200 of the Metropolitan Code is hereby amended by adding the following new subsection F.:

F. Fences shall be constructed in such a manner so that all fence cross beams and cross bracing shall face the interior of the property, and shall not be oriented toward the street or an adjacent property.

Section 2. This ordinance shall take effect from and after its final passage, the welfare of the public requiring it.

Analysis

This ordinance amends Section 16.04.200 of the Metro Code pertaining to fence aesthetics. This Code section currently regulates the use of electric and barbed wire fences, and limits the types of materials that can be used in fence construction. This ordinance would add another fence regulation to prohibit fence cross beams and bracing from being oriented toward the street or adjacent properties.
