### Analysis

This ordinance amends Title 3 of the Metropolitan Code of Laws to make certain Department of Emergency Communications positions eligible for the Fire and Police Service Pension Plan.

The Study & Formulating Committee recommended that eight Department of Emergency Communications positions be aligned to the public safety pension plan. These eight positions are Emergency Telecommunication Officer Trainee, Emergency Telecommunication Officer 1, Emergency Telecommunication Officer 2, Emergency Telecommunication Officer 3, Emergency Telecommunication Officer 4, Emergency Telecommunication Trainer, Emergency Telecommunication Supervisor, or Emergency Telecommunication

Manager. This applies to a member who is a Metro employee on or after December 1, 2021. The Employee Benefit Board approved this recommendation at its June 1, 2021 meeting. An actuarial study of the recommended pension modification adding these DEC positions has been performed.

This ordinance further deletes obsolete language regarding compulsory retirement in various provisions of Title 3.

*Fiscal Note: The actuarial study estimated the increase in total plan liabilities for the current active members in the applicable positions within the Department of Emergency Communications to be \$11,200,000. The additional contribution of 0.172% of total covered payroll, if continued in perpetuity, is expected to fully amortize the cost of the additional benefit for the active members as well as provide for the increased future benefit for any new members hired in the applicable positions.*
