How to Create New Activity

**Application Type:** Recycling Rebates

**Grant Amount:**

**Contract End Date:**

## Purpose and Overview

---

### Recycling Rebates Overview:

The Solid Waste Management Act of 1991, Tenn. Code. Ann. §§ 68-211-801 to -874 (“Act”), established the Solid Waste Management Fund to be used in part to establish a recycling rebate program for the purchase of equipment needed to establish or upgrade recycling at a public or not-for-profit recycling collection site. Tenn. Code Ann. § 68-211-825(b). The goal of the State is to reduce the amount of solid waste disposed of at Class I disposal facilities by twenty-five percent (25%). Tenn. Code. Ann. § 68-211-861.

The Act authorizes the Department to provide a rebate against the amount due to the State under the tipping fee surcharge to the five (5) most populous counties, according to the annual estimated census released in April by the United States Census Bureau.

A local match equal to the rebate amount must be expended by the eligible local government. Recycling rebates may be used to assist these local governments in their achievement of their 25% waste reduction and diversion goal and should be limited in scope to recycling programs and projects.

### Purpose of the Rebate

The five eligible counties contain roughly 41% of the State’s population and are responsible for approximately 44% of the municipal solid waste disposed in Tennessee. The Recycling Rebate Program is in lieu of the Recycling Equipment Program. Tenn. Code Ann. § 68-211-825(b)(2). The Recycling Rebate Program also supports the implementation of 2015-2025 Solid Waste and Materials Management Plan Objectives (<http://www.tennessee.gov/environment/topic/sw-2015-2025-solid-waste-and-materials-management-plan>). It is the Department’s intent with this rebate to support local governments’ efforts toward achieving their waste reduction and recycling goals.

Preferred usages will demonstrate how the requested equipment will improve operating efficiencies or:

- Increase material tonnages (Objective 1)
- Increase recycling access and/or participation (Objective 2),
- Promote material processing and end use in Tennessee (Objective 3)
- Support new waste reduction and recycling technologies (Objective 5)
- Support education and outreach efforts (Objective 6)

## **TDEC Sustainability Statement**

The Tennessee Department of Environment and Conservation (TDEC) acknowledges that the products and services we procure have fundamental human health, environmental, and economic impacts, and that purchasing decisions should exemplify our commitment to sustainability and to protecting the environment and the quality of life of Tennesseans. TDEC endeavors to reduce the environmental impacts of its operations and to promote fiscal responsibility and community and environmental stewardship by integrating sustainability considerations in sourcing processes while continuing to observe general state purchasing laws and procurement policies.

## **Timeline, Eligibility & Funding**

---

## Rebate Timeline

A complete application shall be submitted in the Grants Management System (GMS) online **on or before** October 5, 2022, by 4:30 p.m. CDT. Applications received after this date and time will be automatically declined. Applications submitted via email or physical mail will be declined without review.

A complete application consists of a digital signature of the head of the Organization and clear and detailed completion of all application prompts in GMS, including but not limited to the Narrative Questions, Budget Worksheet, Title VI Pre-Audit Survey, and submission of the Automatic Clearing House Form FA-0825. All the information required has been implemented in GMS from required TDEC forms, such as Form CN-0915 (Grant Application) and Form CN-1448 (Title VI Pre-Audit Survey) but is made convenient in a purely digital format.

The anticipated timeline for this grant offering is as follows:

- September 12, 2022: Request for applications announced/Rebate offer letter delivered
- October 5, 2022: Deadline for application submittal/Response letter deadline
- October 26, 2022: Announce awards/Approval letters delivered
- January 1, 2023: Rebate period begin, and purchases may begin
- December 31, 2023: Final Request for Grant Reimbursements submitted/Rebate period end

## Funding Eligibility:

The five most populous counties according to the annual census released in April by the United States Census Bureau and their cities that manage solid waste are eligible for the Recycling Rebate. Rebates may be used for a variety of recycling purposes such as establishing new programs or collection sites; preparing recycled materials for transport and marketing; identifying markets for recycled materials; and developing educational programs for adults and children to help them understand solid waste issues, management options, costs, and the value of waste reduction and recycling efforts. If a local government provides collection or disposal services

(TCA §68-211-825 (b)(2), recycling rebates for the amounts shown in the below table are offered.

The Department has allocated \$300,000 for recycling rebates for Fiscal Year 2023-2024. Rebate recipients are required to provide a dollar-for-dollar match for funds requested. Matching costs will be documented at the time of reimbursement of eligible costs. Each county’s allocation of funding shall be proportional to the population of each county. Municipalities that manage solid waste within the five counties shall be offered a proportionate share of their county’s rebate based on population.

The allocation of funds in accordance with the amended T.C.A. §68-211-825 (b) is as follows:

Funding is distributed to each eligible rebate recipient based on a prorated per capita share.

A local government may elect to not receive the rebate or may elect to have rebate funds assigned to the county, another city, solid waste authority, or non-profit recycler. The State must be notified in writing of the local government’s intent to receive, assign, or waive the funding opportunity.

**TOP FIVE MOST POPULOUS COUNTIES AND MUNICIPALITIES ELIGIBLE FOR REBATE**

Davidson/Nashville - \$72,865.19	Hamilton - \$12,716.45	Knox - \$30,462.10	Rutherford - \$19,979.91	Shelby - \$11,325.57
Belle Meade - \$306.60	Chattanooga - \$18,787.21	Knoxville - \$20,158.63	Murfreesboro - \$16,110.52	Arlington - \$1,537.63
Berry Hill - \$223.21	Collegedale - \$1,152.45			Bartlett - \$6,107.20

Forest Hills - \$532.45	East Ridge - \$2,299.60			Collierville - \$5,424.25
Goodlettsville - \$1,880.06	Lakesite - \$192.54			Germantown - \$4,368.34
Oak Hill - \$516.91	Red Bank - \$1,234.40			Lakeland - \$1,469.46
	Ridgeside - \$46.27			Memphis - \$66,910.50
	Soddy Daisy - \$1,355.88			Millington - \$1,118.37
	Signal Mountain - \$918.31			

**Funding Conditions:**

A local government may elect to not receive the rebate or may elect to have rebate funds assigned to the county, another city, solid waste authority, or non-profit recycler. The State must be notified in writing of the local government’s intent to receive, assign, or waive funding opportunity by October 5, 2022, at 4:30 AM CST.

If a municipality designated to receive a recycling rebate does not submit the appropriate rebate application by this date and time, the rebate funds will automatically be assigned to the county. If a county designated to receive a recycling rebate does not provide the appropriate rebate application by this date and time, the

allocated rebate funds for that county will automatically revert back to the Solid Waste Management Fund.

Rebate recipients should be prepared to proceed with eligible projects upon delivery of a signed letter of acceptance in response to the Recycling Equipment Rebate Offer letter. Rebate recipients will be required to complete a Title VI Compliance verification pre-award Title VI Training Certification Form and verification post-award.

Rebate recipients are required to match funding reimbursements at 50% of all approved expenses.

The Department promotes environmentally preferable purchasing in support of the 2025 Solid Waste and Materials Management Plan Objective 3 by encouraging equipment to be made with recycled content, when available.

## Selection Criteria

---

## Selection Criteria

The Recycling Rebate is a non-competitive funding opportunity for the top five most populous counties (see Eligibility section above) and is therefore guaranteed to the participating counties and municipalities. However, there are specific funding criteria that will render specific requests ineligible to receive funding. These additional selection criteria are as follows:

- The Recycling Rebate shall be utilized only for “recycling purposes.” Tenn. Code ann. § 68-211-825(b)(2). The Department reserves the right to approve or decline the request for funding reimbursement based upon the proposed use of funds.
- No recurring costs will be funded. This includes salaries, benefits, utility costs, or any other costs that occur on a routine basis that are regularly associated with running a solid waste disposal or recycling program.
- No regularly scheduled maintenance costs will be funded. Consideration will be given for unexpected mechanical failures.
- Any carts intended for curbside recycling pickup must be equipped with RFID tags even if the accompanying infrastructure is not yet available to the recycling program.
- The requested funding may not exceed the figure for each county or municipality listed in the Eligibility Section. Care should be taken to tailor each application to that budget which is provided. Counties and municipalities should denote the additional local shares when proposing expenditures beyond their dollar-for-dollar match.

## Narrative Questions

---

## Project Description

---

1. Describe the proposed project and need.

Purchase of curbside recycling carts for new customers. As Nashville grows rapidly, new developments are being built in our service area as well as interest has grown in expanding our service area and annexing in new parts of Davidson County into our curbside recycling program. We will be purchasing curbside recycling carts to expand recycling services to these customers.

## Budget and Attachments

---

## Funding Conditions

---

Applicants shall be prepared to proceed with eligible projects as soon as a fully executed Recycling Rebate Funds Request and Certification form is received. Local funding for costs in excess of the rebate award are the grantee’s responsibility and shall be approved and available upon receipt of Recycling Rebate Funds Request and Certification form to avoid unnecessary delays.

The Department promotes environmentally preferable purchasing in support of the 2025 Solid Waste and Materials Management Plan Objective 3 by requiring equipment to be made with recycled content, when available.

If you have signatory authority from the principal executive officer or ranking elected official, please fill out the information fields above and upload proof of signatory authority on grant applicant letterhead or another form of official executed documentation.

## Self Debarment Verification

Please verify that your organization is not on the federal debarment list.

**Any entity receiving TDEC grant funds must provide non-debarment verification if total goods or services for the open contract are equal to or greater than \$25,000.**

The Awarded Organization is required to check the debarment status of their organization and any grant project expenditure of goods or services to a single entity, no matter if there are multiple purchases at different times, equal to or greater than \$25,000 by using the SAMS website prior to making a recommendation of award, purchasing of goods, or securing of services to meet grant requirements and to insure any and/or all funds associated with the grant project will be eligible for reimbursement. Grant reimbursements will not be processed if the debarment status verification have not been completed.

*NOTE: If active exclusions and/or delinquent federal debt are shown, the organization cannot receive a grant contract or grant funds. If no active exclusion and no delinquent federal debt are shown, the awarded organization may receive grant funds as long as all other grant policies and procedures are followed.*

Search for your organization to confirm that you are not on the Debarment List by going to [System for Award Management \(SAM\)](#)

Click "SEARCH RECORDS" tab.

In the search bars type in the Entity name or using an exclusion search term, Duns & Bradstreet number (DUNS) and/or the Entity Commercial and Government Entity (CAGE) code. You can only use one search bar at a time to search for records. Individuals are not assigned a DUNS number or CAGE code. When checking for a debarred individual, conduct the search by typing the name in the top bar.

Click "SEARCH" to retrieve a list of results. Entities with "Exclusion" listed in purple are currently debarred, while those labeled "Entity" in green do not have exclusions. In the right upper corner of the webpage, use the "Save PDF" option and upload a summary of search results.

## Upload Debarment Status Verification

Even if there are no search results, you still must upload a pdf showing your search results.
