On behalf of the Metropolitan Planning Commission, the following item, referred to the Commission as required by the Metro Charter, has been recommended for *approval* to the Metropolitan Council:

A request for the abandonment of approximately 96 linear feet of existing eight-inch sanitary sewer main, two sanitary sewer manholes and easements, and the acceptance of approximately 96 linear feet of new eight-inch sanitary sewer main (PVC), and two sanitary sewer manholes, to serve the 3911 Cross Creek Development. Construction of new sanitary sewer and manholes will be in existing easements.

The relevant Metro agencies (Metro Parks, Nashville Department of Transportation, Metro Water Services, Metro Emergency Communications, the Nashville Electric Service, General Services-Public Property and the Metro Historical Commission) have reviewed the proposal and concur in the recommendation for approval. This request must be approved by the Metro Council to become effective. A sketch showing the location of the request is attached to this letter.

Conditions that apply to this approval: none

This recommendation for approval is given as set forth in the Metropolitan Planning Commission Rules and Procedures. If you have any questions about this matter, please contact Delilah Rhodes at Delilah.Rhodes@nashville.gov or 615-862-7208
