Below, briefly describe why utilizing this cooperative contract—as opposed to issuing an RFP/ITB—is more advantageous to Metro. Be thorough; this is utilized to develop legislation. Failure to complete may result in your request being returned.

Public Safety Emergency Communications is a no-fail service. In the past decade, Nashville experienced natural disasters including historic flooding, devastating tornadoes, and a global pandemic spanning multiple years. More recently, Nashville made national news following a man-made disaster when a lone bomber detonated an RV next to critical telecommunications infrastructure, rendering critical communications pathways inoperable for more than three days. To properly plan for and mitigate against future threats to emergency communications infrastructure, we must explore partnerships with solutions allowing carrier redundancy and geodiversity ensuring public safety emergency communications professionals can continue to receive calls for help and send the correct response to the correct location regardless of the impact to critical infrastructure. This proposal and the associated pricing terms are a fair reflection for a solution designed primarily to support limited remote work or to more broadly support full activations when critical incidents occur.

#### **ARTICLE II**

**2.01 Property Schedules Separate Leases.** Each Property Schedule executed and delivered under this Agreement shall be treated as a separate lease, distinct from other Property Schedules. Without limiting the foregoing, upon the occurrence of an Event of Default or an Event of Non-appropriation with respect to a Property Schedule, Lessor shall have the rights and remedies specified herein with respect to the Property leased and the Rental Payments payable under such Property Schedule, and except as expressly provided in Section 12.02 below, Lessor shall have no rights or remedies with respect to Property leased or Rental Payments payable under any other Property Schedules unless an Event of Default or Event of Non-appropriation has also occurred under such other Property Schedules, unless otherwise permitted by applicable law.

#### **ARTICLE III**

**3.01 Covenants of Lessee.** As of the Commencement Date for each Property Schedule executed and delivered hereunder, Lessee shall be deemed to represent, covenant and warrant for the benefit of Lessor, any Agent, and any Registered Owners, as follows:

- (a) Lessee is a public body corporate and politic duly organized and existing under the constitution and laws of the State with full power and authority to enter into this Agreement and the Property Schedule and the transactions contemplated thereby and to perform all of its obligations thereunder.
- (b) Lessee will do or cause to be done all things necessary to preserve and keep in full force and effect its existence as a body corporate and politic. To the extent Lessee should merge with another entity under the laws of the State, Lessee agrees that as a condition to such merger it will require that the remaining or resulting entity shall be assigned Lessee's rights and shall assume Lessee's obligations hereunder.
- (c) Lessee has been duly authorized to execute and deliver this Agreement and the Property Schedule by proper action by its governing body, or by other appropriate official approval, and all requirements have been met and procedures have occurred in order to ensure the validity and enforceability of this Agreement and the Property Schedule, and Lessee has complied with such public bidding requirements as may be applicable to this Agreement and the Property Schedule and the leasing by Lessee of the Property thereunder.
- (d) During the Lease Term for the Property Schedule, the Property thereunder will perform and will be used by Lessee only for the purpose of performing essential governmental uses and public functions within the permissible scope of Lessee's authority.
- (e) Lessee will provide Lessor with current financial statements, budgets and proof of appropriation for the ensuing budget year and other financial information relating to the ability of Lessee to continue this Agreement and the Property Schedule in such form and containing such information as may be requested by Lessor. Proof of appropriation shall be based on the Fairfax County Purchasing Resolution.
- (f)
- (g) The execution, delivery and performance of this Agreement and the Property Schedule and compliance with the provisions hereof and thereof by Lessee does not conflict with or result in a violation or breach or constitute a default under, any resolution, bond, agreement, indenture, mortgage, note, lease or other instrument to which Lessee is a party or by which it is bound by any law or any rule, regulation, order or decree of any court, governmental agency or body having jurisdiction over Lessee or any of its activities or properties resulting in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any property or assets of Lessee or to which it is subject.

#### **ARTICLE IV**

**4.01 Lease of Property.** On the Commencement Date of each Property Schedule executed hereunder, Lessor will be deemed to demise, lease and let to Lessee, and Lessee will be deemed to rent, lease and hire from Lessor, the Property described in such Property Schedule, in accordance with this Agreement and such Property Schedule, for the Lease Term set forth in such Property Schedule.

**4.02 Lease Term.** The term of each Property Schedule shall commence on the Commencement Date set forth therein and shall terminate upon payment of the final Rental Payment and conclusion of the final Rental Payment period set forth in such Property Schedule, unless terminated sooner pursuant to this Agreement or the Property Schedule.

**4.03 Delivery, Installation and Acceptance of Property.** Lessee shall order the Property, shall cause the Property to be delivered and installed at the locations specified in the applicable Property Schedule and shall pay all taxes, delivery costs and installation costs, if any, in connection therewith. Any taxes, including but not limited to sales and property taxes, associated with the ownership of the Property, shall be included within the payment amounts of each Property Schedule. If the tax rates increase during the term of a given Property Schedule, Lessee will be notified of said increase and make the determination if funding has been appropriated. To the extent funds are deposited under an escrow agreement or trust agreement for the acquisition of the Property, such funds shall be disbursed as provided therein. When the Property described in such Property Schedule is delivered, installed and accepted as to Lessee's specifications, Lessee shall immediately accept the Property and evidence said acceptance by executing and delivering to Lessor the Acceptance Certificate substantially in the form attached to the Property Schedule. Lessee has selected and ordered the Property from the Supplier and, if appropriate, has entered into a Purchase Agreement with respect thereto. Lessor may accept an assignment from Lessee of Lessee's rights, but none of Lessee's obligations, under any such Purchase Agreement. The parties acknowledged that Fairfax County is a political subdivision of the Commonwealth of Virginia and is exempt from many tax obligations. In no event shall any Property Schedule reflect

payments for taxes that are not properly owed by Fairfax County.

#### ARTICLE V

**5.01 Enjoyment of Property.** Lessee shall during the Lease Term peaceably and quietly have, hold and enjoy the Property, without suit, trouble or hindrance from Lessor, except as expressly set forth in this Agreement. No Registered Owner shall interfere with such quiet use and enjoyment during the Lease Term so long as Lessee is not in default under the subject Property Schedule.

**5.02 Location; Inspection.** The Property will be initially located or based at the location specified in the applicable Property Schedule. Lessor shall have the right at all reasonable times during business hours to enter into and upon the property of Lessee for the purpose of inspecting the Property with ten (10) business days notice to Lessee.

#### ARTICLE VI

**6.01 Rental Payments to Constitute a Current Expense of Lessee.** Lessor and Lessee understand and intend that the obligation of Lessee to pay Rental Payments hereunder shall constitute a current expense of Lessee and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional, statutory or charter limitation or requirement concerning the creation of indebtedness by Lessee, nor shall anything contained herein constitute a pledge of the faith and credit or taxing power of Lessee. Upon the appropriation of Rental Payments for a fiscal year, the Rental Payments for said fiscal year, and only the Rental Payments for said current fiscal year, shall be a binding obligation of Lessee; provided that such obligation shall not include a pledge of the taxing power of Lessee.

**6.02 Payment of Rental Payments.** Lessee shall promptly pay Rental Payments under each Property Schedule, exclusively from legally available funds, in lawful money of the United States of America, to Lessor in such amounts and on such dates as described in the applicable Property Schedule, at Lessor's address set forth on the first page of this Agreement, unless Lessor instructs Lessee otherwise. All invoices shall contain the contract number and the applicable payment amounts due. To the extent permitted by applicable law, Lessee shall pay Lessor a charge on any delinquent Rental Payments under a Property Schedule, in an amount sufficient to cover all additional costs and expenses incurred by Lessor and Agent from such delinquent Rental Payment. In addition, Lessee shall pay a late charge of five cents per dollar or the highest amount permitted by applicable law, whichever is lower, on all delinquent Rental Payments that are more than 10 days past due.

**6.03 Rental Payments to be Unconditional.** SUBJECT TO SECTION 6.05 AND PARAGRAPH 48 OF THE GENERAL CONDITIONS AND INSTRUCTIONS TO BIDDERS, THE OBLIGATIONS OF LESSEE TO PAY THE RENTAL PAYMENTS DUE UNDER THE PROPERTY SCHEDULES AND TO PERFORM AND OBSERVE THE OTHER COVENANTS AND AGREEMENTS CONTAINED HEREIN SHALL BE ABSOLUTE AND UNCONDITIONAL IN ALL EVENTS WITHOUT ABATEMENT, DIMINUTION, DEDUCTION, SET-OFF OR DEFENSE, FOR ANY REASON, INCLUDING WITHOUT LIMITATION, ANY DEFECTS, MALFUNCTIONS, BREAKDOWNS OR INFIRMITIES IN THE PROPERTY OR ANY ACCIDENT, CONDEMNATION OR UNFORESEEN CIRCUMSTANCES. THIS PROVISION SHALL NOT LIMIT LESSEE'S RIGHTS OR ACTIONS AGAINST ANY VENDOR AS PROVIDED IN SECTION 10.02.

**6.04 Continuation of Lease by Lessee.** Lessee intends to continue all Property Schedules entered into pursuant to this Agreement and to pay the Rental Payments thereunder. Lessee reasonably believes that legally available funds in an amount sufficient to make all Rental Payments during the term of all Property Schedules can be obtained. Lessee agrees that no Rental Payments due under the Property Schedules have been budgeted based on the Fairfax County Purchasing Resolution. Notwithstanding this covenant, if Lessee fails to appropriate the Rental Payments for a Property Schedule pursuant to Section 6.05, such Property Schedule shall terminate

**6.05 Non-Appropriation.** If sufficient funds are not appropriated to make Rental Payments required under a Property Schedule, such Property Schedule shall terminate and Lessee shall not be obligated to make Rental Payments under said Property Schedule beyond the then current fiscal year for which funds have been appropriated. Upon the occurrence of such non-appropriation (an "Event of Non-appropriation") Lessee shall, no later than the end of the fiscal year for which Rental Payments have been appropriated, deinstall and package the Property under said Property Schedule and make available to Lessor so that they may pick up said Property. If Lessee fails to deinstall, package, and make the Property available to Lessor upon termination of said Property Schedule by reason of an Event of Non-appropriation, the termination shall nevertheless be effective but Lessee shall be responsible for the payment of damages in an amount equal to the portion of Rental Payments thereafter coming due that is attributable to the number of days after the termination during which the Lessee fails to make said Equipment available to Lessor and for any other loss suffered by Lessor as a result of Lessee's failure to make said Equipment available to Lessor as required. Lessee shall notify Lessor in writing within fifteen (15) days after the failure of the Lessee to appropriate funds sufficient for the payment of the Rental Payments, but failure to provide such notice shall not operate to extend the Lease Term or result in any liability to Lessee.

#### ARTICLE VII

**7.01 Title to and Location of Property.** Title to each item of Property leased hereunder shall remain with the Lessor at all times and Lessee shall have no right, title or interest therein except as expressly set forth in this Lease. Lessee, at its expense, will protect and defend Lessor's title to the Property and will keep the Property free and clear from any and all claims, liens, encumbrances and legal processes of Lessee's creditors and other persons. All items of Property shall at all times be and remain personal property notwithstanding that any such Property may now or hereafter be affixed to realty.

The Property shall be delivered to the location specified in the Schedule with respect thereto and shall not thereafter be moved from such location without the prior written consent of Lessor. Without limitation of the foregoing, Lessee shall not permit the Property or any part thereof to be removed outside the United States. Lessor agrees to affix to each item of Property, in a reasonably prominent place, such indicia of Lessor's ownership if requested and supplied by Lessor. Lessee will not alter, deface, cover or remove such ownership identification.

**7.02 Tax Benefits.** Lessee acknowledges that unless otherwise agreed by Lessor, Lessor intends to claim all available tax benefits of ownership with respect to the Property (the "Tax Benefits"). Notwithstanding anything herein to the contrary, if Lessor shall not be entitled to, or shall be subject to recapture of, the Tax Benefits, as a result of any act, omission or misrepresentation of Lessee, Lessee shall pay to Lessor upon demand an amount or amounts sufficient to reimburse Lessor for such loss, together with any related interest and penalties to the extent permitted by applicable law, based on the highest marginal corporate income tax rate prevailing during the Lease Term, regardless of whether Lessor or any member of a consolidated group of which Lessor is also a member is then subject to any increase in tax as a Lease Term, regardless

**7.03 Personal Property.** The Property is and will remain personal property and will not be deemed to be affixed to or a part of the real estate on which it may be situated, notwithstanding that the Property or any part thereof may be or hereafter become in any manner physically affixed or attached to real estate or any building thereon. If requested by Lessor, Lessee will, at Lessee's expense, furnish a waiver of any interest in the Property from any party having an interest in any such real estate or building.

**7.04 Financing, Security Interest:**

- (a) In the event that this Lease is deemed to constitute a secured transaction disguised as a lease, Lessee grants to Lessor a first priority security interest in the Property and any additions (excluding any software, memory and any other such items purchased separately from the leased equipment), attachments, upgrades, accessions, repairs, modifications, replacements thereto and proceeds thereof, including insurance proceeds, to secure Lessee's payment of the Rental Payments and all other payment obligations when due, and Lessee's performance of all of the terms and conditions of this Lease.
- (b) If under applicable law any part of the Rental Payments are deemed or determined to be imputed interest, finance charges or time-price differential ("Interest"), the parties agree that the Rental Payments shall be deemed to be level payments of principal and Interest, with such Interest accruing on principal amounts outstanding from time to time. The rate of such Interest is not intended to exceed the maximum amount of interest permitted by applicable law. If the Interest exceeds such maximum, then at Lessor's option, if permitted by law, the Interest payable will be reduced to the legally permitted maximum amount of interest, and any excessive Interest will be used to reduce the principal amount of Lessee's obligation or refunded.

**7.05 Lessee's Waivers.** TO THE EXTENT PERMITTED BY APPLICABLE LAW, LESSEE WAIVES ANY RIGHTS NOW OR HEREAFTER CONFERRED BY STATUTE OR OTHERWISE TO RECOVER INCIDENTAL OR CONSEQUENTIAL DAMAGES FROM LESSOR FOR ANY BREACH OF WARRANTY OR FOR ANY OTHER REASON OR TO SETOFF OR DEDUCT ALL OR ANY PART OF ANY CLAIMED DAMAGES RESULTING FROM LESSOR'S DEFAULT, IF ANY, UNDER THIS LEASE PROVIDED, HOWEVER, THAT NO SUCH WAIVER SHALL PRECLUDE LESSEE FROM ASSERTING ANY SUCH CLAIM AGAINST LESSOR IN A SEPARATE CAUSE OF ACTION INCLUDING, WITHOUT LIMITATION, ANY CLAIM ARISING AS A RESULT OF LESSOR'S BREACH OF SECTION 5.01 HEREOF.

**ARTICLE VIII**

**8.01 Maintenance of Property by Lessee.** Lessee shall keep and maintain the Property in good condition and working order and in compliance with the manufacturer's specifications, shall use, operate and maintain the Property in conformity with all laws and regulations concerning the Property's ownership, possession, use and maintenance, and shall keep the Property free and clear of all liens and claims, other than those created by this Agreement. Lessee shall have sole responsibility to maintain and repair the Property. Should Lessee fail to maintain, preserve and keep the Property in good repair and working order and in accordance with manufacturer's specifications, and if requested by Lessor, Lessee will enter into maintenance contracts for the Property in form approved by Lessor and with approved providers.

**8.02 Liens, Taxes, Other Governmental Charges and Utility Charges.** Lessee shall keep the Property free of all levies, liens and encumbrances, except for the interest of Lessor under this Agreement. The Lessee's Rental Payments shall include all applicable taxes. To the extent permitted by applicable law, Lessee shall indemnify and hold Lessor harmless from and against (on an after-tax basis) any and all taxes, fees, withholdings, levies, imposts, duties, assessments and charges of any kind and nature arising out of or related to this Agreement imposed upon or against Lessor, any assignee of Lessor, Lessee or any Property by any Governmental Authority with respect to any Property or the manufacturing, ordering, sale, purchase, shipment, delivery, acceptance or rejection, ownership, titling, registration, leasing, subleasing, possession, use, operation, removal, return or other dispossession thereof or upon the rents, receipts or earnings arising therefrom or upon or with respect to this Agreement, excepting only all Federal, state and local taxes on or measured by Lessor's net income (other than income tax resulting from making any alterations, improvements, modifications, additions, upgrades, attachments, replacements or substitutions by Lessee).

**8.03 Insurance.** At its own expense, Lessee shall maintain (a) casualty insurance insuring the Property against loss or damage by fire and all other risks covered by the standard extended coverage endorsement then in use in the State and any other risks reasonably required by Lessor in an amount equal to at least the replacement value of the Property, and (b) liability insurance that protects Lessor from liability in all events in an amount reasonably acceptable to Lessor, and (c) worker's compensation insurance covering all employees working on, in, near or about the Property, provided that Lessee may self-insure against all such risks. All insurance proceeds from casualty losses shall be payable as hereinafter provided in this Agreement. Lessee shall furnish to Lessor, on or before the Commencement Date for each Property Schedule, and thereafter at Lessor's request, certificates evidencing such coverage, or, if Lessee self-insures, a written description of its self-insurance program together with a certification from Lessee's risk manager or insurance agent or consultant to the effect that Lessee's self-insurance program provides adequate coverage against the risks listed above, subject to the approval of Lessor.

**8.04 Advances.** Lessee agrees to keep all Equipment covered by insurance during the lease term. In the event Lessee shall fail to either maintain the insurance required by this Agreement or keep the Property in good repair and working order, Lessor may, but shall be under no obligation to, purchase the required insurance and pay the cost of the premiums thereof or maintain and repair the Property and pay the cost thereof. All amounts so advanced by Lessor shall constitute additional rent for the Lease Term for the Property Schedule for which the Property is under and shall be due and payable on the next Rental Payment Date and Lessee covenants and agrees to pay such amounts so advanced by Lessor.

**ARTICLE IX**

**9.01 Damage or Destruction.** Lessee shall bear the entire risk of loss (including without limitation, theft, destruction, disappearance of or damage to any and all Property ("Loss") from any cause whatsoever), whether or not insured against, during the Lease Term and any extensions thereof until the Property is returned to Lessor in accordance with Section 11.03 hereof. No Loss shall relieve Lessee of the obligation to pay Rental Payments or of any other obligation under this Master Agreement and the applicable Property Schedule. If (a) the Property under a Property Schedule or any portion thereof is destroyed, in whole or in part, or is damaged by fire or other casualty, or (b) title to, or the temporary use of, the Property under a Property Schedule or any part thereof shall be taken under the exercise or threat of the power of eminent domain by any governmental body or by any person, firm or corporation acting pursuant to governmental authority, Lessor and Lessee will cause the Net Proceeds (as hereinafter defined) of any claim satisfied through self-insurance, condemnation award or sale under threat of condemnation to be applied to the prompt replacement, repair, restoration, modification or improvement of the Property. In lieu of replacement, repair, restoration, modification or improvement of the Property, Lessee may elect to pay to Lessor, or its assign, an amount equal to the remaining balance of payments under the lease plus the Fair Market Value of the Property. Any balance of the Net Proceeds remaining after such work has been completed shall be paid to Lessee. For purposes of Section 8.03 and this Article IX, the term "Net Proceeds" shall mean the amount remaining from the gross proceeds of any claim satisfied through self-insurance, condemnation award or sale under threat of condemnation after deducting all expenses, including attorneys' fees, incurred in the collection thereof.

**ARTICLE X**

**10.01 Disclaimer of Warranties.** LESSOR MAKES NO (AND SHALL NOT BE DEEMED TO HAVE MADE ANY) WARRANTIES, EXPRESS OR IMPLIED, RELATED TO THE EQUIPMENT, INCLUDING THE STATE OF TITLE; AND LESSOR HAS EXPRESSLY MADE NO WARRANTY AS TO THE VALUE, DESIGN, CONDITION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR THE ABSENCE OF LATENT OR OTHER DEFECTS OF THE EQUIPMENT AS TO ANY MATTER WHATSOEVER, INCLUDING, WITHOUT LIMITATION, THE DESIGN, OPERATION

OR CONDITION OF, OR THE QUALITY OF THE MATERIAL, PROPERTY OR WORKMANSHIP IN, THE PROPERTY, ITS MERCHANTABILITY OR ITS FITNESS FOR ANY PARTICULAR PURPOSE, IT BEING UNDERSTOOD THAT THE PROPERTY IS LEASED TO LESSEE "AS IS" ON THE DATE OF THIS AGREEMENT OR THE DATE OF DELIVERY, WHICHEVER IS LATER, AND ALL SUCH RISKS, IF ANY, ARE TO BE BORNE BY LESSEE. Lessee acknowledges that it has made (or will make) the selection of the Property from the Supplier based on its own judgment and expressly disclaims any reliance upon any statements or representations made by Lessor. Lessee understands and agrees that (a) neither the Supplier nor any sales representative or other agent of Supplier, is (i) an agent of Lessor, or (ii) authorized to make or alter any term or condition of this Agreement, and (b) no such waiver or alteration shall vary the terms of this Agreement unless expressly set forth herein. In no event shall Lessor be liable for any incidental, indirect, special or consequential damage in connection with or arising out of this Agreement, the Property Schedules, or the existence, furnishing, functioning or use of any item, product or service provided for in this Agreement or the Property Schedules. The Lessee shall be entitled to the benefit of any applicable manufacturer's warranties and rights, including rights and warranties that it may have under the agreement with the Equipment Vendor.

**10.02 Supplier's Warranties.** Lessee's sole remedy for the breach of such warranty, indemnification or representation shall be against the Supplier of the Property, as defined in the Purchase Agreement, and not against Lessor, nor shall such matter have any effect whatsoever on the rights and obligations of Lessor with respect to this Agreement, including the right to receive full and timely payments hereunder. Lessee expressly acknowledges that Lessor makes, and has made, no representations or warranties whatsoever as to the existence or the availability of such warranties of the Supplier of the Property.

**10.03 Use of the Property.** Lessee will not install, use, operate or maintain the Property improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Agreement and the applicable Property Schedule. Lessee shall provide all permits and licenses, if any, necessary for the installation and operation of the Property. In addition, Lessee agrees to comply in all respects with all laws of the jurisdiction in which its operations involving any item of Property may extend and any legislative, executive, administrative or judicial body exercising any power or jurisdiction over the items of the Property. Lessee shall notify Lessor in writing of any pending or threatened investigation, inquiry, claim or action by any governmental authority which could adversely affect this Agreement, any Property Schedule or the Property thereunder.

**10.04 Modifications.** Subject to the provisions of this Section, Lessee shall have the right, at its own expense, to make alterations, additions, modifications or improvements to the Property. All such alterations, additions, (except software memory and any other such items purchased separately from the leased equipment) modifications and improvements shall thereafter comprise part of the Property and shall be subject to the provisions of this Agreement. Such alterations, additions, modifications and improvements shall not in any way damage the Property, substantially alter its nature or cause it to be used for purposes other than those authorized under the provisions of state and federal law; and the Property, on completion of any alterations, additions, modifications or improvements made pursuant to this Section, shall be of a value which is equal to or greater than the value of the Property immediately prior to the making of such alterations, additions, modifications and improvements. Lessee shall, at its own expense, make such alterations, additions, modifications and improvements to the Property as may be required from time to time by applicable law or by any governmental authority.

#### **ARTICLE XI**

**11.01 Extension Terms.** So long as no Default or Event of Default shall have occurred and be continuing and Lessee shall have given Lessor at least ninety (90) days but not more than one hundred eighty (180) days prior written notice (the "Option Notice"), Lessee shall have the following extension options at the expiration of the Lease Term, or any Extension Term, to: (i) renew this Lease on a Monthly basis at the same Rental Payments payable at the expiration of the Lease Term; or (ii) return such Property to Lessor pursuant to, and in the condition required by, the Master Agreement. If Lessee fails to give Lessor the Option Notice, Lessee shall be deemed to have chosen option (i) above. If Lessee fails to deinstall, package, and make the Property available to Lessor at such time agreed upon by Lessee and Lessor, Lessee shall be responsible for the payment of damages in an amount equal to the portion of Rental Payments thereafter coming due that is attributable to the number of days after the agreed upon date of original return during which the Lessee fails to deliver possession.

**11.02 Nature of Transaction; True Lease.** (a) It is the express intent of the parties that all Property Schedules to this Agreement constitute true leases and not sale of Property. Title to the Property shall at all times remain in Lessor, and Lessee shall acquire no ownership, title, property, right, equity, or interest in the Property other than its leasehold interest solely as Lessee subject to all the terms and conditions hereof. To the extent that Article 2A ("Article 2A") of the Uniform Commercial Code ("UCC") applies to the characterization of a Property Schedule, the parties hereby agree that the Property Schedule is a "Finance Lease" as defined therein. Lessee acknowledges: (i) that Lessee has selected the "Supplier" (as defined in the UCC) and has directed Lessor to purchase the Property from the Supplier in connection with this Lease, and (ii) that Lessee has been informed in writing, before Lessee's execution of a Property Schedule, that Lessee is entitled under Article 2A to the promises and warranties, including those of any third party, provided to Lessor by the Supplier in connection with or as part of the Purchase Agreement, and that Lessee may communicate with the Supplier and receive an accurate and complete statement of those promises and warranties, including any disclaimers and limitations of them or of remedies. The filing of UCC financing statements pursuant to Section 7.04 is precautionary and shall not be deemed to have any effect on the characterization of the Property Schedules. NOTWITHSTANDING THE FOREGOING, LESSOR HAS NOT MADE, AND HEREBY DISCLAIMS ANY ADVICE, REPRESENTATIONS, WARRANTIES AND COVENANTS, EITHER EXPRESSED OR IMPLIED, WITH RESPECT TO ANY LEGAL, ECONOMIC, ACCOUNTING, TAX OR OTHER EFFECTS OF THE LEASE AND THE TRANSACTION(S) CONTEMPLATED THEREBY, AND LESSEE HEREBY DISCLAIMS ANY RELIANCE ON ANY SUCH WARRANTIES, STATEMENTS OR REPRESENTATIONS MADE BY LESSOR WITH RESPECT THERETO.

(b) Notwithstanding the express intent of Lessor and Lessee that the Property Schedules constitute a true lease and not a sale of Property, should a court of competent jurisdiction determine that a Property Schedule is not a true lease, but rather one intended as security, then solely in that event and for the expressly limited purposes thereof, Lessee shall be deemed to have hereby granted Lessor a security interest in the Property and all accessions, substitutions and replacements thereto and therefor, and proceeds (cash and non-cash), including, without limitation, insurance proceeds thereof (but without power of sale), to secure the prompt payment and performance as and when due of all obligations and indebtedness of Lessee, now existing or hereafter created, to Lessee pursuant to this Lease or otherwise. In furtherance of the foregoing, Lessee shall execute and deliver to Lessor, to be filed at Lessee's expense, Uniform Commercial Code financing statements, statements of amendment and statements of continuation as reasonably may be required by Lessor to perfect and maintain perfected such security interest.

(c) Personal Property Tax. Unless otherwise directed in writing by Lessor or required by applicable law, Lessee will not list itself as owner of any Property for property tax purposes. Upon receipt by Lessee of any property tax bill pertaining to such Property from the appropriate taxing authority, Lessee will promptly forward such property tax bill to Lessor.

**11.03 Return of Property.** Upon the expiration (subject to Section 11.01 hereof and except as otherwise provided in a Property Schedule) or earlier termination of this Lease due to an Event of Non-Appropriation, Lessee, at its sole expense, shall deinstall, package, and make available the Property to Lessor's carrier. Lessee agrees that the Property, when picked up by Lessor, shall be in the condition required by Section 8.01 hereof. All components of the Property shall contain no damage, excluding normal wear and tear, and must be in working order. In the event title to the Equipment reverts back to Lessor, Lessee, at its own expense will remove all alterations, additions and attachments and repair the Equipment as necessary so as to return the Equipment to the condition in which it was furnished, reasonable wear and tear expected. If Lessee fails to return any Property as required hereunder, then, all of Lessee's obligations under this Master Agreement and the applicable Property Schedule (including, without limitation, Lessee's obligation to pay Rental Payments for such Property at the rental then applicable under the Property Schedule) shall continue in full force and effect until such Property shall have been returned in the condition required hereunder.

#### **ARTICLE XII**

**12.01 Assignment by Lessor.** Lessor's right, title and interest in, to and under each Property Schedule and the Property under such Property Schedule may be assigned and reassigned in whole or in part to one or more assignees or sub-assignees by Lessor and, to the extent of their interest, by any Registered Owner, without the necessity of obtaining the consent of Lessee; provided that (i) any assignment, other than an assignment to or by a Registered Owner, shall not be effective until Lessee has received written notice, signed by the assignor, of the name, address and tax identification number of the assignee, and (ii) any assignment to or by a Registered Owner shall not be effective until it is registered on the registration books kept by the Agent. Lessee shall retain all such notices as a register of all assignees (other than Registered Owners) and shall make all payments to the assignee or assignees designated in such register or, in the case of Registered Owners, to the Agent. In the event that Lessor's interest in a Property Schedule and the Property thereunder is assigned to the Agent, Lease Participation Certificates in that Property Schedule may be executed and delivered by the Agent to Registered Owners. Lessee agrees to execute all documents, including notices of assignment and chattel mortgages or financing statements that may be reasonably requested by Lessor or any assignee to protect its interests in this Agreement and the Property Schedules.

**12.02 Property Schedules Separate Financings.** Assignees of the Lessor's rights in one Property Schedule shall have no rights in any other Property Schedule unless such rights have been separately assigned.

**12.03 Assignment and Subleasing by Lessee.** NONE OF LESSEE'S RIGHT, TITLE AND INTEREST IN, TO AND UNDER THIS AGREEMENT AND IN THE PROPERTY MAY BE ASSIGNED, SUBLEASED OR ENCUMBERED BY LESSEE FOR ANY REASON, WITHOUT THE PRIOR WRITTEN CONSENT OF LESSOR WHICH SHALL NOT BE UNREASONABLY WITHHELD, WHICH SHALL BE DEPENDANT UPON THE CREDIT RATING OF SUCH THIRD PARTY. THE CREDIT RATING MUST BE DEEMED THE SAME OR BETTER THAN THE LESSEE'S CREDIT RATING AT THE INCEPTION OF THE LEASE.

#### **ARTICLE XIII**

**13.01 Events of Default Defined.** Any of the following shall constitute an "Event of Default" under a Property Schedule:

- (a) Failure by Lessee to pay any Rental Payment under the Property Schedule or other payment required to be paid with respect thereto at the time specified therein;
- (b) Failure by Lessee to observe and perform any covenant, condition or agreement on its part to be observed or performed with respect to the Property Schedule, other than as referred to in subparagraph (a) above, for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied is given to Lessee by Lessor, unless Lessor shall agree in writing to an extension of such time prior to its expiration; provided that, if the failure stated in the notice cannot be corrected within the applicable period, Lessor will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by Lessee within the applicable period and diligently pursued until the default is corrected;
- (c) Any statement, representation or warranty made by the Parties in or pursuant to the Property Schedule or its execution, delivery or performance shall proven to have been false, incorrect, misleading or breached in any material respect on the date when made;
- (d) Lessee shall (i) apply for or consent to the appointment of a receiver, trustee, custodian or liquidator of Lessee, or of all or a substantial part of the assets of Lessee, (ii) be unable, fail or admit in writing its inability generally to pay its debts as they become due, (iii) make a general assignment for the benefit of creditors, (iv) have an order for relief entered against it under applicable federal bankruptcy law, or (v) file a voluntary petition in bankruptcy or a petition or an answer seeking reorganization or an arrangement with creditors or taking advantage of any insolvency law or any answer admitting the material allegations of a petition filed against Lessee in any bankruptcy, reorganization or insolvency proceeding; or
- (e) An order, judgment or decree shall be entered by any court of competent jurisdiction, approving a petition or appointing a receiver, trustee, custodian or liquidator of Lessee or of all or a substantial part of the assets of Lessee, in each case without its application, approval or consent, and such order, judgment or decree shall continue unstayed and in effect for any period of 60 consecutive days.

4400006644

Page 2

**Attachment A**  
**(Federal Contract Terms and Conditions)**

- A. **Nondiscrimination** – In performing this contract, CONTRACTOR will not exclude a person from participating in, deny them a benefit of, or discriminate against them because of race, color, religion, national origin, sex, disability, or age. See 42 U.S.C.A. § 2000d *et seq.*; 42 U.S.C.A. § 3601 *et seq.*; 42 U.S.C.A. § 6101 *et seq.*; 29 U.S.C.A § 794; 42 U.S.C.A § 12132; and 49 U.S.C.A. § 5332. The CONTRACTOR also agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, disability or age. See 29 U.S.C.A. § 623; 42 U.S.C.A. § 12101. In addition, the CONTRACTOR agrees to comply with applicable Federal implementing regulations regarding the subject matter of this clause.
- B. **Recycled Products** - CONTRACTOR must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- C. **Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended**—CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations of these standards by the CONTRACTOR must be reported to the U.S. Department of the Treasury and the Regional Office of the Environmental Protection Agency (EPA).
- D. **Debarment and Suspension.** CONTRACTOR certifies, by execution of **Attachment B**, that neither it nor any of its principals are presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- E. **Byrd Anti-Lobbying Amendment.** CONTRACTOR certifies by execution of **Attachment C** that it adheres to the federal restrictions on lobbying using federal funds.
- F. **Termination for Convenience.** This Contract may be terminated in whole or in part by the County in accordance with this clause whenever the Purchasing Agent determines that such a termination is in the best interest of the County. Any such termination will be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance is terminated and the date upon which termination becomes effective. An equitable adjustment in the contract price, as determined by the Purchasing Agent, will be made for completed service, but no amount will be allowed for anticipated profit on unperformed services.
- G. **Termination for Cause**
1. If, through any cause, the Contractor fails to fulfill in a timely and proper manner its obligations under this contract, or if the Contractor violates any of the covenants, agreements, or stipulations of this contract, the County has the right to terminate the contract. Any such termination will be affected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance shall be terminated and the date upon which termination becomes effective. In such event all finished or unfinished documents, data, studies, surveys, drawings, maps, models, and reports prepared by the Contractor under the contract shall, at the option of the County, become its property and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents.

**Attachment A**  
**(Federal Contract Terms and Conditions)**

2. Termination of the Contract for Cause does not relieve the Contractor of liability to the County for damages sustained by the County by virtue of any breach of contract by the Contractor for the purpose of set off until such time as the exact amount of damages due to the County from the Contractor is determined.

H. **Prohibition on certain telecommunications and video surveillance services or equipment.** CONTRACTOR certifies that equipment, services, or systems used in covered telecommunications equipment and provided to the COUNTY is not produced by Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

I. **Equal Employment Opportunity** - During the performance of this contract, CONTRACTOR agrees as follows:

1. CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
3. CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
4. CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
5. CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
6. CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the

administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7. In the event of the CONTRACTOR's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
8. CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. CONTRACTOR will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

**J. Davis–Bacon Act, as amended (40 U.S.C. 3141–3148).**

1. CONTRACTOR must comply with the Davis–Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). CONTRACTOR must pay wages not less than once a week. By executing this Contract, CONTRACTOR accepts the Department of Labor wage determination for this work.
2. CONTRACTOR must comply with the **Copeland “Anti-Kickback” Act** (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). CONTRACTOR is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

- K. Contract Work Hours and Safety Standards Act.** CONTRACTOR agrees to comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act. Specifically, CONTRACTOR must compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. This clause does not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

  - e. 11. **BIDS FOR ALL OR PART**-Unless otherwise specified by the County Purchasing Agent or by the bidder, the Purchasing Agent reserves the right to make award on all items in the aggregate or on any of the items on an individual basis, whichever is in the best interest of the County. A bidder may restrict his or her bid to consideration in the aggregate by so stating but shall name a single unit price on each item bid. Any bid in which the bidder names a total price for all the articles without quoting a unit price for each and every separate item may not be considered for award.
12. **AREA BIDS**-For the purchase and delivery of certain goods and services the County may be divided into Areas (e.g., Areas I, II, III, and IV). When such goods and services are included in the Pricing Schedule, bidders may bid on all areas or an individual area. A map showing the areas of the County will be furnished with the solicitation when required.
13. **TIME FOR RECEIVING BID**-Bids received prior to the time of opening will be securely kept, unopened. The representative of the Purchasing Agent assigned to open them will decide when the specified time has arrived, and no bid received thereafter will be considered, except as provided in paragraph 4, General Conditions and Instructions to Bidders. No responsibility will attach to the Purchasing Agent or his or her representative for the premature opening of a bid not properly addressed and identified. Unless specifically authorized in the solicitation, telegraphic, electronic, or facsimile bids/modifications will not be considered.
14. **BID OPENING**-All bids received in response to an Invitation for Bid (IFB) will be opened at the date, time and place specified, read publicly, and made available for inspection as provided in paragraph 68, General Conditions and Instructions to Bidders. Tabulations of bids received are posted on the Department of Purchasing & Supply Management Bulletin Board as well as the County's web site: <http://www.fairfaxcounty.gov/dpsm/bidtab.htm>. Proposals received in response to a Request for Proposal (RFP) will be made available as provided in paragraph 68, General Conditions and Instructions to Bidders.
15. **OMISSIONS & DISCREPANCIES**-Any items or parts of any equipment listed in this solicitation which are not fully described or are omitted from such specification, and which are clearly necessary for the completion of such equipment and its appurtenances, shall be considered a part of such equipment although not directly specified or called for in the specifications.

Should a bidder find discrepancies or ambiguities in, or omissions from, the solicitation, including the drawings and/or specifications, he or she shall notify the Purchasing Agent at least five (5) days prior to the date set for the opening of bids. If necessary, the Purchasing Agent will send a written addendum for clarification to all bidders no later than three (3) days before the date set for opening of bids. Notifications regarding specifications will not be considered if received within five days of the date set for opening of bids.
16. **RESPONSE TO SOLICITATIONS**-In the event a vendor cannot submit a bid on a solicitation, he or she is requested to return the solicitation cover sheet with an explanation as to why he or she is unable to bid on these requirements.

**General Conditions and Instructions to Bidders**

**17. BIDDER INTERESTED IN MORE THAN ONE BID-**If more than one bid is offered by any one party, either directly or by or in the name of his or her clerk, partner, or other persons, all such bids may be rejected. A party who has quoted prices on work, materials, or supplies to a bidder is not thereby disqualified from quoting prices to other bidders or firms submitting a bid directly for the work, materials or supplies.

**18. TAX EXEMPTION-**The County is exempt from the payment of any federal excise or any Virginia sales tax. The price bid must be net, exclusive of taxes. However, when under established trade practice any federal excise tax is included in the list price, a bidder may quote the list price and shall show separately the amount of federal tax, either as a flat sum or as a percentage of the list price, which shall be deducted by the County. Fairfax County's Federal Excise Tax Exemption Number is 54-74-0127K. Contractors located outside the Commonwealth of Virginia are advised that when materials are picked up by the County at their place of business, they may charge and collect their own local/state sales tax. Materials used in the performance of construction contracts are subject to Virginia Sales/Use Tax as described in Section 630-10-27J of the Virginia Retail Sales and Use Tax Regulations.

**19. PROHIBITION AGAINST UNIFORM PRICING-**The County Purchasing Agent shall encourage open and competitive bidding by all possible means and shall endeavor to obtain the maximum degree of open competition on all purchase transactions using the competitive sealed bidding, competitive negotiation, or open market methods of procurement. In submitting a bid each bidder shall, by virtue of submitting a bid, guarantee that he or she has not been a party with other bidders to an agreement to bid a fixed or uniform price. Violation of this implied guarantee shall render void the bids of participating bidders. Any disclosure to or acquisition by a competitive bidder, in advance of the opening of the bids, of the terms or conditions of the bid submitted by another competitor may render the entire proceedings void and may require re-advertising for bids.

**SPECIFICATIONS**

**20. QUESTIONS CONCERNING SPECIFICATIONS-**Any information relative to interpretation of specifications and drawings shall be requested of the Purchasing Agent, in writing, in ample time before the opening of bids. No inquiries, if received by the Purchasing Agent within five (5) days of the date set for the opening of bids, will be given any consideration. Any material interpretation of a specification, as determined by the County Purchasing Agent, will be expressed in the form of an addendum to the specification which will be sent to all prospective bidders no later than three (3) days before the date set for receipt of bids. Oral answers will not be authoritative.

**21. BRAND NAME OR EQUAL ITEMS-**Unless otherwise provided in the invitation for bid, the name of a certain brand, make or manufacturer does not restrict bidders to the specific brand, make or manufacturer named; it conveys the general style, type, character, and quality of the article desired, and any article which the County in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.

**22. FORMAL SPECIFICATIONS-**When a solicitation contains a specification which states no substitutes, no deviation therefrom will be permitted and the bidder will be required to furnish articles in conformity with that specification.

The bidder shall abide by and comply with the true intent of the specifications and not take advantage of any unintentional error or omission, but shall fully complete every part as the true intent and meaning of the specifications and drawings. Whenever the mention is made of any articles, material, or workmanship to be in accordance with laws, ordinances, building codes, underwriter's codes, A.S.T.M. regulations or similar expressions, the requirements of these laws, ordinances, etc., shall be construed as to the minimum requirements of these specifications.

**23. FEDERAL SPECIFICATIONS-**Any Federal Specifications referred to herein may be obtained from the GSA Federal Supply Service Bureau - Specification Section, 470 East L'Enfant Plaza, S.W., Suite #8100, Washington, D.C. 20407 (Voice: 1-202-619-8925, Fax: 1-202-619-8978).

**AWARD**

**24. AWARD OR REJECTION OF BIDS-**The Purchasing Agent shall award the contract to the lowest responsive and responsible bidder complying with all provisions of the IFB, provided the bid price is reasonable and it is in the best interest of the County to accept it. Awards made in response to a RFP will be made to the highest qualified offeror whose proposal is determined, in writing, to be the most advantageous to the County taking into consideration the evaluation factors set forth in the RFP. The Purchasing Agent reserves the right to award a contract by individual items, in the aggregate, or in combination thereof, or to reject any or all bids and to waive any informality in bids received whenever such rejection or waiver is in the best interest of the County. Award may be made to as many bidders as deemed necessary to fulfill the anticipated requirements of Fairfax County. The Purchasing Agent also reserves the right to reject the bid of a bidder deemed to be a non-responsible bidder.

In determining the responsibility of a bidder, the following criteria will be considered:

- a. The ability, capacity and skill of the bidder to perform the contract or provide the service required;
- b. Whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference;
- c. The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- d. The quality of performance of previous contracts or services;
- e. The previous and existing compliance by the bidder with laws and ordinances relating to the contract or services;
- f. The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service;
- g. The quality, availability and adaptability of the goods or services to the particular use required;
- h. The ability of the bidder to provide future maintenance and service for the use of the subject of the contract;
- i. The number and scope of the conditions attached to the bid;

**General Conditions and Instructions to Bidders**

- j. Whether the bidder is in arrears to the County on debt or contract or is a defaulter on surety to the County or whether the bidder's County taxes or assessments are delinquent; and
- k. Such other information as may be secured by the County Purchasing Agent having a bearing on the decision to award the contract. If an apparent low bidder is not awarded a contract for reasons of nonresponsibility, the County Purchasing Agent shall so notify that bidder and shall have recorded the reasons in the contract file.

**25. NOTICE OF ACCEPTANCE/CONTRACT DOCUMENTS-**A written award (or Acceptance Agreement) mailed (or otherwise furnished) to the successful bidder within the time for acceptance specified in the solicitation shall be deemed to result in a binding contract. The following documents which are included in the solicitation shall be incorporated by reference in the resulting contract and become a part of said contract:

- a. County of Fairfax Solicitation Form/Acceptance Agreement (Cover Sheet) and other documents which may be incorporated by reference, if applicable,
- b. General Conditions and Instructions to Bidders,
- c. Special Provisions and Specifications,
- d. Pricing Schedule,
- e. Any Addenda/Amendments/Memoranda of Negotiations

**26. TIE-BIDS** – If all bids are for the same total amount or unit price (including authorized discounts and delivery times), and if the public interest will not permit the delay of readvertisement for bids, the County Purchasing Agent is authorized to award the contract to the resident Fairfax County tie bidder whose firm has its principal place of business in the County, or if there be none, to the resident Virginia tie bidder, or if there be none, to one of the tie bidders by drawing lots in public; or the County Purchasing Agent may purchase the goods or services in the open market except that the price paid shall not exceed the lowest contract bid price submitted for the same goods or services. The decision of the County to make award to one or more such bidders shall be final.

**27. PROMPT PAYMENT DISCOUNT-**

- a. Unless otherwise specified in the solicitation, prompt payment discounts requiring payment in less than fifteen (15) days will not be considered in evaluating a bid for award. However, even though not considered in the evaluation, such discounts will be taken if payment is to be made within the discount period.
- b. In connection with any discount offered, time will be computed from the date of delivery of the supplies to the carrier when delivery, inspection and acceptance are at the point of origin; or, from date of delivery, inspection and acceptance at destination; or, from date correct invoice or voucher is received in the office specified by the County, if the latter is later than the date of acceptance. In the event the bidder does not indicate a prompt payment discount, it shall be construed to mean NET 30 days.

For the purpose of earning the discount, payment is deemed to be made as of the date of mailing of the County check or issuance of an Electronic Funds Transfer.

**28. INSPECTION-ACCEPTANCE-**For determining acceptance of supplies in accordance with the provisions of the prompt payment discount paragraph, inspection and acceptance shall be accomplished only after examination (including testing) of supplies and services to determine whether the supplies and services conform to the contract requirements. Acceptance shall occur only after receipt and inspection provided such inspection, as appropriate, is accomplished within a reasonable time.

**29. DEFINITE BID QUANTITIES-**Where definite quantities are specifically stated, acceptance will bind the County to order quantities specified and to pay for, at contract prices, all such supplies or services delivered that meet specifications and conditions of the contract. However, the County will not be required to accept delivery of any balances unordered, as of the contract expiration date, unless the Contractor furnished the Purchasing Agent with a statement of unordered balances not later than ten (10) days after the termination date of the contract.

**30. REQUIREMENT BID QUANTITIES-**On "Requirement" bids, acceptance will bind the County to pay for, at unit bid prices, only quantities ordered and delivered. Where the County specifies estimated quantities, the Contractor shall not be required to deliver more than ten (10) percent in excess of the estimated quantity of each item, unless otherwise agreed upon.

**CONTRACT PROVISIONS**

**31. TERMINATION OF CONTRACTS-**Contracts will remain in force for full periods specified and/or until all articles ordered before date of termination shall have been satisfactorily delivered and accepted and thereafter until all requirements and conditions shall have been met, unless:

- a. Terminated prior to expiration date by satisfactory deliveries of entire contract requirements, or upon termination by the County for Convenience or Cause.
- b. Extended upon written authorization of the Purchasing Agent and accepted by Contractor, to permit ordering of unordered balances or additional quantities at contract prices and in accordance with contract terms.

**32. TERMINATION FOR CONVENIENCE-**A contract may be terminated in whole or in part by the County in accordance with this clause whenever the County Purchasing Agent shall determine that such a termination is in the best interest of the County. Any such termination shall be effected by delivery to the Contractor at least five (5) working days prior to the termination date of a Notice of Termination specifying the extent to which performance shall be terminated and the date upon which termination becomes effective. An equitable adjustment in the contract price shall be made for completed service, but no amount shall be allowed for anticipated profit on unperformed services.

**General Conditions and Instructions to Bidders****33. TERMINATION OF CONTRACT FOR CAUSE-**

- a. If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner his or her obligations under this contract, or if the Contractor violates any of the covenants, agreements, or stipulations of this contract, in addition to the County's remedies under the contract and all other rights available at law or in equity, the County shall have the right to immediately terminate this contract. Such termination shall be effected by delivering a notice of termination to the Contractor at any time specifying the effective date of such termination. In such event all finished or unfinished documents, data, studies, surveys, drawings, maps, models, and reports prepared by the Contractor under the contract shall, at the option of the County, become its property and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents.
- b. Notwithstanding the above, the Contractor shall not be relieved of liability to the County for damages sustained by the County by virtue of any breach of contract by the Contractor for the purpose of set off until such time as the exact amount of damages due to the County from the Contractor is determined.

**34. CONTRACT ALTERATIONS-**No alterations in the terms of a contract shall be valid or binding upon the County unless made in writing and signed by the Purchasing Agent or his or her authorized agent.

**35. SUBLETTING OF CONTRACT OR ASSIGNMENT OF CONTRACT FUNDS-**It is mutually understood and agreed that the Contractor shall not assign, transfer, convey, sublet or otherwise dispose of his or her contractual duties to any other person, firm or corporation, without the previous written consent of the Purchasing Agent. If the Contractor desires to assign his or her right to payment of the contract, Contractor shall notify the Purchasing Agent immediately, in writing, of such assignment of right to payment. In no case shall such assignment of contract relieve the Contractor from his or her obligations or change the terms of the contract.

**36. FUNDING-**A contract shall be deemed binding only to the extent of appropriations available to each Agency for the purchase of goods and services.

**37. DELIVERY/SERVICE FAILURES-**Failure of a Contractor to deliver goods or services within the time specified, or within reasonable time as interpreted by the Purchasing Agent, or failure to make replacements/corrections of rejected articles/services when so requested, immediately or as directed by the Purchasing Agent, shall constitute authority for the Purchasing Agent to purchase in the open market articles/services of comparable grade/quality to replace the services, articles rejected, and/or not delivered. On all such purchases, the Contractor shall reimburse the County, within a reasonable time specified by the Purchasing Agent, for any expense incurred in excess of contract prices. Such purchases shall be deducted from the contract quantities if applicable. Should public necessity demand it, the County reserves the right to use or consume articles delivered or services performed which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Agent.

**38. NON-LIABILITY-**The Contractor shall not be liable in damages for delay in shipment or failure to deliver when such delay or failure is the result of fire, flood, strike, the transportation carrier, act of God, act of Government, act of an alien enemy or by any other circumstances which, in the Purchasing Agent's opinion, are beyond the control of the Contractor. Under such circumstances, however, the Purchasing Agent may, at his or her discretion, cancel the contract.

**39. NEW GOODS, FRESH STOCK-**All Contractors, unless otherwise specifically stated, shall provide new commodities, fresh stock, latest model, design or pack.

**40. NON-DISCRIMINATION-**During the performance of this contract, the Contractor agrees as follows:

- a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.
- b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such Contractor is an equal opportunity employer.
- c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.
- d. The Contractor will include the provisions of the foregoing paragraphs a, b, and c above in every subcontract or purchase order of over \$10,000 so that the provisions will be binding upon each subcontractor or vendor.
- e. Contractor and Subcontractor hereunder shall, throughout the term of this contract, comply with the Human Rights Ordinance, Chapter 11 of the Code of the County of Fairfax, Virginia, as reenacted or amended.

**43. PRICE REDUCTION**-If at any time after the date of the bid the Contractor makes a general price reduction in the comparable price of any material covered by the contract to customers generally, an equivalent price reduction based on similar quantities and/or considerations shall apply to this contract for the duration of the contract period (or until the price is further reduced). Such price reduction shall be effective at the same time and in the same manner as the reduction in the price to customers generally. For purpose of this provision, a "general price reduction" shall mean any horizontal reduction in the price of an article or service offered (1) to Contractor's customers generally, or (2) in the Contractor's price schedule for the class of customers, i.e., wholesalers, jobbers, retailers, etc., which was used as the basis for bidding on this solicitation. An occasional sale at a lower price, or sale of distressed merchandise at a lower price, would not be considered a "general price reduction" under this provision. The Contractor shall submit his or her invoice at such reduced prices indicating on the invoice that the reduction is pursuant to the "Price Reduction" provision of the contract documents. The Contractor in addition will within ten days of any general price reduction notify the Purchasing Agent of such reduction by letter. FAILURE TO DO SO MAY REQUIRE TERMINATION OF THE CONTRACT. Upon receipt of any such notice of a general price reduction, all ordering offices will be duly notified by the Purchasing Agent.

The Contractor, if requested, shall furnish, within ten days after the end of the contract period, a statement certifying either (1) that no general price reduction, as defined above, was made after the date of the bid, or (2) if any such general price reductions were made, that as provided above, they were reported to the Purchasing Agent within ten (10) days and ordering offices were billed at the reduced prices. Where one or more such general price reductions were made, the statement furnished by the Contractor shall include with respect to each price reduction (1) the date when notice of any such reduction was issued, (2) the effective date of the reduction, and (3) the date when the Purchasing Agent was notified of any such reduction.

**44. CHANGES**-Should it become proper or necessary in the execution of this contract to make any change in design, or to make any alterations which will increase the expense, the Purchasing Agent shall determine an equitable adjustment. No payment shall be made to the Contractor for any extra material or services, or of any greater amount of money than stipulated to be paid in the contract, unless some changes in or additions to the contract requiring additional outlay by the Contractor shall first have been expressly authorized and ordered in writing by contract amendment or otherwise furnished by the Purchasing Agent.

**45. PLACING OF ORDERS**-Orders against contracts will be placed with the Contractor on a Purchase Order (or Procurement Card) executed and released by the Purchasing Agent or his or her designee. The Purchase Order must bear the appropriate contract number and date. Where Blanket Purchase Agreements (BPAs) have been executed and a Blanket Purchase Order has been released by the Purchasing Agent, telephonic orders may be placed directly with the Contractor by authorized personnel in the ordering Agency.

**DELIVERY PROVISIONS**

**46. SHIPPING INSTRUCTIONS - CONSIGNMENT**-Unless otherwise specified in the solicitation each case, crate, barrel, package, etc., delivered under the contract must be plainly stenciled or securely tagged, stating the Contractor's name, purchase order number, and delivery address as indicated in the order. Deliveries must be made within the hours of 8:00 AM - 3:00 PM. Deliveries at any other time will not be accepted unless specific arrangements have been previously made with the receiver at the delivery point. **47. RESPONSIBILITY FOR SUPPLIES TENDERED**-Unless otherwise specified in the solicitation, the Contractor shall be responsible for the materials or supplies covered by the contract until they are delivered at the designated point, but the Contractor shall bear all risk on rejected materials or supplies after notice of rejection. Rejected materials or supplies must be removed by and at the expense of the Contractor promptly after notification of rejection, unless public health and safety require immediate destruction or other disposal of rejected delivery. If rejected materials are not removed by the Contractor within ten (10) days after date of notification, the County may return the rejected materials or supplies to the Contractor at his or her risk and expense or dispose of them as its own property.

**48. INSPECTIONS**-Inspection and acceptance of materials or supplies will be made after delivery at destinations herein specified unless otherwise stated. If inspection is made after delivery at destination herein specified, the County will bear the expense of inspection except for the value of samples used in case of rejection. Final inspection shall be conclusive except in regard to latent defects, fraud or such gross mistakes as to amount to fraud. Final inspection and acceptance or rejection of the materials or supplies will be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the County for such materials or supplies as are not in accordance with the specifications.

**49. COMPLIANCE**-Delivery must be made as ordered and in accordance with the solicitation or as directed by the Purchasing Agent when not in conflict with the bid. The decision of the Purchasing Agent as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of goods by the purchaser shall rest with the Contractor. Any request for extension of time of delivery from that specified must be approved by the Purchasing Agent, such extension applying only to the particular item or shipment affected. Should the Contractor be delayed by the County, there shall be added to the time of completion a time equal to the period of such delay caused by the County. However, the contractor shall not be entitled to claim damages or extra compensation for such delay or suspension. These conditions may vary for construction contracts. See Special Provisions for the individual solicitation.

**50. POINT OF DESTINATION**-All materials shipped to the County must be shipped F.O.B. DESTINATION unless otherwise stated in the contract or purchase order. The materials must be delivered to the "Ship to" address indicated on the purchase order.

In such cases, difference between freight or mail and express charges may be added to invoice.

**52. METHOD AND CONTAINERS**-Unless otherwise specified, goods shall be delivered in commercial packages in standard commercial containers, so constructed as to ensure acceptance by common or other carrier for safe transportation to the point of delivery. Containers become the property of the County unless otherwise specified by bidder.

**53. WEIGHT CHECKING**-Deliveries shall be subject to re-weighing over official sealed scales designated by the County. Payments shall be made on the basis of net weight of materials delivered. Normal shrinkage may be allowed in such instances where shrinkage is possible. Net weights only, exclusive of containers or wrapping, shall be paid for by the County.

**54. DEMURRAGE AND RE-SPOTTING**-The County will be responsible for demurrage charges only when such charges accrue because of the County's negligence in unloading the materials. The County will pay railroad charges due to the re-spotting of cars, only when such re-spotting is ordered by the County.

**55. REPLACEMENT**-Materials or components that have been rejected by the Purchasing Agent, in accordance with the terms of a contract, shall be replaced by the Contractor at no cost to the County.

Invoices should be mailed to the "BILL TO" address on the PO or to the appropriate address specified in the contract.

**PAYMENTS**

**58. PAYMENT**-Payment shall be made after satisfactory performance of the contract, in accordance with all of the provisions thereof, and upon receipt of a properly completed invoice. Fairfax County reserves the right to withhold any or all payments or portions thereof for Contractor's failure to perform in accordance with the provision of the contract or any modifications thereto.

**59. PARTIAL PAYMENTS**-Unless otherwise specified, partial payments will be made upon acceptance of materials or services so invoiced if in accordance with completion date. However, up to 5 percent (5%) of the value of the entire order may be retained until completion of contract.

**60. PAYMENT FOR EQUIPMENT, INSTALLATION, AND TESTING**-When equipment requires installation (which shall also be interpreted to mean erection and/or setting up or placing in position, service, or use) and test, and where such installation or testing is delayed, payment may be made on the basis of 50% of the contract price when such equipment is delivered on the site. A further allowance of 25% may be made when the equipment is installed and ready for test. The balance shall be paid after the equipment is tested and found to be satisfactory. If the equipment must be tested, but installation is not required to be made by the Contractor or if the equipment must be installed but testing is not required, payment may be made on the basis of 75% at the time of delivery and the balance shall be paid after satisfactory test or installation is completed.

The Inspector is not authorized to revoke, alter, enlarge, relax, or release any of the requirements of the contract documents. Any omission or failure on the part of the Inspector to disapprove or reject any work or material shall not be construed to be an acceptance of any such defective work or material. Notification of an omission or failure will be documented by the Purchasing Agent.

**63. INDEMNIFICATION**-Contractor shall indemnify, keep and save harmless the County, its agents, officials, employees and volunteers against claims of injuries, death, damage to property, theft, patent claims, suits, liabilities, judgments, cost and expenses which may otherwise accrue against the County in consequence of the granting of a contract or which may otherwise result therefrom, if it shall be determined that the act was caused through negligence or error, or omission of the Contractor or his or her employees, or that of the subcontractor or his or her employees, if any; and the Contractor shall, at his or her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith; and if any judgment shall be rendered against the County in any such action, the Contractor shall, at his or her own expense, satisfy and discharge the same. - b. Whenever there is reason to believe that a financial benefit of the sort described in paragraph "a" has been or will be received in connection with a bid, proposal or contract, and that the contractor has failed to disclose such benefit or has inadequately disclosed it, the County Executive, as a prerequisite to payment pursuant to the contract, or at any other time, may require the Contractor to furnish, under oath, answers to any interrogatories related to such possible benefit.

**70. APPEAL OF DENIAL OF WITHDRAWAL OF BID-**

- a. A decision denying withdrawal of a bid submitted by a bidder or offeror shall be final and conclusive unless the bidder appeals the decision within ten (10) days after receipt of the decision by instituting legal action as provided in the Code of Virginia. The bidder or offeror may not institute legal action until all statutory requirements have been met.
- b. Such security shall be released only upon a final determination that the bidder was entitled to withdraw the bid.
- c. If, upon appeal, it is determined that the decision refusing withdrawal of the bid was arbitrary or capricious, the sole relief shall be withdrawal of the bid.

**71. APPEAL OF DETERMINATION OF NONRESPONSIBILITY-**

- a. Any bidder who, despite being the apparent low bidder, is determined not to be a responsible bidder for a particular County contract shall be notified in writing by the County Purchasing Agent. Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within ten (10) days of receipt of the notice by instituting legal action as provided in the Code of Virginia. The bidder may not institute legal action until all statutory requirements have been met.

**General Conditions and Instructions to Bidders**

- b. If, upon appeal, it is determined that the decision of the County Purchasing Agent was arbitrary or capricious and the award for the particular County contract in question has not been made, the sole relief available to the bidder shall be a finding that the bidder is a responsible bidder for the County contract in question. Where the award has been made and performance has begun, the County may declare the contract void upon a finding that this action is in the best interest of the public. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.

**72. PROTEST OF AWARD OR DECISION TO AWARD-**

- a. Any bidder or offeror may protest the award or decision to award a contract by submitting a protest in writing to the County Purchasing Agent, or an official designated by the County of Fairfax, no later than ten (10) days after the award or the announcement of the decision to award, whichever occurs first. Any potential bidder or offeror on a contract negotiated on a sole source or emergency basis who desires to protest the award or decision to award such contract shall submit such protest in the same manner no later than ten days after posting or publication of the notice of such contract as provided in Article 3, Section 4, of the Fairfax County Purchasing Resolution. However, if the protest of any actual or potential bidder or offeror depends in whole or in part upon information contained in public records pertaining to the procurement transaction which are subject to inspection under Article 2, Section 4d of the Fairfax County Purchasing Resolution, then the time within which the protest must be submitted shall expire ten days after those records are available for inspection by such bidder or offeror under Article 2, Section 4d, or at such later time as provided herein. No protest shall lie for a claim that the selected bidder or offeror is not a responsible bidder or offeror. The written protest shall include the basis for the protest and the relief sought. The County Purchasing Agent shall issue a decision in writing within ten (10) days of the receipt of the protest stating the reasons for the action taken. This decision shall be final unless the bidder or offeror appeals within ten (10) days of receipt of the written decision by instituting legal action as provided in the Code of Virginia.
- b. If prior to award it is determined that the decision to award is arbitrary or capricious, then the sole relief shall be a finding to that effect. The County Purchasing Agent shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was arbitrary or capricious, then the sole relief shall be as hereinafter provided. Where the award has been made but performance has not begun, the performance of the contract may be declared void by the County. Where the award has been made and performance has begun, the County Purchasing Agent may declare the contract void upon a finding that this action is in the best interest of the County. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance at the rate specified in the contract up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.
- c. Pending final determination of a protest or appeal, the validity of a contract awarded and accepted in good faith in accordance with this article shall not be affected by the fact that a protest or appeal has been filed.
- d. An award need not be delayed for the period allowed a bidder or offeror to protest, but in the event of a timely protest, no further action to award the contract will be taken unless there is a written determination that proceeding without delay is necessary to protect the public interest or unless the bid or offer would expire.

**73. CONTRACTUAL DISPUTES-**

- a. Any dispute concerning a question of fact as a result of a contract with the County which is not disposed of by agreement shall be decided by the County Purchasing Agent, who shall reduce his decision to writing and mail or otherwise forward a copy to the contractor within ninety (90) days. The decision of the County Purchasing Agent shall be final and conclusive unless the contractor appeals within six (6) months of the date of the final written decision by instituting legal action as provided in the Code of Virginia. A contractor may not institute legal action, prior to receipt of the County Purchasing Agent's decision on the claim, unless the County Purchasing Agent fails to render such decision within the time specified.
- b. Contractual claims, whether for money or other relief, shall be submitted in writing no later than sixty days after final payment; however, written notice of the contractor's intention to file such claim shall have been given at the time of the occurrence or beginning of the work upon which the claim is based. Nothing herein shall preclude a contract from requiring submission of an invoice for final payment within a certain time after completion and acceptance of the work or acceptance of the goods. Pendency of claims shall not delay payment of amounts agreed due in the final payment.

Except for contracts for professional services, a public body may purchase from another public body's contract even if it did not participate in the request for proposal (RFP) or invitation for bid (IFB), if the RFP or IFB specified that the procurement was being conducted on behalf of other public bodies. Nothing herein shall prohibit the assessment or payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

**SUPPLIER QUALIFICATIONS AND SUPPLIER INFORMATION****COMMITMENTS**

U.S. Communities views the relationship with an awarded Supplier as an opportunity to provide maximum benefit to both the Participating Public Agencies and to the Supplier.

The successful foundation of the partnership requires commitments from both U.S. Communities and the Supplier. U.S. Communities requires the Supplier to make the four commitments set forth below (Corporate, Pricing, Economy, Sales) to ensure that Supplier is providing the highest level of public benefit to Participating Public Agencies:

(a) **Corporate Commitment.**

(i) The pricing, terms and conditions of the Master Agreement shall, at all times, be Supplier's primary contractual offering of Products and Services to Public Agencies. All of Supplier's direct and indirect marketing and sales efforts to Public Agencies shall demonstrate that the Master Agreement is Supplier's primary offering and not just one of Supplier's contract options.

(ii) Supplier's sales force (including inside, direct and/or authorized dealers, distributors and representatives) shall always present the Master Agreement when marketing Products or Services to Public Agencies.

(iii) Supplier shall advise all Public Agencies that are existing customers of Supplier as to the pricing and other value offered through the Master Agreement.

(iv) Upon authorization by a Public Agency, Supplier shall transition such Public Agency to the pricing, terms and conditions of the Master Agreement.

(v) Supplier shall ensure that the U.S. Communities program and the Master Agreement are actively supported by Supplier's senior executive management.

(vi) Supplier shall provide a national/senior management level representative with the authority and responsibility to ensure that the Supplier's Commitments are maintained at all times. Supplier shall also designate a lead referral contact person who shall be responsible for receiving communications from U.S. Communities concerning new Participating Public Agency registrations and for ensuring timely follow-up by Supplier's staff to requests for contact from Participating Public Agencies. Supplier shall also provide the personnel necessary to implement and support a supplier-based internet web page dedicated to Supplier's U.S. Communities program and linked to U.S. Communities' website and shall implement and support such web page.

(vii) Supplier shall demonstrate in its procurement solicitation response and throughout the term of the Master Agreement that national/senior management fully supports the U.S. Communities program and its commitments and requirements. National/Senior management is defined as the executive(s) with companywide authority.

(viii) Where Supplier has an existing contract for Products and Services with a state, Supplier shall notify the state of the Master Agreement and transition the state to the pricing, terms and conditions of the Master Agreement upon the state's request. Regardless of whether the state decides to transition to the Master Agreement, Supplier shall primarily offer the Master Agreement to all Public Agencies located within the state.

**SUPPLIER QUALIFICATIONS AND SUPPLIER INFORMATION****(b) Pricing Commitment.**

(i) Supplier represents to U.S. Communities that the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier's pricing shall be evaluated on either an overall project basis or the Public Agency's actual usage for more frequently purchased Products and Services.

(ii) Contracts Offering Lower Prices. If a pre-existing contract and/or a Public Agency's unique buying pattern provide one or more Public Agencies a lower price than that offered under the Master Agreement, Supplier shall match that lower pricing under the Master Agreement and inform the eligible Public Agencies that the lower pricing is available under the Master Agreement. If an eligible Public Agency requests to be transitioned to the Master Agreement, Supplier shall do so and report the Public Agency's purchases made under the Master Agreement going forward. The price match only applies to the eligible Public Agencies. Below are three examples of Supplier's obligation to match the pricing under Supplier's contracts offering lower prices.

(A) Supplier holds a state contract with lower pricing that is available to all Public Agencies within the state. Supplier would be required to match the lower state pricing under the Master Agreement and make it available to all Public Agencies within the state.

(B) Supplier holds a regional cooperative contract with lower pricing that is available only to the ten cooperative members. Supplier would be required to match the lower cooperative pricing under the Master Agreement and make it available to the ten cooperative members.

(C) Supplier holds a contract with an individual Public Agency. The Public Agency contract does not contain any cooperative language and therefore other Public Agencies are not eligible to utilize the contract. Supplier would be required to match the lower pricing under the Master Agreement and make it available only to the individual Public Agency.

(iii) Deviating Buying Patterns. Occasionally U.S. Communities and Supplier may interact with a Public Agency that has a buying pattern or terms and conditions that considerably deviate from the normal Public Agency buying pattern and terms and conditions, and causes Supplier's pricing under the Master Agreement to be higher than an alternative contract held by Supplier. This could be created by a unique end-user preference or requirements. In the event that this situation occurs, Supplier may address the issue by lowering the price under the Master Agreement on the item(s) causing the large deviation for that Public Agency. Supplier would not be required to lower the price for other Public Agencies.

(iv) Supplier's Options in Responding to a Third Party Procurement Solicitation. While it is the objective of U.S. Communities to encourage Public Agencies to piggyback on to the Master Agreement rather than issue their own procurement solicitations, U.S. Communities recognizes that for various reasons some Public Agencies will issue their own solicitations. The following options are available to Supplier when responding to a Public Agency solicitation:

(A) Supplier may opt not to respond to the procurement solicitation. Supplier may make the Master Agreement available to the Public Agency as a comparison to its solicitation responses.

**SUPPLIER QUALIFICATIONS AND SUPPLIER INFORMATION**

(B) Supplier may respond with the pricing, terms and conditions of the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement.

(C) If competitive conditions require pricing lower than the standard Master Agreement pricing, Supplier may submit lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement. Supplier would not be required to extend the lower price to other Public Agencies.

(D) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement. If awarded a contract, Supplier shall still be bound by all obligations set forth in this Section 3.3, including, without limitation, the requirement to continue to advise the awarding Public Agency of the pricing, terms and conditions of the Master Agreement.

(E) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement and if an alternative response is permitted, Supplier may offer the pricing under the Master Agreement as an alternative for consideration.

(c) **Economy Commitment.** Supplier shall demonstrate the benefits, including the pricing advantage, of the Master Agreement over alternative options, including competitive solicitation pricing and shall proactively offer the terms and pricing under the Master Agreement to Public Agencies as a more effective alternative to the cost and time associated with such alternate bids and solicitations.

(d) **Sales Commitment.** Supplier shall market the Master Agreement through Supplier's sales force or dealer network that is properly trained, engaged and committed to offering the Master Agreement as Supplier's primary offering to Public Agencies. Supplier's sales force compensation and incentives shall be greater than or equal to the compensation and incentives earned under other contracts to Public Agencies.

(i) **Supplier Sales.** Supplier shall be responsible for proactive direct sales of Supplier's Products and Services to Public Agencies and the timely follow-up to sales leads identified by U.S. Communities. Use of product catalogs, targeted advertising, direct mail and other sales initiatives are encouraged. All of Supplier's sales materials targeted towards Public Agencies shall include the U.S. Communities logo. 1.2 U.S. Communities shall be afforded all of the rights, privileges and indemnifications afforded to Lead Public Agency under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to U.S. Communities under this Agreement including, without limitation, Supplier's obligation to provide insurance and certain indemnifications to Lead Public Agency.

**ARTICLE III****REPRESENTATIONS AND COVENANTS**

3.1 U.S. Communities views the relationship with Supplier as an opportunity to provide benefits to both Public Agencies and Supplier. The successful foundation of the relationship requires certain representations and covenants from both U.S. Communities and Supplier.

3.2 U.S. Communities' Representations and Covenants.

(a) Marketing. U.S. Communities shall proactively market the Master Agreement to Public Agencies using resources such as a network of major sponsors including the National League of Cities (NLC), National Association of Counties (NACo), United States Conference of Mayors (USCM), and the Association of School Business Officials (ASBO) (collectively, the "Founding Co-Sponsors") and individual state-level sponsors. In addition, the U.S. Communities staff shall enhance Supplier's marketing efforts through meetings with Public Agencies, participation in key events and tradeshow and by providing online tools to Supplier's sales force.

(b) Training and Knowledge Management Support. U.S. Communities shall provide support for the education, training and engagement of Supplier's sales force as provided

**ADMINISTRATION AGREEMENT**

herein. Through its staff (each, a “Program Manager” and collectively, the “Program Managers”), U.S. Communities shall conduct training sessions with Supplier and shall conduct calls jointly with Supplier to Public Agencies. U.S. Communities shall also provide Supplier with access to U.S. Communities’ private intranet website which provides presentations, documents and information to assist Supplier’s sales force in effectively promoting the Master Agreement.

3.3 Supplier’s Representations and Covenants. Supplier hereby represents and covenants as follows in order to ensure that Supplier is providing the highest level of public benefit to Participating Public Agencies (such representations and covenants are sometimes referred to as “Supplier’s Commitments” and are comprised of the Corporate Commitment, Pricing Commitment, Economy Commitment and Sales Commitment):

(a) **Corporate Commitment.**

(i) The pricing, terms and conditions of the Master Agreement shall, at all times, be Supplier’s primary contractual offering of Products and Services to Public Agencies. All of Supplier’s direct and indirect marketing and sales efforts to Public Agencies shall demonstrate that the Master Agreement is Supplier’s primary offering and not just one of Supplier’s contract options.

(ii) Supplier’s sales force (including inside, direct and/or authorized dealers, distributors and representatives) shall always present the Master Agreement when marketing Products or Services to Public Agencies.

(iii) Supplier shall advise all Public Agencies that are existing customers of Supplier as to the pricing and other value offered through the Master Agreement.

(iv) Upon authorization by a Public Agency, Supplier shall transition such Public Agency to the pricing, terms and conditions of the Master Agreement.

(v) Supplier shall ensure that the U.S. Communities program and the Master Agreement are actively supported by Supplier’s senior executive management.

(vi) Supplier shall provide a national/senior management level representative with the authority and responsibility to ensure that the Supplier’s Commitments are maintained at all times. Supplier shall also designate a lead referral contact person who shall be responsible for receiving communications from U.S. Communities concerning new Participating Public Agency registrations and for ensuring timely follow-up by Supplier’s staff to requests for contact from Participating Public Agencies. Supplier shall also provide the personnel necessary to implement and support a supplier-based internet web page dedicated to Supplier’s U.S. Communities program and linked to U.S. Communities’ website and shall implement and support such web page.

(vii) Supplier shall demonstrate in its procurement solicitation response and throughout the term of the Master Agreement that national/senior management fully supports the U.S. Communities program and its commitments and requirements. National/Senior management is defined as the executive(s) with companywide authority.

(viii) Where Supplier has an existing contract for Products and Services with a state, Supplier shall notify the state of the Master Agreement and transition the state to the pricing, terms and conditions of the Master Agreement upon the state’s request. Regardless of whether the state decides to transition to the Master Agreement, Supplier shall primarily offer the Master Agreement to all Public Agencies located within the state.

(b) **Pricing Commitment.**

**ADMINISTRATION AGREEMENT**

(i) Supplier represents to U.S. Communities that the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier's pricing shall be evaluated on either an overall project basis or the Public Agency's actual usage for more frequently purchased Products and Services.

(ii) Contracts Offering Lower Prices. If a pre-existing contract and/or a Public Agency's unique buying pattern provide one or more Public Agencies a lower price than that offered under the Master Agreement, Supplier shall match that lower pricing under the Master Agreement and inform the eligible Public Agencies that the lower pricing is available under the Master Agreement. If an eligible Public Agency requests to be transitioned to the Master Agreement, Supplier shall do so and report the Public Agency's purchases made under the Master Agreement going forward. The price match only applies to the eligible Public Agencies. Below are three examples of Supplier's obligation to match the pricing under Supplier's contracts offering lower prices.

(A) Supplier holds a state contract with lower pricing that is available to all Public Agencies within the state. Supplier would be required to match the lower state pricing under the Master Agreement and make it available to all Public Agencies within the state.

(B) Supplier holds a regional cooperative contract with lower pricing that is available only to the ten cooperative members. Supplier would be required to match the lower cooperative pricing under the Master Agreement and make it available to the ten cooperative members.

(C) Supplier holds a contract with an individual Public Agency. The Public Agency contract does not contain any cooperative language and therefore other Public Agencies are not eligible to utilize the contract. Supplier would be required to match the lower pricing under the Master Agreement and make it available only to the individual Public Agency.

(iii) Deviating Buying Patterns. Occasionally U.S. Communities and Supplier may interact with a Public Agency that has a buying pattern or terms and conditions that considerably deviate from the normal Public Agency buying pattern and terms and conditions, and causes Supplier's pricing under the Master Agreement to be higher than an alternative contract held by Supplier. This could be created by a unique end-user preference or requirements. In the event that this situation occurs, Supplier may address the issue by lowering the price under the Master Agreement on the item(s) causing the large deviation for that Public Agency. Supplier would not be required to lower the price for other Public Agencies.

(iv) Supplier's Options in Responding to a Third Party Procurement Solicitation. While it is the objective of U.S. Communities to encourage Public Agencies to piggyback on to the Master Agreement rather than issue their own procurement solicitations, U.S. Communities recognizes that for various reasons some Public Agencies will issue their own solicitations. The following options are available to Supplier when responding to a Public Agency solicitation:

(A) Supplier may opt not to respond to the procurement solicitation. Supplier may make the Master Agreement available to the Public Agency as a comparison to its solicitation responses.

**ADMINISTRATION AGREEMENT**

(B) Supplier may respond with the pricing, terms and conditions of the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement.

(C) If competitive conditions require pricing lower than the standard Master Agreement pricing, Supplier may submit lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement. Supplier would not be required to extend the lower price to other Public Agencies.

(D) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement. If awarded a contract, Supplier shall still be bound by all obligations set forth in this Section 3.3, including, without limitation, the requirement to continue to advise the awarding Public Agency of the pricing, terms and conditions of the Master Agreement.

(E) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement and if an alternative response is permitted, Supplier may offer the pricing under the Master Agreement as an alternative for consideration.

(c) **Economy Commitment.** Supplier shall demonstrate the benefits, including the pricing advantage, of the Master Agreement over alternative options, including competitive solicitation pricing and shall proactively offer the terms and pricing under the Master Agreement to Public Agencies as a more effective alternative to the cost and time associated with such alternate bids and solicitations.

(d) **Sales Commitment.** Supplier shall market the Master Agreement through Supplier's sales force or dealer network that is properly trained, engaged and committed to offering the Master Agreement as Supplier's primary offering to Public Agencies. Supplier's sales force compensation and incentives shall be greater than or equal to the compensation and incentives earned under other contracts to Public Agencies.

(i) **Supplier Sales.** Supplier shall be responsible for proactive direct sales of Supplier's Products and Services to Public Agencies and the timely follow-up to sales leads identified by U.S. Communities. Use of product catalogs, targeted advertising, direct mail and other sales initiatives are encouraged. All of Supplier's sales materials targeted towards Public Agencies shall include the U.S. Communities logo. U.S. Communities hereby grants to Supplier, during the term of this Agreement, a non-exclusive, revocable, non-transferable, license to use the U.S. Communities name, trademark, and logo solely to perform its obligations under this Agreement, and for no other purpose. Any goodwill, rights, or benefits derived from Supplier's use of the U.S. Communities name, trademark, or logo shall inure to the benefit of U.S. Communities. U.S. Communities shall provide Supplier with its logo and the standards to be employed in the use of the logo. During the term of the Agreement, the Supplier shall provide U.S. Communities with its logo and the standards to be employed in the use of the logo for purposes of reproducing and using Supplier's name and logo in connection with the advertising, marketing and promotion of the Master Agreement to Public Agencies. Supplier shall assist U.S. Communities by providing camera-ready logos and by participating in related trade shows and conferences. At a minimum, Supplier's sales initiatives shall communicate that (i) the Master Agreement was competitively solicited by the Lead Public Agency, (ii) the Master Agreement provides the best government pricing, (iii) there is no cost to Participating Public Agencies, and (iv) the Master Agreement is a non-exclusive contract.

(ii) **Branding and Logo Compliance.** Supplier shall be responsible for complying with the U.S. Communities branding and logo standards and guidelines. Prior to

(vi) Supplier's Performance Review. Upon request by U.S. Communities, Supplier shall participate in a performance review meeting with U.S. Communities to evaluate Supplier's performance of the covenants set forth in this Agreement.

(vii) Supplier Content. Supplier may, from time to time, provide certain graphics, media, and other content to U.S. Communities (collectively "Supplier Content") for use on U.S. Communities websites and for general marketing and publicity purposes. During the term of the Agreement, Supplier hereby grants to U.S. Communities and its affiliates a non-exclusive, worldwide, free, transferrable, license to reproduce, modify, distribute, publically perform, publically display, and use Supplier Content in connection with U.S. Communities websites and for general marketing and publicity purposes, with the right to sublicense each and every such right. Supplier warrants that: (a) Supplier is the owner of or otherwise has the unrestricted right to grant the rights in and to Supplier Content as contemplated hereunder; and (b) the use of Supplier Content and any other materials or services provided to U.S. Communities as contemplated hereunder will not violate, infringe, or misappropriate the intellectual property rights or other rights of any third party.

## **ADMINISTRATION AGREEMENT**

compliance with, one or more of the representations and covenants set forth in this Agreement, Supplier shall have ninety (90) days from the notice of default to cure such violation or non-compliance and, if Supplier fails to cure such violation or non-compliance within such notice period, it shall be deemed a cause for immediate termination of the Master Agreement at Lead Public Agency's sole discretion or this Agreement at U.S. Communities' sole discretion.

3.5 Indemnity. Supplier hereby agrees to indemnify and defend U.S. Communities, and its parent companies, subsidiaries, affiliates, shareholders, member, manager, officers, directors, employees, agents, and representatives from and against any and all claims, costs, proceedings, demands, losses, damages, and expenses (including, without limitation, reasonable attorney's fees and legal costs) of any kind or nature, arising from or relating to, any actual or alleged breach of any of Supplier's representations, warranties, or covenants in this Agreement.

## **ARTICLE IV**

### **PRICING AUDITS**

4.1 Supplier shall, at Supplier's sole expense, maintain an accounting of all purchases made by Lead Public Agency and Participating Public Agencies under the Master Agreement. U.S. Communities and Lead Public Agency each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. U.S. Communities shall have the authority to conduct random audits of Supplier's pricing that is offered to Participating Public Agencies at U.S. Communities' sole cost and expense. Notwithstanding the foregoing, in the event that U.S. Communities is made aware of any pricing being offered to three (3) or more Participating Public Agencies that is materially inconsistent with the pricing under the Master Agreement, U.S. Communities shall have the ability to conduct a reasonable audit of Supplier's pricing at Supplier's sole cost and expense during regular business hours upon reasonable notice. U.S. Communities may conduct the audit internally or may engage a third-party auditing firm on a non-contingent basis. Supplier shall solely be responsible for the cost of the audit up to the first \$50,000 and U.S. Communities and Supplier shall each be responsible for fifty percent (50%) of the audit costs that exceed \$50,000. In the event of an audit, the requested materials shall be provided in the format and at the location where kept in the ordinary course of business by Supplier.

## **ARTICLE V**

### **FEES & REPORTING**

5.1 Administrative Fees. Supplier shall pay to U.S. Communities a monthly administrative fee based upon the total sales price of all purchases shipped and billed pursuant to the Master Agreement, excluding taxes, in the amount of two percent (2%) of aggregate purchases made during each calendar month (individually and collectively, "Administrative Fees"). Supplier's annual sales shall be measured on a calendar year basis. All Administrative Fees shall be payable in U.S. Dollars and shall be made by wire to U.S. Communities, or its designee or trustee as may be directed in writing by U.S. Communities. Administrative Fees shall be due and payable within thirty (30) days of the end of each calendar month for purchases shipped and billed during such calendar month. U.S. Communities agrees to pay to Lead Public Agency five percent (5%) of all Administrative Fees received from Supplier to help offset Lead Public Agency's costs incurred in connection with managing the Master Agreement nationally.

5.2 Sales Reports. Within thirty (30) days of the end of each calendar month,

**ADMINISTRATION AGREEMENT**

Supplier shall deliver to U.S. Communities an electronic accounting report, in the format prescribed by Exhibit B, attached hereto, summarizing all purchases made under the Master Agreement during such calendar month ("Sales Report"). All purchases indicated in the Sales Report shall be denominated in U.S. Dollars. All purchases shipped and billed pursuant to the Master Agreement for the applicable calendar month shall be included in the Sales Report. U.S. Communities reserves the right upon reasonable advance notice to Supplier to change the prescribed report format to accommodate the distribution of the Administrative Fees to its program sponsors and state associations.

(a) Monthly Sales Reports shall include all sales reporting under the Master Agreement, and a breakout of Environmental Preferable (Green) sales reporting. Supplier must make reasonable attempts at filling in all required information and contact U.S. Communities with a plan to correct any deficiencies of data field population.

(b) Submitted reports shall be verified by U.S. Communities against its registration database. Any data that is inconsistent with the registration database shall be changed prior to processing.

5.3 Exception Reporting/Sales Reports Audits. U.S. Communities or its designee may, at its sole discretion, compare Supplier's Sales Reports with Participating Public Agency records or other sales analysis performed by Participating Public Agencies, sponsors, advisory board members or U.S. Communities staff. If there is a material discrepancy between the Sales Report and such records or sales analysis as determined by U.S. Communities, U.S. Communities shall notify Supplier in writing and Supplier shall have thirty (30) days from the date of such notice to resolve the discrepancy to U.S. Communities' reasonable satisfaction. Upon resolution of the discrepancy, Supplier shall remit payment to U.S. Communities' trustee within fifteen (15) calendar days. Any questions regarding an exception report should be directed to U.S. Communities in writing to reporting@uscommunities.org. If Supplier does not resolve the discrepancy to U.S. Communities' reasonable satisfaction within thirty (30) days, U.S. Communities shall have the right to engage outside services to conduct an independent audit of Supplier's reports. Supplier shall solely be responsible for the cost of the audit up to the first \$50,000 and U.S. Communities and Supplier shall each be responsible for fifty percent (50%) of the audit costs that exceed \$50,000.

5.4 Online Reporting. Within sixty (60) days of the end of each calendar quarter, U.S. Communities shall provide online reporting to Supplier containing Supplier's sales reporting for such calendar quarter. Supplier shall contact U.S. Communities within fifteen (15) days of receiving notification of the online reporting and report to U.S. Communities any concerns or disputes regarding the reports, including but not limited to concerns regarding the following:

<b>Report Name</b>	<b>Follow up with U.S. Communities</b>
5 Qtr Drop Sales Analysis	Financial & Reporting Manager
Zero States Sales Report	Program Manager
Registered Agency Without Sales Report	Program Manager

Supplier shall have access to the above reports through the U.S. Communities intranet website. The following additional reports are also available to Supplier and are useful in resolving reporting issues and enabling Supplier to better manage its Master Agreement:

- (i) Agency Sales by Population/Enrollment Report
- (ii) Hot Prospect Sales Report

5.5 Supplier's Failure to Provide Reports or Pay Administrative Fees. Failure to provide a Sales Report or pay Administrative Fees within the time and in the manner specified herein shall be regarded as a material breach under this Agreement and if not cured within thirty (30) days of written notice to Supplier, shall be deemed a cause for termination of the Master Agreement at Lead Public Agency's sole discretion or this Agreement at U.S. Communities' sole discretion. All Administrative Fees not paid within thirty (30) days of the end of the previous calendar month shall bear interest at the rate of one and one-half percent (1.5%) per month until paid in full.

**ARTICLE VI**

**MISCELLANEOUS**

6.1 Entire Agreement. This Agreement supersedes any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.

6.2 Attorney's Fees. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which such party may be entitled.

6.3 Assignment.

(a) Supplier. Neither this Agreement nor any rights or obligations hereunder shall be assignable by Supplier without prior written consent of U.S. Communities, and any assignment without such consent shall be void.

(b) U.S. Communities. This Agreement and any rights or obligations hereunder may be assigned by U.S. Communities in U.S. Communities' sole discretion, to an existing or newly established legal entity that has the authority and capacity to perform U.S. Communities' obligations hereunder.

6.4 Notices. All reports, notices or other communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery requiring signature on receipt to the addresses as set forth below. U.S. Communities may, by written notice delivered to Supplier, designate any different address to which subsequent reports, notices or other communications shall be sent.

6.5 Severability. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any

**ADMINISTRATION AGREEMENT**

extent whatever.

6.6 Waiver. Any failure of a party to enforce, for any period of time, any of the provisions under this Agreement shall not be construed as a waiver of such provisions or of the right of said party thereafter to enforce each and every provision under this Agreement.

6.7 Counterparts. This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

6.8 Modifications. This Agreement may not be effectively amended, changed, modified, altered or terminated without the prior written consent of the parties hereto.

6.9 Governing Law; Arbitration. This Agreement will be governed by and interpreted in accordance with the laws of the State of California without regard to any conflict of laws principles. Any dispute, claim, or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation or validity thereof, including the determination of the scope or applicability of this dispute resolution clause, shall be determined by arbitration in Walnut Creek, California, before one (1) arbitrator. The arbitration shall be administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures. Judgment on the award may be entered in any court having jurisdiction. This clause shall not preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction. The prevailing party will be entitled to recover its reasonable attorneys' fees and arbitration costs from the other party. The arbitration award shall be final and binding. Each party commits that prior to commencement of arbitration proceedings, the parties shall submit the dispute to JAMS for mediation. The parties will cooperate with JAMS and with one another in selecting a mediator from JAMS panel of neutrals, and in promptly scheduling the mediation proceedings. The parties covenant that they will participate in the mediation in good faith, and that they will share equally in its costs. The mediation will be conducted by each party designating a duly authorized officer or other representative to represent the party with the authority to bind the party, and that the parties agree to exchange informally such information as is reasonably necessary and relevant to the issues being mediated. All offers, promises, conduct, and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts, and attorneys, and by the mediator or any JAMS employees, are confidential, privileged, and inadmissible for any purpose, including impeachment, in any arbitration or other proceeding involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation. If the dispute is not resolved within thirty (30) days from the date of the submission of the dispute to mediation (or such later date as the parties may mutually agree in writing), the administration of the arbitration shall proceed. The mediation may continue, if the parties so agree, after the appointment of the arbitrator. Unless otherwise agreed by the parties, the mediator shall be disqualified from serving as arbitrator in the case. The pendency of a mediation shall not preclude a party from seeking provisional remedies in aid of the arbitration from a court of appropriate jurisdiction, and the parties agree not to defend against any application for provisional relief on the ground that a mediation is pending.

6.10 Successors and Assigns. This Agreement shall inure to the benefit of and shall be binding upon U.S. Communities, Supplier and any successor and assign thereto; subject, however, to the limitations contained herein.

Addendum 2

Attachment 1

QUESTIONS:

- Q1. Pages 3 through 8 of the RFP provides a list of OEM's beginning at section 3.1.3 and ending at 3.1.17. Section 3.1.18 then states related products, services and solutions for any related companies products services and solutions available from offeror. Is it the intent of US Communities to award one contract for each OEM listed on pages 3 through 8 and then for all other OEM's one award to one vendor? Historically the IT contract has been awarded to one or two vendors that are able to sell all OEM IT products and why we need to understand how the OEM's/companies not individually listed should respond to this opportunity.
- A1. For any company not listed in Introduction and Background paragraphs 3.1.3 through 3.1.17, the intent is for Offerors to propose a complete range of products and services per paragraphs 3.1.1 and 3.1.2. If responding to products and services in paragraphs 3.1.1 and 3.1.2, Offeror may also include products and services from one or more companies listed in paragraphs 3.1.3 through 3.1.17. Paragraph 3.1.18 applies only to Offerors responding to Paragraphs 3.1.1 and 3.1.2. Additionally, it is the intent of the solicitation to award the minimum number of contracts to effectively meet the requirements established in the RFP. Multiple awards are addressed in the Introduction and Background and paragraph 16 of the Special Provisions.**
- Q2. Would you consider relaxing the Program Requirements under "Section 5.2 Qualified Offerors of the Products and Services shall meet the following certification requirements and shall provide proof of certification from the manufacturer unless Offeror itself is a manufacturer of the Products and Services."?
- A2. No.**
- Q3. Will providers be able to submit responses for the Services portion only, EG-communications, security? Or must services be a part of a manufacturers bid?
- A3. See answer to question Q1. Offerors responding to Introduction and Background Paragraphs 3.1.3 through 3.1.17 must respond with both products and services of the manufacturer.**
- Q4. Is the current bid envisioned to also include traditional telecommunication services?
- A4. No**
- Q5. Or is the main intent to include vendors of equipment and other technology services?
- A5. Yes**
- Q6. Does the US Communities Government Purchasing Alliance also solicit telecommunication services as a separate procurement vehicle?
- A6. Yes**
- Q7. Can you give us information on the fee structure for vendors?
- A7. See Appendix F Paragraph 5.1.**
- Q8. Will you entertain possibly extending the due date?
- A8. Per Addendum No. 1, the due date has been extended to September 24, 2015 at 2:00 P.M. EST.**

Addendum 2

Attachment 1

Q9. Regarding the products and services defined in sections 3.1.3 through 3.1.17, are these products and services mandatory and must be included as a part of the proposal?

**A9. No, Offeror may respond to one or more of the company's products and services listed in Introduction and Background paragraphs 3.1.3 through 3.1.17.**

Q10. Higher status partner certifications exist than those defined in section 5.2. Are certifications from these tiers (i.e. Cisco Platinum, Panasonic Gold, Solution Provider, Distributor) acceptable?

**A10. Yes, the certifications listed in the RFP are minimum requirements.**

Q11. Regarding section 5.3, if the Offeror is a distributor representing the Products and Services listed, would the terms in section 5.3 apply? Specifically, may resellers, dealers, and similar participate as ordering points provided they agree to the terms and conditions of this RFP?

**A11. Yes.**

Q12. Can you define "Public Body(ies)" and "Public Agency(ies)" as they are used in this solicitation?

**A12. "Public Body(ies)" and "Public Agenc(ies)" are defined as any state, county, city, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution (including community colleges, colleges and universities, both public and private), other government agency or nonprofit organization.**

Q13. Regarding the Supplier Qualifications and Supplier Information document paragraph (b)(iv), subparagraph (A) states that we may opt not to respond to a Third Party Solicitation and may instead offer them the Master Agreement. Subparagraph (B) states, "Supplier may respond with the pricing, terms and conditions of the Master Agreement." QUESTION: How are these two options different?

**A13. Supplier Qualifications, (b)(iv)(A) means that a Supplier may present the Master Agreement to a Public Agency as an option for comparison instead of submitting a bid response. Supplier Qualifications, (b)(iv)(B) means that a Supplier may respond to the bid with the terms and conditions of the Master Agreement.**

Q14. May a vendor bid on a single products/service category such as cloud?

**A14. See answer to question Q1.**

Q15. Based on the extended geographic coverage of this contract, would you consider opening up the contract to EMC Silver Value Added Resellers and lower level authorized resellers for the other Manufacturers who currently serve these Tier 2 or Tier 3 and rural communities?

**A15. No.**

Q16. Would you consider allowing Authorized Distribution Partners to hold the contract and the Authorized Resellers sign up as Agents under the Distributor, much like we do now with GSA 70 such as Arrow ECS or Immix or Ingram Micro?

**A16. In this circumstance, any authorized resellers would need to be included as a part of Offeror's response and would be subject to approval. Additionally, any resellers must agree to the terms and conditions of the RFP.**

RFP 2000001701  
Addendum 2  
Page 4

Attachment 1

Q17. Would it be possible to be listed on the contract as approved for some vendors but not others? Is this an all or nothing proposal?

**A17. Offeror may respond to one or more of the companies' products and services listed in Introduction and Background Paragraphs 3.1.3 through 3.1.17.**

Q18. As a manufacturer, working 100% through channel partners, does this contract allow for a structure in which a manufacturer is holding the contract yet allowing partners we deem qualified based on similar partner levels as outlined in section 5.2? Sophos is not one of the listed manufacturers but as outlined section 1 and 2, Fairfax County seeks to assemble a "complete line of technology products" limiting it the 15 manufacturers listed in the RFP does not seem complete so I am also assuming this is open to all manufacturers.

**A18. See answer to question Q1.**

Q19. We're requesting clarification on the list of manufacturers required to provide proof of certification. AWS is not listed among the OEMs - will the County require AWS certified resellers for delivery of AWS services on the contract.

**A19. Any additional certifications available by Offeror should be included in Offeror's proposal response along with proof of certification.**

Q20. Section 5.2 PROGRAM REQUIREMENTS: If the offeror does not meet or exceed the certification requirements listed in Section 5.2, but does have a partner qualifications, would the Government like to see the applicable partner certifications?

**A20. Yes, Offeror would be responsible for providing partner qualifications and certifications.**

Q21. Section 7.3 COST PROPOSAL INSTRUCTIONS/Tab 1 – PROPOSED PRODUCT PRICING: Can the offeror provide multiple discounts within specific Manufacturer Price Lists? This would more accurately represent differences in product levels or class of product within the specific Manufacturer. (example – product versus warranty, software license tiers, etc.)

**A21. Yes.**

Q22. Special Provisions, Paragraph 5.9.1, Page 15: Resellers have the ability to sell hundreds of different manufacturers and hundreds of thousands of different part numbers. Additionally, resellers do not receive information from all manufacturers regarding new product information, discontinued products, or products still to be manufactured on a regular basis, if at all. And finally, the proposed pricing structure does not call for a fixed price list, but rather allows for fluctuations as list prices change, so long as percentages remain the same. Would the County please consider removing the requirements of Section 5.9.1 altogether?

**A22. Offeror should respond with its most robust reporting options that it would like to offer.**

RFP 2000001701  
Addendum 2  
Page 5

Attachment 1

Q23. Special Provisions, Paragraph 5.10, Page 15: Could the County please elaborate on what is meant by “routine maintenance”? Is this related to the purchase of Products, Services, or both?

**A23. Both.**

Q24. Special Provisions, Paragraph 6.1, Page 17: Since any resulting contract would be available nationally, and since the awarded Offeror may potentially use dozens of different subcontractors located throughout the country, would the County please waive the requirement to provide a profile of all companies who may be providing products or services through a subcontracting arrangement in Tab 3?

**A24. No.**

Q25. Special Provisions, Paragraph 6.1, Page 17: Under the requirements for Tab 4, the word “Proposal” is capitalized but there is no definition found in the RFP. Please describe the specific Project for which we are to provide a transition plan, project plan, a description of the communications scheme, and a description of the associated risks. It is our understanding that this RFP is for a Master Agreement, and not for a specific project.

**A25. The Proposal should include Offeror’s general approach to offering the programs and services it proposes and should describe its process, transition plan, project plan, client relationship management, risk management and any other key information on how it would approach a Participating Public Agency for a project.**

Q26. Special Provisions, Paragraph 6.1, Page 18: Since any resulting contract would be available nationally, and since the awarded Offeror may potentially use dozens of different subcontractors located throughout the country, would the County please waive the requirement to provide the qualifications and experience for all subcontractors in Tab 5?

**A26. No.**

Q27. Special Provisions, Paragraph 6.1, Page 18: Resellers have the ability to sell hundreds of different manufacturers, and each manufacturer could have several different End User License Agreements and Service Level Agreements. Would the County please waive the requirement to provide copies of all applicable EULAs and SLAs in Tab 5? Would the County consider the following proposed alternative language: “Offeror shall describe their requirements for the execution of any applicable End User License Agreement (EULA) and/or Service Level Agreement (SLA)”?

**A27. Offeror shall provide all applicable EULA’s and SLA’s related to companies listed in Introduction and Background Paragraphs 3.1.3 through 3.1.17 that it offers. Offeror should also provide any applicable EULA’s and SLA’s for any other major manufacturers it may represent.**

Q28. Special Provisions, Paragraph 6.1, Page 18: Since any resulting contract would be available nationally, and since the awarded Offeror may potentially use dozens of different subcontractors located throughout the country, would the County please waive the requirement to complete the Subcontractor(s) Notification Form in Tab 8?

**A28. No.**

Addendum 2  
Page 6

Attachment 1

- Q29. Special Provisions, Paragraph 7.3, Page 19: Under the requirements for Tab 2, would the County please remove the requirement that travel be included in the pricing for services and solutions? Since any resulting contract would be available nationally, it would be difficult for an Offeror to estimate and account for travel costs to all states in U.S.
- A29. See 1<sup>st</sup> page of this Addendum.**
- Q30. Special Provisions, Paragraph 19.2, Page 25: Are the reporting requirements in this section only required for Fairfax County purchases, or will the awarded Offeror be required to submit this report for every agency who chooses to purchase under the Master Agreement? This requirement could become unduly burdensome if it must be done for all agencies who purchase under the Master Agreement.
- A30. Paragraph 19.2 speaks to invoice requirements, and applies.**
- Q31. Special Provisions, Paragraph 19.2, Page 25: Our standard practice for the purchase of products is to issue an invoice upon delivery. Invoices for services are issued pursuant to the schedule that's outlined in a Statement of Work. Would the County please remove the requirement to send itemized monthly invoices?
- A31. Paragraph 19.2 indicates "(or as agreed to between the parties)" to offer flexibility.**
- Q32. Special Provisions, Paragraph 28.2, Page 27: Since any resulting contract would be available nationally, and since the awarded Offeror may potentially use dozens of different subcontractors located throughout the country, would the County please waive the requirement to provide the names and addresses of each subcontractor that may be used?
- A32. No.**
- Q33. Supplier Qualifications and Supplier Information, Quality, Paragraph 4, Page 60: Resellers have the ability to sell hundreds of different manufacturers and hundreds of thousands of different part numbers. The number of warranties offered by each manufacturer is fairly substantial. Will the County remove the requirement to "provide all product or service warranties" and instead permit the Offeror to "describe all product or service warranties"?
- A33. Offeror may describe all product or service warranties.**
- Q34. Is the Offeror permitted to take any exceptions to the terms and conditions in the RFP?
- A34. Please clearly identify each exception to the provisions in the RFP. We will consider all items for negotiations except those mandated by law. The Administration Agreement is required to be signed unaltered.**
- Q35. Will Offerors be able to submit additional questions after the County responds to the first round of questions?
- A35. Per Addendum No. 1, the last date to receive questions regarding this RFP is September 11, 2015 by 2:00 pm EST.**
- Q36. If awarded, will it become mandatory for County of Fairfax entities to purchase the services scoped under this RFP through this US Communities contract?
- A36. No.**
- Q37. Is Appendix E on page 61 of the RFP the document to be signed by the awarded offeror(s)? And in the event that there is already a signed contract with Fairfax County VA, can we refer to that agreement on our response to this RFP?
- A37. Appendix E is not a document to be signed by Offerors.**

- Q38. Do we have to have ground support in every city for all schools and organizations listed or can we function from our strongest/ most appropriate states with coverage?  
**A38. Offeror is responsible for proactively selling the Master Agreement to all Public Agencies and should propose a strategy for best serving all entities. Offeror will be evaluated based on its ability to service Public Agencies nationwide.**
- Q39. Will US Communities accept different pricing discounts per brand and/or per product category?  
**A39. Yes.**
- Q40. If a vendor does not meet every single manufacturer certification level listed on section 5.2 will this disqualify the vendor from consideration for the entire RFP?  
• Will this disqualify the vendor for submitting a price offer on the manufacturer listed on section 5.2 if the vendor does not meet the listed certification?  
**A40. If Offeror does not meet every single manufacturer certification level listed in Special Provisions Paragraph 5.2, it will not be disqualified from consideration for the entire RFP. It will, however, disqualify the Offeror from submitting a proposal/pricing for any specific manufacturer where Offeror does not meet the required certification.**
- Q41. In section 5.12, does “results” mean pass/fail results, not the full details of the screening?  
**A41. County requires the full details (proof and results) of the background checks.**
- Q42. For Tab 2 (PROPOSED SERVICES AND SOLUTIONS), is it acceptable to provide rate cards, since individual solutions will vary greatly based on project needs?  
**A42. Offeror should provide the requested information in the most effective way it can.**
- Q43. In light of the broad range of products and services in this RFP, can you assist us by sharing how much you spent in each product category in 2014 and how much you expect to spend in 2015?  
**A43. This information is not available.**
- Q44. After award allocation, would we have the ability to re-visit the billing parameters, specifically the customized reporting and invoicing requirements laid out in the RFP?  
**A44. Special Provisions Paragraph 19.2 addresses invoicing as agreed to between the parties. Reporting required in Appendix F, Article V is required and will not be changed.**
- Q45. Do you have a pricing template that we can use in our response?  
**A45. No.**
- Q46. The terms and conditions that would be flowed down to Bidder from Fairfax County include warranting the products, including warranting them against non-infringement (see Section 5.11 of the Special Provisions). Bidder is a reseller of products, not the OEM. How can any reseller be expected to provide a standard warranty on all OEM products that we may resell to the agencies?  
**A46. It is a business decision on the part of the Offeror to decide if it will offer the OEM warranties or provide their own for the offerings under this contract.**

Q47. Could you please expand on below regarding supplier Commitment?, many agencies who use the current US Communities contract and are also on your advisory committee choose to use others cooperative purchasing contracts such was WSCA for SW, and HW. And in California CMAS and SLP, are resellers expected not to participate in those contracts in the future?

**(a) Corporate Commitment.**

(i) The pricing, terms and conditions of the Master Agreement shall, at all times, be Supplier's primary contractual offering of Products and Services to Public Agencies. All of Supplier's direct and indirect marketing and sales efforts to Public Agencies shall demonstrate that the Master Agreement is Supplier's primary offering and not just one of Supplier's contract options.

**A47. Offeror must comply with Appendix D, Supplier Qualifications and Supplier Information, Commitments.**

Q48. Reference, 5 Program Requirements (5.1 and 5.1.1): Is the reseller required to actually perform, with its own organization, service on all the Products and Services proposed? Or is the requirement to be able to provide service, i.e. such as reselling the manufacturer's performed warranty and maintenance?

**A48. The requirement speaks to the capacity to be responsible for and ensure the Participating Public Agency receives the service.**

Q49. Reference 5.2: If the Offeror is a reseller, then is the Offeror required to be an Authorized Service Provider for all the products offered and is the Offeror required to provide proof of certification for all the products offered?

**A49. Yes.**

Q50. If the Offer is a reseller and provides products other than those listed in sections 5.2, then is the Offeror required to be an Authorized Service Provider for the products offered? (e.g. Does the Offeror need to be an Authorized Service Provider for the Body Worn Cameras?)

**A50. Yes.**

Q51. Reference 5.7, Customer Service "Accessible service means that citizens have easy access to the organization": Does this mean that individual citizens will be making purchases through this contract?

**A51. No.**

Q52. Reference 5.9.2 Reporting Requirements: The description of summary reports seems to be contradictory to the detail of the requested information. If the requirement is such that it requires all of this detail, including part number and serial number, then the report could easily be hundreds lines of detail for each customer order placed. Can the requirements be reduced to a reasonably manageable amount of information, since this could be up to \$500 million of sales?

**A52. Offeror should propose its best solution.**

Attachment 1

Q53. Reference 5.9.2 Reporting Requirements: Since the Lead Public Agency is requesting to be supplied with what amounts to detailed configuration information of any customers purchases, has the Lead Public Agency obtained the agreement of Participating Public Agencies to hold this confidential information? In today's world of cyber security threats, many end user entities consider this confidential information and may be concerned about its distribution.

**A53. The information requested in 5.9.2 is information that would be made publicly available through any Freedom of Information Act request.**

Q54. Reference 5.11.5 and 5.11.6 Representations and Warranties: Given that some technical information would be proprietary, how does the Lead Public Agency plan to handle data, provided by the Supplier or the Manufacturer, that is confidential information and not available to the general public?

**A54. Please see Special Provisions Paragraph 10.**

Q55. Reference 7 Cost Proposal Instructions, Tab 1 Proposed Product Pricing: If the Offeror is a reseller, then does the Offeror need to supply a complete manufacturer's price list or will the summary of the discounts percentages be acceptable?

**A55. All Offerors are required to provide the manufacturer's price list as well as the discount percentages.**

Q56. Please provide a copy of the Fairfax County Master Purchase Agreement for review?

**A56. Any resulting contract will be comprised of the Request for Proposal and all Addenda, Contractor's Technical and Cost Proposals, and any negotiated items thereafter.**

Q57. Will vendors be able to legally review the Administrative Agreement and suggest reasonable edits to the agreement?

**A57. The Administration Agreement must be signed, unaltered.**

Q58. Will a Vendor be eliminated for not submitting Financial Records considering private companies are not bound to making financial records public?

**A58. A private company may mark its financial records as proprietary if it has concerns about the release of private information.**

Q59. Will Fairfax County or US Communities be willing to sign a Non-Disclosure Agreement prior to the submission of Financials?

**A59. Reference Special Provisions Paragraph 10.**

Q60. Of the 168 Million in purchases from 2014, please provide a breakdown of the percentage of sales in the following categories:

- Communications / Unified Communications and Collaboration / Mobility / VoIP
- Core and Edge Data Network Switching
- Wireless Data Technology

**A60. The \$168 million in purchases for 2014 is Advisory Board usage across all U.S. Communities contracts. Participating Public Agency spend for the Technology contract in 2014 was approximately \$130 Million. The contract is estimated to reach \$200 Million in 2015. The requested breakdown is not available.**

- Q61. Two pricing scenarios are presented, which don't fit our industry (Communications / Unified Communications and Collaboration / Mobility / VoIP). How should we present our pricing examples or can we submit a complete list of our Product Portfolio with List Pricing and Discounts included?
- A61. Offeror should note in its Cost Proposal that Tab 4 is not applicable.**
- Q62. As new technologies, applications and 3<sup>rd</sup> party products are introduced by our company, is there a process in place to add these offerings to our approved portfolio / pricing lists? If so, what is that process and how often can this be reviewed?
- A62. New products may be added if they are within the scope of the solicitation via a negotiated amendment to the contract.**
- Q63. Is there any type of fee structure that includes additional fees that vendors will incur, i.e. management fees to the Purchasing Alliance?
- A63. See Appendix F Paragraph 5.1.**
- Q64. Please describe the process and how often a Manufacturer can add Partners or Resellers of our Solution to the Contract?
- A64. Any added Partners or Resellers must agree to the Terms and Conditions of the RFP and awarded Contractor must submit requested additions for approval to County in writing.**
- Q65. Since Maintenance, Managed Services, and Support are priced based on a specific solution configuration and deployment and can vary tremendously based on the Customer requirements, how do you suggest we propose Maintenance, Managed Services, and Support pricing?
- A65. Offeror should provide the requested pricing in the most cost effective way it can.**
- Q66. When can vendor expect an addendum with all Questions submitted along with Answers?
- A66. The County will attempt to have all questions submitted prior to pre-proposal conference answered within one week after the pre-proposal conference.**
- Q67. When can vendors expect to be notified that we have received an award to be on this Contract?
- A67. Per Special Provisions Paragraph 15, County requests that proposals remain valid for 180 days.**
- Q68. Products and Services Pages 1-8 and Certifications Page 12: *Must we have all the certs on page 12 no matter what we offer? If we offer equivalent do we need to show equivalent certs?*
- A68. For any manufacturer listed in Special Provisions Paragraph 5.2 that Offeror is proposing, the respective certification(s) is required. Additionally, see answer to question Q19.**
- Q69. Estimated Volume Page 9: *What is the estimated volume by state and agency type e.g. County Agencies, City Agencies, Higher Education, and K12?*
- A69. Approximate volume in 2014 is as follows: Counties \$58 Million, Cities \$30 Million, K-12 \$21 Million, Higher Education \$7 Million, State Agencies \$5 Million, Non-profits \$2 Million and Other \$7 Million.**

Q70. Estimated Volume Page 9: *Noted that the estimated board utilization is \$168 mil. What portion of that estimate is Fairfax County?*

**A70. The County's estimated spend through the U.S. Communities program in 2014 was \$28 million.**

Q71. Marketing Support Page 9: *Would you share specific examples of marketing activity done on behalf of the 2 current contract holders?*

**A71. U.S. Communities' role is to:**

- a. Educate Participating Public Agencies about the program;
- b. Remove barriers for Participating Public Agencies to use the program;
- c. Open doors for the Supplier; and
- d. Train and educate Supplier

**This is accomplished in a variety of formats using print collateral, emails to the 55,000 plus registered Participating Public Agencies, webinars, trade shows, etc. There are eleven (11) Program Managers whose job function is to promote the program on a daily basis as well as marketing and administrative staff to support the program. There are four (4) National founding Co-Sponsors and approximately ninety (90) State Sponsors who also market the program nationally and regionally. The National Governors Association (NGA) has also recently joined as a sponsor of the program. A few specific examples of marketing for the Technology contract include webinars, speaking engagements, participation in sourcing summits, article support, and solutions email campaigns.**

Q72. Reporting Requirements Page 14: *Is monthly reporting only submitted to Fairfax County?*

**A72. Per Special Provisions Paragraphs 5.9 and 5.9.1 the referenced reports are due to Fairfax County and the Participating Public Agency.**

Q73. Cost Proposal Instructions Pages 17-18: *Does proposing a fixed discount off list meet the requirements of 7.1?*

**A73. See Special Provisions Paragraph 7.3 Tab 1.**

Q74. Pricing commitment Page 49: *Will US Communities – Fairfax County consider fair and reasonable pricing vs. most favored contract?*

**A74. Offeror must agree to the Supplier Commitments outlined in Appendix D.**

Q75. Pricing commitment Page 49: *Will US Communities provide the historical spend by school/agency and by products so we can review the historical information to negotiate with the manufacturers*

a. *Can this be broken down by type of contract?*

b. *We'd like to understand the out of the 500 M was awarded to Insight and Unicom.gov?*

**A75. See answer to question Q69. \$500 Million is the estimated anticipated volume of the contract.**

Q76. Pricing commitment Page 49: *Will we be able to get a list of pre-proposal conference attendees*

- Q77. Pricing commitment Page 49: Will the questions addressed during the pre-proposal conference be captured and sent out to all bidders?  
**A77. Questions addressed at the Pre-Proposal Conference will be memorialized in an Addendum.**
- Q78. Does USC have a pricing template that we must use for our submission?  
**A78. No.**
- Q79. RFP page 14, paragraph 5.9.1, bullet 2, why would the County/PPA need to have a monthly report on "*Price sheets showing price decreases on discontinued Products*"? What is the intent of this requirement? As products are discontinued, there are no further price changes.  
**A79. County desires price sheets showing price decreases on discontinued products to be able to take advantage of any potential discounted pricing for any product still available which is in discontinued status.**
- Q80. RFP page 14, paragraph 5.9.1, bullet 3, please clarify the requirement for "*Decreases on manufacturer's prices on Products still to be manufactured.*"  
**A80. For products that have been ordered but have yet to be manufactured, County wants to know when a manufacturer has had a price decrease on those products to be able to take advantage of the lower available pricing.**
- Q81. RFP page 23, paragraph 17.3: Since standard insurance policies may be modified or terminated at less than 45 days, will the County consider revising the policy to "Contractor will use commercially reasonable measures to ensure that no change shall be made in any insurance coverage without a forty-five day written notice to the County Purchasing Agent and/or Risk Manager"?  
**A81. See answer to question Q36. Offerors can offer exceptions to this language as part of their offer, however all exceptions must be clearly identified to be reviewed by the County's risk management department should the Offeror be selected for award.**
- Q82. Please confirm that the evaluation of the responses to Scenarios 1 & 2 are included in the scoring under:  
d. Reasonableness of cost proposal(s) – 25 points  
**A82. Confirmed.**
- Q83. Will you consider revising the language in the first sentence in Scenario 1 to:  
**Scenario #1**  
A metropolitan County has decided to procure and implement a Body Camera system (Wireless/Collaboration (voice)) in its County.  
**A83. No.**
- Q84. Are bidders required to provide a Technical Solution to both Scenarios?  
**A84. If a Scenario is not applicable, Offeror should note this in its Cost Proposal Tab 4.**
- Q85. Will there be any set-aside awards made under various socio-economic business classifications?  
**A85. No.**

Q86. The RFP references two proposal validity periods. Please clarify if proposals are to be valid for 90 or 180 days.

Page 22; Section 15: **Period that Proposals Remain Valid:** Proposals will valid for a period of one-hundred and eithy (180) calendar days after the date specified for receipt of proposals.

Page 31, Item Number 9: **Acceptance of Bids/Binding 90 Days:** Unless otherwise specified, all formal bids submitted shall be binding for ninety (90) calendar days following bid opening date, unless extended by mutual consent of all parties.

**A86. Please see Special Provisions Paragraph 27.**

Q87. Reference page 18, Tab 5 OFFEROR QUALIFICATIONS AND EXPERIENCE, ITEM #3: Please clarify what is meant by “any applicable End User License Agreements (EULA) and Service Level Agreements (SLA)” as there is a long list of certifications and products requested in the solicitation and it is not clear which items will be required.

**A87. See answer to question Q29. The intent is to include related EULA’s and SLA’s as a part of the contract to facilitate purchasing of products and services without having to negotiate these terms and conditions each time.**

Q88. Will suppliers that are selected for award on this contract be required to present their offered goods/services via this marketplace or can they also supply quotes/pricing directly to contacts that may work with on projects, RFP’s, etc.? In other words, do ALL transactions have to go through the marketplace for this contract vehicle or is that simply another option for buyers to view a consistent catalog? We ask because in cases where a very specific bill of materials must be built, is the expectation that such BOM’s be uploaded into the marketplace for all to view or can they be provided directly to the participating public agency?

**A88. The Marketplace is an option for Participating Public Agencies to access standard Products available from Suppliers. Offeror may choose to sell through its normal methods to Public Agencies such as quoting/pricing directly, etc.**

Q89. Reference page 15, Section 5.8 FINANCING OPTIONS: Can you please be more specific in terms of what you’re looking for respondents to supply here? As an example, would be hard to provide financial rates given markets fluctuate. Are you looking more for examples of the types of financial creativity and structures we can provide?

**A89. Yes, please provide any types of cost effective financial structures you offer.**

Q90. Can additional subcontractors be added to this contract post award?

**A90. Yes, Contractor must submit request to add subcontractors for approval to County in writing. Additionally, see answer to question Q81.**

Q91. Although we are able to fulfill requests at competitive pricing nationally, our organization is a top tier reseller in the Western United States and primarily the Pacific Northwest, with a strong engineering influence. It appears this solicitation is geared toward companies with a national/fulfillment presence only; is U.S. Communities open to choosing a regional supplier that can service end users at a high level, or are they limiting their interest to national suppliers?

**A91. Offeror will be evaluated based on its ability to service Public Agencies nationwide.**

- Q92. In 6.1, Tab 10, we are instructed to submit a “signed unaltered” copy of Appendix F; there are multiple sections in the body of Appendix F which require information to be filled in (“supplier” name on page 63, date of the start of the agreement term on page 64, supplier’s address information on page 71, etc.). Are bidders required to fill in all of those sections OR are we just instructed to fill in and sign the final page on the Appendix F (page 73)?
- A92. Completing the final page of Appendix F is acceptable.**
- Q93. Please list the government entities that utilize this U.S. Communities Contract as their PRIMARY contract.
- A93. There are thousands of Public Agencies that utilize the contract and unfortunately, we have no way of knowing who uses the contract as a primary vehicle.**
- Q94. Page 1, Section 2.2: There are many public entities that DO NOT utilize this U.S. Communities contract as their primary procurement vehicle. Clauses like 2.2 are not the industry standard in Public Sector IT procurement. Unless this clause is removed, this manufacturer would be unable to respond to the RFP. Would U.S. Communities and Fairfax County consider eliminating clause 2.2?
- A94. No.**
- Q95. Page 8, Section 3.1.18 and page 32, Section 17: Sec. 3.1.18 invites OEMs to propose products and services from related companies but Section 17 prohibits a bidder from submitting more than one bid directly or indirectly, can an OEM submit a bid when its partners or related companies are submitting bids too?
- A95. To clarify, Introduction and Background Paragraph 3.1.18 applies only to Offerors responding to Paragraphs 3.1.1 and 3.1.2. An OEM may submit a bid when its partners or resellers are submitting bids too.**
- Q96. Page 17, Section 6.1, Tab 3-Offeree Profile: Please provide a definition of Subcontractor. Are Resellers considered subcontractors?
- A96. If the Offeror presenting a proposal to the County is a reseller then, no, Offeror is not a subcontractor. Any vendors working underneath that Offeror are considered subcontractors.**
- Q97. Page 49, (a) Corporate Commitment: Terms (i), (ii), (iii), (iv), and (viii) are onerous terms and could preclude this manufacturer from bidding on this contract. Many state agencies will not use the U.S. Communities contracts for their purchasing, therefore it is impossible for this large manufacturer to make these types of commitments across its entire product line. Will U.S. Communities remove the paragraphs listed above to encourage manufacturers to bid? If U.S. Communities will not remove the terms mentioned above, will they limit these terms to the products or services the manufacturer proposes through this contract vehicle?
- A97. No. Any Offeror responding to this RFP, whether a manufacturer or a reseller must agree to Appendix D, Supplier Qualifications and Supplier Information, Commitments. The terms and conditions of Appendix D apply to those products and services in Offeror’s proposal.**

Q98. Page 50, (b) Pricing Commitment, Part (i): Manufacturers that have their products and services on GSA schedules and other established Public Sector/Federal contracts cannot offer U.S. Communities lower pricing. These terms are onerous and could preclude this Manufacturer from bidding on this contract. Would U.S. Communities agree to remove paragraph (i) and allow price competition at the order level to drive additional discounts/savings?

**A98. No.**

Q99. 2.4 Objectives (page 1) – Section 2.4 provides that one of the objectives is to “combine the volumes of Participating Public Agencies to achieve cost effective pricing.” Standard industry practice in this vendor’s industry to provide best pricing for those customers that: (1) provide guaranteed sales; (2) large volume of sales; and/or (3) multi-year contracts. It appears from this RFP that neither Fairfax County nor U.S. Communities can guarantee any volume of sales. As such, what incentive do vendors have to provide their best possible pricing?

**A99. See Introduction and Background, Estimated Volume.**

Q100. 3.1 General Definition of Products and/or Services (page 1) – Section 3.1 provides the statement that Offerors are to propose the broadest selection of TECHNOLOGY PRODUCTS, SERVICES, SOLUTIONS, AND RELATED PRODUCTS AND SERVICES THEY OFFER. Sections 3.1.1 and 3.1.2 then provide a list of such products and services.

- a) Are Sections 3.1.1 and 3.1.2 intended to be a partial list of products and services that vendors may offer?
- b) If a vendor’s products and services do not fall within those specified under 3.1.1 and 3.1.2, would it be acceptable for such a vendor to offer their products and services under the catch-all of “Other Services and Solutions” listed on the bottom of page 2?
- c) If a vendor develops other products and services after contract award, what is the process for amending the master contract to include additional products and services? Please clarify

**A100. a) Introduction and Background Paragraphs 3.1.1 and 3.1.2 are intended for Offeror to provide a broad spectrum of Technology products and services to County and Participating Public Agencies.**

**b) No. See answer to question Q1.**

**c) Any awarded Contractor must submit a request to add new products and services for approval to County in writing.**

Q101. 4. Participating Public Agencies/Contracting Agent/MICPA (page 9) – The RFP provides that Fairfax County serves as the Lead Public Agency/Contracting Agent. Also, each Participating Public Agency enters into a Master Intergovernmental Cooperative Purchasing Agreement (MICPA). Further, it provides that, under the terms of the MICPA, the procurement by the Participating Public Agency shall be construed

- a) Can you please clarify the Master Agreement as a contracting vehicle? Is it a correct understanding that the vendor negotiates the Master Agreement with the Lead Public Agency (Fairfax County), and in the event that a Participating Public Agency wishes to ride the Master Agreement, in order to purchase products and services from the vendor, then they must enter into a MICPA? Please confirm.
- b) If this is a correct understanding, can you please clarify why a Participating Public Agency would be issuing a separate procurement? It seems that if the Master Agreement is negotiated as a procurement vehicle, then no separate procurement would be necessary? What is the value to the vendor of negotiating a Master Agreement, if the vendor then has

Attachment 1

to then enter into separate procurements with Participating Public Agencies? Please clarify.

- c) Are all state, counties, local government entities and/or public agencies permitted to ride the Master Agreement through the MICPA? Please clarify.

**A101. a) Participating Public Agencies consent to MICPA when registering with U.S. Communities on its website and only need to register once to utilize all U.S. Communities contracts. Currently over 55,000 Public Agencies are able to purchase off of the Technology contract.**

**b) State statutes allow Participating Public Agencies to utilize the competitively solicited Master Agreement held by the Lead Public Agency (Fairfax County) without having to individually go through the full competitive bid process. Each Participating Public Agency makes its own purchases with the awarded Supplier under the same terms and conditions as awarded by the Lead Public Agency.**

**c) Yes, with few exceptions.**

Q102. 4. Availability of Master Agreement (page 10) – The RFP provides that “U.S. Communities reserves the right to make available or not make available Master Agreements awarded by a Lead Public Agency to Participating Public Agencies.”

a) If a vendor enters into a Master Agreement with the Lead Public Agency, it is unclear why U.S. Communities would have the right to not make the Agreement available to Participating Public Agencies? Can you please clarify the intent of this provision?

b) Under what circumstances would U.S. Communities not make the Master Agreement available to Participating Public Agencies?

**A102. a) U.S. Communities manages and administers the U.S. Communities Program nationwide.**

**b) An example of a circumstance where U.S. Communities would not make the Master Agreement available to Participating Public Agencies is if an Offeror failed to comply with the terms and conditions of Appendix F.**

Q103. **3.1 Special Provisions, Contract Period and Renewal (page 11)** – The RFP provides that the contract will be begin on date of award and terminate on the 3<sup>rd</sup> anniversary of the award.

a) Is it a correct understanding that the contract is for a base period of 3 years, with four one-year options to extend?

b) What is the process for the exercise of the option years?

**A103. a) Yes**

**b) Options are exercised through an Amendment to the Master Agreement.**

Q104. 3.1 Special Provisions, Contract Period and Renewal (page 11) – Regarding contract terms of individual contracts with purchasing entities:

a) Will all Participating Agencies continue to operate/procure according to their unique fiscal years or the Contract “fiscal year”? Please clarify?

b) Will price increases take effect on the anniversary of the Master Agreement, or on the anniversary date of that individual Purchasing Agencies submit an order?

**A104. a) Participating Public Agencies will operate on their “fiscal years”.**

**b) Price adjustments must be submitted and approved by County for the Master Agreement per Special Provisions Paragraph 9.**

Q105. 5.1.2 Program Requirements (page 12) – The RFP states in Section 5.1 that a Qualified Offeror be an authorized reseller or direct manufacturer of the Products and Services. Does this definition preclude from consideration vendors who are not authorized resellers or direct vendors of the specific Products and Services listed under the Introduction and Background, starting on page 3?

**A105. Yes.**

Q106. **5.5 Offeror Capabilities (page 13)** – Section 5.5 provides a list of several capabilities that the Offeror will perform (see sections 5.5.1-5.5.7). If one or more of these provisions simply do not apply to the products and services that a vendor is offering, is it a correct understanding that these provisions simply are “not applicable”? Please clarify.

**A106. Offeror must note any requirements that are not applicable in its response.**

Q107. 5.9.3 Environmental Reporting (page 14) – The RFP indicates that vendors may, upon request, be required to provide periodic environmental impact reports.

a) Can you please provide a sample report?

b) In the event that the products offered are electronic in nature, such that there is no environmental impact, can the requirement for Environmental Reporting be waived?

**A107. a) This information is not available.**

**b) No.**

Q108. 5.11.6 Index (page 15) – Section 5.11.6 provides for the creation of an index of information. Can you please provide clarification as to the intent of this requirement, and to what product(s) and/or service(s) that this may apply to?

**A108. This is to ensure compatibility of data across platforms so there is homogeneity of data.**

Q109. 5.12 Background Checks (page 15) – Section 5.12 provides for background checks for personnel “who work in a County owned/leased/rented facility.” Is it a correct understanding that this only applies to personnel that would maintain an office in a County facility, but not to an employee that may be just visiting (e.g., for training or customer support)? Please clarify.

**A109. If a staff member is onsite, they must have successfully completed a background check.**

Q110. 7. Cost Proposal Instructions (page 17) – Section 7.1 provides that the Offeror’s cost proposal must include “cost and pricing data.” If an Offeror is offering a commercial item product for which “cost and pricing data” is simply not applicable, may this requirement be omitted or waived? Please clarify.

**A110. Offeror must provide adequate information to establish the reasonableness of the proposed fees.**

Q111. 7.3 Tab 1 Proposed Product Offering (page 18) – Section 7.3 requires offerors to provide a detailed cost breakdown of their proposed pricing structure to include direct, indirect, general & administrative, overhead and profit cost details. If an Offeror is offering a commercial item product for which this information is simply not applicable and/or available, may this requirement be omitted or waived? Please clarify.

**A111. If offering a product, see Special Provisions, Paragraph 7.3 Tab 1.**

Addendum 2  
Page 18

Attachment 1

- Q112. 7.3 Tab 1 Proposed Product Offering (page 18) – Section 7.3 provides that price reductions, special offerings, sales or promotions shall be passed on to the County and Participating Agencies as soon as they are announced. Is it a correct understanding that the price reductions, special offerings, sales or promotions are limited to those offered as part of the Master Agreement? What about price reductions, special offerings, sales or promotions that may be offered to the vendor's customers outside of the Master Agreement? Please clarify the intent of this paragraph.
- A112. See Appendix D, Supplier Qualifications and Supplier Information, Commitments. If Offeror is offering price reductions, special offerings, sales or promotions to Public Agencies outside of the Master Agreement, it must also offer those price reductions, special offerings, sales or promotions through the Master Agreement. See answer to question Q12 for a definition of Public Agencies. Price reductions, special offerings, sales or promotions to the federal government or the private sector would not apply.**
- Q113. 9.1 Pricing (page 19) – Section 9.1 provides that the pricing structure, discounts and fees will remain firm in the first 365 days, and that any changes “may be based on CPI”. If a vendor's products are not a commodity to which CPI would apply, may a vendor propose price increases based on standard industry practice? Please clarify.
- A113. Special Provisions Paragraph 9.1 indicates “or other relevant indices” to offer flexibility.**
- Q114. **9.2 Pricing (page 19)** – Section 9.2 provides that the request for a price change must be documented with multiple factors. If a vendor's products are not a commodity to which CPI would apply, may a vendor simply provide pricing for all years of the proposed contract term (base 3 years plus four one-year option years), as this is our standard industry practice, and leads to procurement efficiency as it alleviates the contract administration need of engaging in negotiations on an annual basis.
- A114. Yes.**
- Q115. 19.1 Statistical Reports (page 24) - Under section 19.1, what data is to be provided in these statistical monthly and annual tabulated reports? Is this requirement duplicative of any of the reports under 5.9.1, 5.9.2, 5.9.3, or the management reports identified in the Supplier Qualifications and Supplier Information section of (7) Administration?
- A115. Special Provisions Paragraph 19.1 relates to federal and state mandated reporting requirements. Paragraph 5.9 relates to specific requirements for the County and Participating Public Agencies for this RFP. Supplier Qualifications and Supplier Information, Administration, Item 7, is for any additional reporting your company can offer.**
- Q116. **19.3 Invoices (page 24)** - Under section 19.3, since our invoices are systematically generated and mailed by the 8th of each month, would it be acceptable to add additional mail time of 7 days, for a received date of the 15th of each month?
- A116. Offeror should propose the most effective way it can meet the requirements of the RFP.**

RFP 2000001701  
Addendum 2  
Page 19

Attachment 1

Q117. 24 Project Audits (page 25) - Under section 24.1, can you provide additional detail on the types of costs and data that would be required for a successful audit?

**A117. Audits can vary greatly depending on the type of audit so this information is not available.**

Q118. 29 Use of Contract by Other Public Bodies (page 26) – Section 29.4 indicates that each public body has the option of executing a separate contract with the Contractor. It appears to defeat the purpose of negotiating a Master Agreement with the Lead Public Agency if the vendor then has to turn around and negotiate a separate agreement with the Participating Public Agency. Isn't that the purpose of the MICPA? Please clarify how this results in procurement efficiency.

**A118. This paragraph is for the benefit of local DC metro area jurisdictions. Just as language in the Master Intergovernmental Cooperative Purchasing Agreement states that the "Master Agreements" are "subject to any applicable local purchasing ordinances and the laws of the State of purchase".**

Q119. 32. HIPAA Compliance (page 27) – If a vendor is not offering a product or service that impacts HIPAA, does this provision get struck as simply not applicable? Please clarify.

**A119. If Offeror is not offering a product or service that impacts HIPAA, Offeror should note as not applicable.**

Q120. General Terms and Conditions, 32 – Termination for Convenience (page 32) – In the General Conditions and Instructions to Bidders, page 32, Paragraph 32, there is a Termination for Convenience. The RFP states that the "Contract may be terminated in whole or in part by the County whenever the County Purchasing Agent shall determine that such a termination is in the best interest of the County.

a) If the Contract is terminated for convenience by the Lead Agency, what is the effect of the cancellation on the Participating Agencies? Does cancellation by the Lead make the contract null and void for all Participating Agencies?

b) Given the potential size of this solicitation and the potentially large number of Participating Agencies, termination for convenience would seem to not be in the best interests of all Participating Agencies. As such, we would request that this provision be removed or modified to allow existing agreements to survive until their specific term is completed.

**A120. a) Yes.**

**b) We will not be removing this paragraph.**

Q121. General Terms and Conditions, Section 78 Venue (page 39) - On page 39, Venue is in accordance with the laws of Virginia but under the Administration Agreement, on page 72 of Appendix F, the agreement is governed and interpreted in accordance with the laws of the State of California. Please clarify.

**A121. General Terms and Conditions, Section 78 Venue applies to the Master Agreement. Appendix F applies to the Administration Agreement.**

Q122. Supplier Qualifications and Supplier Information, Corporate Commitment (page 48) – Section (a)(i) states that the pricing will be the Supplier's primary contractual offering of Products and Services to Public Agencies. Vendors may have other contracts and other master agreements with other entities. Is it the intent of this provision that this is the primary price offerings for any Public Agencies that wish to purchase under this Master Agreement (e.g., through a MICPA)? Or is it the expectation that the vendor will offer this same pricing to any customers, whether they purchase under the Master Agreement or outside of the Master Agreement? Please clarify.

RFP 2000001701  
Addendum 2  
Page 20

Attachment 1

- A122. The pricing under the Master Agreement must be the lowest overall pricing (net to purchaser) by Supplier for Public Agencies over any other available pricing. See Supplier Qualifications and Supplier Information, Pricing Commitment.**
- Q123. Supplier Qualifications and Supplier Information, Corporate Commitment (page 48) – Section (a)(ii) states that the Supplier’s sales force shall always present the Master Agreement when marketing Products or Services to Public Agencies. Vendors may have other contracts and other master agreements with other entities. Is it the intent of this provision that the sales force offer the Master Agreement pricing only to those Public Agencies that wish to purchase under the Master Agreement? Or is it the intent of this provision that the sales force quote this pricing to all of their Public Agency customer, regardless of whether they are purchasing off the Master Agreement, or outside the Master Agreement (e.g., another contract vehicle and/or a separate procurement). Please clarify.
- A123. Supplier must present the Master Agreement as its primary offering to all Public Agencies. It is the Public Agency’s decision to determine if it wants to utilize the Master Agreement.**
- Q124. Supplier Qualifications and Supplier Information, Corporate Commitment (page 48) – Section (a)(iii) and (a)(viii) states that Supplier shall advise all Public Agencies that are existing customers of Supplier as to the pricing offered through the Master Agreement. Vendors may have multiple other contracts and other master agreements with other entities. Is it the intent of this provision that the Supplier transition all other customers to the pricing on this Master Agreement?
- A124. No, the intent is to advise all Public Agencies that are existing customers of the Master Agreement. It is the Public Agency’s decision to determine if it wants to utilize the Master Agreement.**
- Q125. Supplier Qualifications and Supplier Information, Pricing Commitment (page 49) – This provision may be applicable to vendors that provide commodities. However, if a vendor is offering a product or service that is not a commodity, and the pricing fluctuates due to numerous factors including the number of users, content offering, usage history, etc., these pricing commitments are difficult, if not impossible, for non-commodity vendors to meet. As such, would the Lead Public Agency consider deleting or modifying these provisions under such circumstances? If not, how does a vendor of a non-commodity product price their product, taking into account their standard pricing factors, and still adhere to these pricing commitments?
- A125. It is up to the Offeror to propose tiered fees, rebate structures or other pricing based on size, volume or other measure.**
- Q126. Supplier Qualifications and Supplier Information, Pricing Commitment (page 49) – This provision may be applicable to vendors that provide commodities. However, if a vendor is offering a product or service that is not a commodity, and the pricing fluctuates due to numerous factors, how is the vendor of a non-commodity product expected to adhere to these pricing commitments. We provide a unique product that is customized to the needs of our government customers. It is our experience that each customer has unique needs, so we customize our offering to each customer’s needs (we do not offer a “one size fits all” product). Under these circumstances, what is the expectation with respect to the pricing commitment? Is it sufficient that the vendor provide equivalent pricing for similarly situated customers, based on content, users, usage history, etc.? Please clarify.
- A126. Yes.**

RFP 2000001701  
Addendum 2  
Page 21

Attachment 1

Q127. Supplier Qualifications and Supplier Information, Pricing Commitment (page 49) – Section (b)(i) provides that Supplier represents that the pricing offered under the Master Agreement is the lowest overall pricing on Products and Services it offers to Public Agencies. Is it the intent of this provision that the Supplier guarantee that it is offering its best Master Agreement pricing to those Public Agencies that want to purchase under the Master Agreement? Or is the intent of this provision that the supplier represents that this is the lowest pricing to any Public Agency, whether they are purchasing under the Master Agreement, or outside of the Master Agreement? Please clarify.

**A127. Pricing must be the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies.**

Q128. Supplier Qualifications and Supplier Information, Pricing Commitment (page 49) – Under Pricing Commitment (b)(i), the RFP asks the Supplier to represent that the pricing offered is the lowest overall pricing (net to purchaser) on Products and Services that is offers to “Public Agencies”. Please provide comprehensive definition of Public Agencies to accurately assess the scope and application of this provision throughout subsection (b) Pricing Commitment, specifically with regards to (b) (i), (ii), and (iv). In addition, please confirm if “Public Agencies” is meant to reflect the defined term “Participating Public Agencies”?

**A128. See answer to question Q12. Additionally, see Appendix F Recitals, second paragraph.**

Q129. Supplier Qualifications and Supplier Information, Pricing Commitment (page 49) –Under Pricing Commitment (b)(i), the RFP states that the pricing will be evaluated on either an overall project basis or the PA’s actual usage. When referring to evaluated, is this meant to describe the evaluation of the Supplier’s overall proposal or of their pricing offered during the course of the contract after an award? Could you please expound upon the intent behind “overall project basis” and “actual usage” as factors used to evaluate pricing?

**A129. Supplier must demonstrate on an ongoing basis to Public Agencies that its pricing is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier can demonstrate this on an overall project basis or by utilizing Public Agency’s actual usage.**

Q130. **Supplier Qualifications and Supplier Information, Pricing Commitment (page 49)** –Under (b)(ii)(A), if the state contract is available only to a certain group of state agencies, would pricing under the Master Agreement only need to be made available to the matching subgroup of state agencies?

**A130. Yes.**

Q131. Supplier Qualifications and Supplier Information, Contracts Offering Lower Prices (page 49) – Vendors may have multiple other contracts and other master agreements with other entities (whether statewide agreements, regional cooperative agreements, or individual contracts). If any of these contracts have lower pricing than the Master Agreement, is it the intent of this provision that the vendor than provide the same lower pricing under the Master Agreement? Please clarify.

**A131. Yes, See Supplier Qualifications and Supplier Information (b)(ii)(A)(B) and (C).**

Q132. Supplier Qualifications and Supplier Information, Deviating Buying Patterns (page 49) – Can you please define what you would consider a “Deviating Buying Pattern” and under what circumstances this exception to the Pricing Commitment would apply?

**A132. This language is more appropriate for product based contracts. An example would be 100 truck-loads of copy paper compared to the purchase of 10 cases for office supplies.**

RFP 2000001701  
Addendum 2  
Page 22

Attachment 1

- Q133. Supplier Qualifications and Supplier Information, Deviating Buying Patterns (page 49) –
- a) Can (b)(iii) on page 49, be interpreted to apply to GSA and FEDLINK federal supply schedule agreements, and thereby exclude them from the pricing commitment?
  - b) Can (b)(iii) be interpreted to apply to other state master agreements or regional cooperative agreements, and thereby exclude them from the pricing commitment? Please clarify.
- A133. a) If a Public Agency, as defined in the RFP, can access the GSA and FEDLINK federal supply schedule agreements, then the Supplier Qualifications and Supplier Information, Commitments apply.**  
**b) No.**
- Q134. Supplier Qualifications and Supplier Information, Section (d) (v) Sales Commitment (page 51) - Under this provision, how is the Supplier to perform this registration confirmation task? Does the County have a registration tool that can be accessed to identify if the Agency has registered? Can the County provide a registration document to the Supplier as each Public Agency registers? Will the Agencies supply this information on their PO's?
- A134. Supplier will have access to this information through the U.S. Communities intranet website.**
- Q135. U.S. Communities Administration Agreement Instructions (page 52) – The RFP provides that the executed U.S. Communities Administration Agreement is required to be submitted with the supplier's proposal without exception or alteration. It is this vendor's standard industry practice that such agreements are negotiated mutually by both parties. Will U.S. Communities be willing to negotiate the terms of the Administration Agreement? Please clarify.
- A135. No.**
- Q136. Supplier Qualifications and Supplier Information, Section 7 (page 60) – Please clarify what is meant by commodity histories, procurement card histories, and green spend. Is there a sample report or template that you can provide?
- A136. Supplier Qualifications and Supplier Information, Administration, Question 7, please describe any abilities your company has in providing historical spend of products and services, any historical spend through a procurement card, any spend considered to be environmental/sustainable, and any other reports you can offer to a Participating Public Agency.**
- Q137. Administration Agreement, Section 5.1 Fees and Reporting (page 69) - Is Supplier authorized to include the 2% administrative fee in the proposed pricing to the County and Participating Agencies?
- A137. Yes, pricing is net to purchaser.**
- Q138. Administration Agreement, Section 5.4 Online Reporting (page 70) – What is the purpose of this reporting if the Supplier has already provided quarterly sales reports under Fees and Reporting section 5.2? On its face, it appears to be duplication of effort and resources.
- A138. These are additional reports and not a duplication of reports.**

RFP 2000001701  
Addendum 2  
Page 23

Attachment 1

- Q139. Administration Agreement, Section 6.4 Notices (page 71) - is it acceptable to submit reports electronically, to support our green initiatives? Reporting requirements under sections 5.9, 19, and (7) Administration of Supplier Qualifications could potentially result in hundreds of reports monthly.
- A139. How a report is delivered will be determined by the County or Participating Public Agency, depending on the type of report and needs of the particular entity.**
- Q140. Appendix F - Sales Report Format (page 75) - The Supplier ID is a required field in the Sales Report and a Supplier ID Table is supposed to be included in the Sample Sales Report Format document. This Table is missing from the document. Can you provide this Supplier ID Table?
- A140. This information will be provided upon award.**
