October 6, 2020

District Chief Jay Servais
Davidson County Office of Emergency Management
2060 15th Avenue South
Nashville, TN 37212

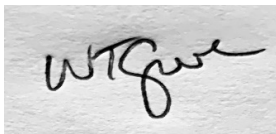

Dear Chief Servais,

As Jim Hornstein has discussed with you, Celanese Corporation is pleased to donate 50,000 Moldex N95 disposable respirators to the Office of Emergency Management of Davidson County to be used as OEM determines to help fight the COVID-19 pandemic. The value of this donation is \$50,000.

Celanese has the opportunity to make this donation as a result of its selection of Moldex-Metric, Inc. to purchase our facility in Lebanon, Tenn., for its expansion of its N95 disposable respirator production capacity and Moldex's offer to provide these respirators for donation by Celanese for use in the community where Moldex is expanding its operations.

Please let us know that the Davidson County OEM will accept this donation and where and to whom it should be shipped.

Best regards,

W. Travis Jacobsen
Director of Global Corporate Communications
