If the indirect cost rate is provisional during the Term, once the rate becomes final, the Grantee agrees to remit any overpayment of funds to the State, and subject to the availability of funds the State agrees to remit any underpayment to the Grantee.
- C.9. Cost Allocation. - C.11. Non-allowable Costs. Any amounts payable to the Grantee shall be subject to reduction for amounts included in any invoice or payment that are determined by the State, on the basis of audits or monitoring conducted in accordance with the terms of this Grant Contract, to constitute unallowable costs.

In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Grant Contract upon written notice to the Grantee. The State's right to terminate this Grant Contract due to lack of funds is not a breach of this Grant Contract by the State. Upon receipt of the written notice, the Grantee shall cease all work associated with the Grant Contract. Should such an event occur, the Grantee shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Grantee shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

Code Ann. § 8-4-401 *et seq.*, or if this Grant Contract involves the provision of services to citizens by the Grantee on behalf of the State, the Grantee agrees to establish a system through which recipients of services may present grievances about the operation of the service program. - D.21. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Grant Contract is not a waiver or relinquishment of any term, covenant, condition, or provision. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Grant Contract. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Grant Contract arising from a Force Majeure Event is not a default under this Grant Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Grantee's representatives, suppliers, subcontractors, customers or business apart from this Grant Contract is not a Force Majeure Event under this Grant Contract. Grantee will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Grantee's performance longer than forty-eight (48) hours, the State may,

upon notice to Grantee: (a) cease payment of the fees until Grantee resumes performance of the affected obligations; or (b) immediately terminate this Grant Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. The Grantee agrees that the State may file this Grant Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment or motor vehicles herein specified. Without the prior written consent of the State, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment or motor vehicles, including replacements and additions thereto. The Grantee shall inventory equipment or motor vehicles annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment or motor vehicles purchased with funding through this Grant Contract within thirty (30) days of its end date and in form and substance acceptable to the State. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the State, in writing, of any equipment or motor vehicle loss describing the reasons for the loss. Should the equipment or motor vehicles be destroyed, lost, or stolen, the Grantee shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment or motor vehicles purchased with Grant funds. "Processing Environment" shall mean the combination of software and hardware on which the Application runs. "Application" shall mean the computer code that supports and accomplishes the State's requirements as set forth in this Contract. "Penetration Tests" shall be in the form of attacks on the Grantee's computer system, with the purpose of discovering security weaknesses which have the potential to gain access to the Processing Environment's features and data. The "Vulnerability Assessment" shall be designed and executed to define, identify, and classify the security holes (vulnerabilities) in the Processing Environment. The Grantee shall provide a letter of attestation on its processing environment that penetration tests and vulnerability assessments has been performed on an annual basis and taken corrective action to evaluate and address any findings. The Grantee must provide a letter of attestation that includes a penetration testing and vulnerability assessments report that outlines risk exposure of the critical, high, and moderate risks and how they were mitigated, within 30 days of receiving the results.

In the event of an unauthorized disclosure or unauthorized access to State data, the State Strategic Technology Solutions (STS) Security Incident Response Team (SIRT) must be notified and engaged by calling the State Customer Care Center (CCC) at 615-741-1001. Any such event must be reported by the Grantee within twenty-four (24) hours after the unauthorized disclosure has come to the attention of the Grantee.

- (5) If a breach has been confirmed a fully un-modified third-party forensics report must be supplied to the State and through the STS SIRT. This report must include indicators of compromise (IOCs) as well as plan of actions for remediation and restoration. Grantee shall take all necessary measures to halt any further Unauthorized Disclosures.

- (6) Upon State request, the Grantee shall provide a copy of all Confidential State Data it holds. The Grantee shall provide such data on media and in a format determined by the State
- (7) Upon termination of this Contract and in consultation with the State, the Grantee shall destroy, and ensure all subcontractors shall destroy, all Confidential State Data it holds (including any copies such as backups) in accordance with the current version of National Institute of Standards and Technology ("NIST") Special Publication 800-88. The Grantee shall provide a written confirmation of destruction to the State within ten (10) business days after destruction.

b. Minimum Requirements

- (1) The Grantee and all data centers used by the Grantee to host State data, including those of all Subcontractors, must comply with the most current version of NIST 800-53, "Security and Privacy Controls for Federal Information Systems and Organizations," or NIST 800-171, "Protecting Controlled Unclassified Information in Nonfederal Systems and Organizations," with the State to review the implementation of this Section. The State must have proof of compliance with NIST 800-53 or NIST 800-171 in the form of a third-party audit at a minimum every two years or upon request. Davidson County Information Security Management Policies are located at: <https://www.nashville.gov/departments/information-technology-services/information-security/information-security-policies>
- (2) The Grantee agrees to maintain the Application so that it will run on a current, manufacturer-supported Operating System. "Operating System" shall mean the software that supports a computer's basic functions, such as scheduling tasks, executing applications, and controlling peripherals.
- (3) If the Application requires middleware or database software, Grantee shall maintain middleware and database software versions that are always fully compatible with current versions of the Operating System and Application to ensure that security vulnerabilities are not introduced.
- (4) In the event of drive/media failure, if the drive/media is replaced, it remains with the State and it is the State's responsibility to destroy the drive/media, or the Grantee shall provide written confirmation of the sanitization/destruction of data according to NIST 800-88.

c. Business Continuity Requirements. The Grantee shall maintain set(s) of documents, instructions, and procedures which enable the Grantee to respond to accidents, disasters, emergencies, or threats without any stoppage or hindrance in its key operations ("Business Continuity Requirements"). Business Continuity Requirements shall include:

- (1) "Disaster Recovery Capabilities" refer to the actions the Grantee takes to meet the Recovery Point and Recovery Time Objectives defined below. Disaster Recovery Capabilities shall meet the following objectives:
 - i. Recovery Point Objective ("RPO"). The RPO is defined as the maximum targeted period in which data might be lost from an IT service due to a major incident: 1 hour
 - ii. Recovery Time Objective ("RTO"). The RTO is defined as the targeted duration of time and a service level within which a business process must be restored after a disaster (or disruption) in order to avoid unacceptable consequences associated with a break in business continuity: 24 hours
- (2) The Grantee and the Subcontractor(s) shall maintain a documented Disaster Recovery plan and shall share this document with the State when requested. The Grantee and the Subcontractor(s) shall perform at least one Disaster Recovery Test every three hundred

sixty-five (365) days. A "Disaster Recovery Test" shall mean the process of verifying the success of the restoration procedures that are executed after a critical IT failure or disruption occurs. The Disaster Recovery Test shall use actual State Data Sets that mirror production data, and success shall be defined as the Grantee verifying that the Grantee can meet the State's RPO and RTO requirements. A "Data Set" is defined as a collection of related sets of information that is composed of separate elements but can be manipulated as a unit by a computer. The Grantee shall provide written confirmation to the State after each Disaster Recovery Test that its Disaster Recovery Capabilities meet the RPO and RTO requirements.

E.10. Comptroller Audit Requirements.

When requested by the State or the Comptroller of the Treasury, the Grantee must provide the State or the Comptroller of the Treasury with a detailed written description of the Grantee's information technology control environment, including a description of general controls and application controls. The Grantee must also assist the State or the Comptroller of the Treasury with obtaining a detailed written description of the information technology control environment for any third or fourth parties, or Subcontractors, used by the Grantee to process State data and/or provide services under this Grant.

Grantee will maintain and cause its Subcontractors to maintain a complete audit trail of all transactions and activities in connection with this Grant, including all information technology logging and scanning conducted within the Grantee's and Subcontractor's information technology control environment. Upon reasonable notice and at any reasonable time, the Grantee grants the State or the Comptroller of the Treasury with the right to audit the Grantee's information technology control environment, including general controls and application controls. The audit may include testing the general and application controls within the Grantee's information technology control environment and may also include testing general and application controls for any third or fourth parties, or Subcontractors, used by the Grantee to process State data and/or provide services under this Grant. **The audit may include the Grantee's and Subcontractor's compliance with NIST 800-53 or 800-171 and all applicable requirements, laws, regulations, or policies.**

Upon reasonable notice and at any reasonable time, the Grantee and Subcontractor(s) agree to allow the State, the Comptroller of the Treasury, or their duly appointed representatives to perform information technology control audits of the Grantee and all Subcontractors used by the Grantee. Grantee will provide to the State, the Comptroller of the Treasury, or their duly appointed representatives access to Grantee and Subcontractor(s) personnel for the purpose of performing the information technology control audit. The audit may include interviews with technical and management personnel, physical or virtual inspection of controls, and review of paper or electronic documentation.

The Grantee must have a process for correcting control deficiencies that were identified in the State's or Comptroller of the Treasury's information technology audit. For any audit issues identified, the Grantee and Subcontractor(s) shall submit a corrective action plan to the State or the Comptroller of the Treasury which addresses the actions taken, or to be taken, and the anticipated completion date in response to each of the audit issues and related recommendations of the State or the Comptroller of the Treasury. The corrective action plan shall be provided to the State or the Comptroller of the Treasury upon request from the State or Comptroller of the Treasury and within 30 days from the issuance of the audit report or communication of the audit issues and recommendations. Upon request from the State or Comptroller of the Treasury, the Grantee and Subcontractor(s) shall provide documentation and evidence that the audit issues were corrected.

Each party shall bear its own expenses incurred while conducting the information technology controls audit.

E.11. Personally Identifiable Information. While performing its obligations under this Grant Contract, Grantee may have access to Personally Identifiable Information held by the State ("PII"). For the

purposes of this Grant Contract, "PII" includes "Nonpublic Personal Information" as that term is defined in Title V of the Gramm-Leach-Bliley Act of 1999 or any successor federal statute, and the rules and regulations thereunder, all as may be amended or supplemented from time to time ("GLBA") and personally identifiable information and other data protected under any other applicable laws, rule or regulation of any jurisdiction relating to disclosure or use of personal information ("Privacy Laws"). Grantee agrees it shall not do or omit to do anything which would cause the State to be in breach of any Privacy Laws. Grantee shall, and shall cause its employees, agents and representatives to: (i) keep PII confidential and may use and disclose PII only as necessary to carry out those specific aspects of the purpose for which the PII was disclosed to Grantee and in accordance with this Grant Contract, GLBA and Privacy Laws; and (ii) implement and maintain appropriate technical and organizational measures regarding information security to: (A) ensure the security and confidentiality of PII; (B) protect against any threats or hazards to the security or integrity of PII; and (C) prevent unauthorized access to or use of PII. Grantee shall immediately notify State: (1) of any disclosure or use of any PII by Grantee or any of its employees, agents and representatives in breach of this Grant Contract; and (2) of any disclosure of any PII to Grantee or its employees, agents and representatives where the purpose of such disclosure is not known to Grantee or its employees, agents and representatives. The State reserves the right to review Grantee's policies and procedures used to maintain the security and confidentiality of PII and Grantee shall, and cause its employees, agents and representatives to, comply with all reasonable requests or directions from the State to enable the State to verify or ensure that Grantee is in full compliance with its obligations under this Grant Contract in relation to PII. Upon termination or expiration of the Grant Contract or at the State's direction at any time in its sole discretion, whichever is earlier, Grantee shall immediately return to the State any and all PII which it has received under this Grant Contract and shall destroy all records of such PII.

The Grantee shall report to the State any instances of unauthorized access to or potential disclosure of PII in the custody or control of Grantee ("Unauthorized Disclosure") that come to the Grantee's attention. Any such report shall be made by the Grantee within twenty-four (24) hours after the Unauthorized Disclosure has come to the attention of the Grantee. Grantee shall take all necessary measures to halt any further Unauthorized Disclosures. The Grantee, at the sole discretion of the State, shall provide no cost credit monitoring services for individuals whose PII was affected by the Unauthorized Disclosure. The Grantee shall bear the cost of notification to all individuals affected by the Unauthorized Disclosure, including individual letters and public notice. The remedies set forth in this Section are not exclusive and are in addition to any claims or remedies available to this State under this Grant Contract or otherwise available at law. The obligations set forth in this Section shall survive the termination of this Grant Contract.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

REPORTING TEMPLATE

Introduction

Reporting Template has three parts:

- Schedule A,
- Schedule B, and
- Schedule C which are Program Expense Reports (PER), Program Revenue Reports (PRR) and Reconciliation Between Total and Reimbursable Expenses and Total Expense Summary Report.

Program Expense Reports (PER), Program Revenue Reports (PRR) and Reconciliation Between Total and Reimbursable Expenses and Total Expense Summary Report including Schedule A-1 and Schedule B-1 must be submitted in the same format/the same column heading each quarter. The final Report (definition can be found in grant contract agreement) must be approved by the contracting state agency.

Schedule Headings

At the top of each schedule, the name of the reporting contractor/grantee and the period covered by the report need to be entered. The period of the report should always be the most recent quarter ended and report programs in the same sequence as the previous quarter.

Column Headings

For each program for Schedule A and B, Contracting State Agency, Program Name, Assistance Listing Number/Program Number, Edison Contract Number, and Grant/Contract Term should be entered. These can be found in the grant contract agreement.

- The Contracting State Agency is for the state agency who awards the grant and initiates the contract agreement.
- The Program Name is the title to describe the program or the title that corresponds to the Federal Assistance Listing number.
- The Assistance Listing Number/Program Name is a number assigned to identify the Federal Assistance Listings under which the subaward was made by the contracting State agency.
- The Edison contract number is the number assigned by the contracting state agency and should include the amendment number, if any. This can be found in the grant contract agreement.
- The grant/contract term is the beginning and ending dates of the grant/contract. This can be found in the grant contract agreement.

Program Columns

Program expense columns (Quarter-To-Date and Year-To-Date) are for reporting direct program expenses. Direct program expenses that benefit more than one program (i.e., allocable-direct costs) may be allocated to the benefitted programs within the expense categories. The cognizant state agency should approve the method used for cost allocations and the contacting state agency should abide by the cost allocation approved by the cognizant state agency.

The Quarter-To-Date column can be used to capture all expenses for the specific quarter. For example, the expenses for the 2nd quarter (from 10/1/22 to 12/31/2022) can be entered in this column.

All accumulated expenses for each program can be entered in Year-To-Date column. For example, if a grantee/organization has entered the expenses for the 2nd quarter in Quarter-To-Date column, all accumulated expenses for the 1st quarter and the 2nd quarter should be entered in Year-To-Date column.

PROGRAM EXPENSE REPORT (PER) SCHEDULE A

Purpose/Scope

The Program Expense Report (PER Schedule A) contains expenses by the detailed line items and then summarizes by subtotals or total. This schedule can be used for any grants received from a state agency or multiple state agencies.

These expenses include direct and allocated direct program expenses in each line item. Per 2 CFR Part 200.413, direct costs are those costs that can be identified specifically with a particular final cost objective, such as a grant, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy. Per 2 CFR Part 200.405, allocable direct costs are those that benefit more than one program, but do not fall under the criteria of indirect costs.

Except for depreciation, every expense reported in Lines 1 through 21 must represent an actual cash disbursement or accrual (as defined in the Basis for Reporting Expenses/Expenditures section on page 1 of this instructions). If more than two programs (e.g., four programs), complete multiple Schedule As to report all four program expenses.

Additionally, this schedule provides the Grant Budget Amount (from grant contract agreement) column and the Over/(Under) Budget Amount column which compares cumulative Year-To-Date expenses to Grant Budget Amount.

PROGRAM REVENUE REPORT AND RECONCILIATION BETWEEN TOTAL PROGRAM AND REIMBURSABLE EXPENSES SCHEDULE B

Purpose/Scope

Program Revenue Report (PRR) and Reconciliation Between Total and Reimbursable Expenses, Schedule B, are intended to capture all revenue by the detailed source and reconcile total program expenses and reimbursable expenses. Each revenue column should match up with the Edison Contract Number and the Program Name from Schedule A and align with its corresponding expense column from the Schedule A. The Reconciliation of Total Program Expenses And Reimbursable Expenses, at the bottom of Schedule B, should be completed to show how Total Program Expenses (Line 51 of Schedule B or Line 25 of Schedule A) reconciles to the amount to be reimbursed.

If multiple programs exist, additional copies of the Schedule B can be used to enter all Program Revenue and Reconciliation Between Total and Reimbursable Expenses.

Additional supplemental schedules showing the Sources of Revenue in the aggregations may be attached, if needed. The contracting state agency may provide more guidance in the grant contract agreement.

Instruction for Reconciliation Between Total and Reimbursable Expenses

Line 51 Total Program Expenses

This line is brought forward from Line 25 Total Program Expenses on Schedule A.

Line 52 Other Unallowable Expenses

Enter amount for Other Unallowable Expenses here. Some program expenses may not be reimbursable under certain grants. Example of this can be the in-kind expenses which is non-cash item. This will vary according to the contracting state agency and the type of grant or contract. Consult with the contracting state agency that funds the program for additional guidelines.

Line 53 Excess Administration

This line may be used to deduct allocated Administration and General expenses (indirect costs) in excess of the allowable percentage specified in the grant contract agreement or the indirect cost rate that is approved by the cognizant State agency. This line may also be used to deduct an adjustment resulting from limitations on certain components of Administration and General expenses. Consult with the contracting state agency that funds the program for additional guidelines.

Line 54 Matching Expenses

Total program expenses should be deducted from matching (cost sharing) expenses required by the program compliance. This portion can be specified as an amount or percentage to match the federal award. Program income (e.g., user fees or rental of real property) can be deducted from matching portion.

Line 55 Reimbursable Expense (Line 51 Less Lines 52, 53, And 54)

This should equal the amount the contracting state agency has already paid for the quarter's operations of the program. The cumulative Year-To-Date column is what the grantor has actually paid to date if the organization has submitted the invoice and reimbursed monthly.

Line 56 Total Reimbursement To Date

The Quarter-to-Date column is the total amounts received for this quarter from filing of Invoices for Reimbursement (usually monthly). The cumulative Year-to-Date column amount is the total amount received for the grant program.

Line 57 Difference (Line 55 minus Line 56)

This is the portion of Reimbursable Expenses that are not paid yet. If a grantee submits a monthly invoice for reimbursement and reimbursement has been received, this will be zero.

Line 58 Advances

Any advance payments from the contracting state agency should appear on this line. Most of time, the contracting state agency will not pay the expenses in advance.

Line 59 This Reimbursement (Line 57 minus 58)

The remainder should be the amount due under the grant contract. Request for reimbursement is made through the invoicing process and not through filing of the quarterly or annual report. Any amounts showing here needed to be included in the invoice for reimbursement.

**NONGRANT EXPENSE REPORT (NER)
NONGRANT REVENUE REPORT (NRR) AND
RECONCILIATION BETWEEN TOTAL NONGRANT AND
REIMBURSABLE EXPENSES
SCHEDULE A-1, SCHEDULE A-1-Q1-Q4, and SCHEDULE B-1**

Purpose/Scope

These schedules may be used for the nongrants/unallowable expenses that are not reimbursed/will not be reimbursed by the contracting state agencies.

These schedules should be completed to reconcile expenses per the Total Expense Summary Report (Schedule C) to the trial balance/general ledger when the nongrants/unallowable expenses exist in the grantee's books.

Instruction for Schedules A-1, A-1-Q1-Q4, and B-1

The instruction for these schedules A-1, A-1-Q1-Q4, and B-1 are the same as the instructions for Schedule A and B except these expenses will not be reimbursed by the contracting state agency.

Heading sections may be entered as N/A if this heading is not applicable for Nongrant/Unallowable Expense or Revenue.

**TOTAL EXPENSE SUMMARY REPORT
Schedule C**

Purpose/Scope

The Total Expense Summary Report is intended to recap all the direct program expenses in one column, separately identify nongrant/unallowable expenses, and total administrative expenses in other columns, as well as a grand total of all the expenses of the grantee. The amounts in Grand Total Year-to-Date column should tie to the general ledger/trial balance of the grantee/organization.

Schedule C should be only one schedule regardless if there are multiple Schedule As and Bs. The grantee will complete all the schedules at one time and will submit the same schedule to the multiple contracting state agencies if the grantee has received awards from the multiple state agencies.

Instruction for Expenses by Object Line-Items

The object line-items are the same as Schedule A. See each line-item instruction in Schedule A.

Instruction for Columns

Total Direct Program Expenses Column

This column is the summary of all the individual programs' cumulative year to date expenses as identified separately under the respective program names in Schedule A.

Total Nongrant/Unallowable Expenses Column

- II. The cumulative year-to-date expenses for fund-raising activities, if any.

- III. Other cumulative year-to-date expenses that are not allowable for reimbursement according to the terms of the grants or the Federal guidance.

Total Administrative Expenses Column

The administrative expenses column is for categorizing the cumulative year-to-date administrative expenses into the Expense by Object. Total Direct Program Expenses (line 21) of this column is the sum of all the line 21s. Line 22 of this column will make line 21 amount to be a credit amount so that Total Direct and Administrative Expenses is showing zero since these expenses are already claimed in columns Total Direct Program Expenses Year-To-Date and Total Nongrant/Unallowable Expenses Year-To-Date.

Grand Total Column

The Grand Total column contains all the cumulative year-to-date expenses for the entire reporting organization. The Grant Total Year-to-Date expenses must be traceable to the reporting organization's general ledger or trial balance.

This letter serves as written notice to the State regarding compliance with the Debarment and Suspension clause in the grant contract. That clause requires the grantee to certify that it “ha[s] not within a three (3) year period preceding this Grant Contract had one or more public transactions (federal, state, or local) terminated for cause or default.” The clause further requires the grantee to “provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded or disqualified, or presently fall under any of the prohibitions of sections a-d.”

On March 25, 2025, the Health Department of the Metropolitan Government of Nashville and Davidson County (“Metro”) received a notification from the Centers for Disease Control and Prevention (“CDC”) that a Community Healthcare Workers grant was terminated “for cause” due to the end of the Covid-19 pandemic. The notification did not indicate any wrongdoing on the part of Metro that prompted the termination.

On April 24, 2025, Metro filed a lawsuit against the CDC challenging the illegal termination of the above-mentioned grant, including the “for cause” termination designation.
