8. GENERAL TERMS AND CONDITIONS

8.1. Taxes

METRO shall not be responsible for any taxes that are imposed on CONTRACTOR. Furthermore, CONTRACTOR understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to METRO.

8.2. Warranty

CONTRACTOR warrants that for a period of one year from date of delivery and/or installation, whichever is later, the goods provided, including software, shall be free of any defects that interfere with or prohibit the use of the goods for the purposes for which they were obtained.

During the warranty period, METRO may, at its option, request that CONTRACTOR repair or replace any defective goods, by written notice to CONTRACTOR. 8.3. Software License

CONTRACTOR warrants and represents that it is the owner of or otherwise has the right to and does hereby grant METRO a license to use any software provided for the purposes for which the software was obtained or proprietary material set forth in METRO's solicitation and/or CONTRACTOR's response to the solicitation.

8.4. Confidentiality

Tennessee Code Annotated §10-7-504(i) specifies that information which would allow a person to obtain

unauthorized access to confidential information or to government property shall be maintained as confidential. "Government property" includes electronic information processing systems, telecommunication systems, or other communications systems of a governmental entity subject to this chapter. Such records include: (A) Plans, security codes, passwords, combinations, or computer programs used to protect electronic information and government property; (B) Information that would identify those areas of structural or operational vulnerability that would permit unlawful disruption to, or interference with, the services provided by a governmental entity; and (C) Information that could be used to disrupt, interfere with, or gain unauthorized access to electronic information or government property.

The foregoing listing is not intended to be comprehensive, and any information which METRO marks or otherwise designates as anything other than "Public Information" will be deemed and treated as sensitive information, which is defined as any information not specifically labeled as "Public Information". Information which qualifies as "sensitive information" may be presented in oral, written, graphic, and/or machine-readable formats. Regardless of presentation format, such information will be deemed and treated as sensitive information.

CONTRACTOR, and its Agents, for METRO, may have access to sensitive information. CONTRACTOR, and its Agents, are required to maintain such information in a manner appropriate to its level of sensitivity. All sensitive information must be secured at all times including, but not limited to, the secured destruction of any written or electronic information no longer needed. The unauthorized access, modification, deletion, or disclosure of any METRO information may compromise the integrity and security of METRO, violate individual rights of privacy, and/or constitute a criminal act.

Upon the request of METRO, CONTRACTOR shall return all information in whatever form in a format chosen by METRO. In the event of any disclosure or threatened disclosure of METRO information, METRO is further authorized and entitled to immediately seek and obtain injunctive or other similar relief against CONTRACTOR, including but not limited to emergency and ex parte relief where available.

8.5. Information Ownership

All METRO information is and shall be the sole property of METRO. CONTRACTOR hereby waives any and all statutory and common law liens it may now or hereafter have with respect to METRO information. Nothing in this Contract or any other agreement between METRO and CONTRACTOR shall operate as an obstacle to such METRO's right to retrieve any and all METRO information from CONTRACTOR or its agents or to retrieve such information or place such information with a third party for provision of services to METRO, including without limitation, any outstanding payments, overdue payments and/or disputes, pending legal action, or arbitration. Upon METRO's request, CONTRACTOR shall supply METRO with an inventory of METRO information that CONTRACTOR stores and/or backs up.

Any information provided to the CONTRACTOR, including information provided by METRO customers or citizens, is only to be used to fulfill the contracted services. Any additional information that is inferred or determined based on primary information that is provided to the CONTRACTOR, i.e., "second-order data", is only to be used to fulfill the contracted services. This information is not to be used for marketing or commercial purposes and the CONTRACTOR asserts no rights to this information outside of fulfilling the contracted services. Storage of this information is not allowed outside United States' jurisdiction.

8.6. Information Security Breach Notification

In addition to the notification requirements in any Business Associate Agreement with METRO, when applicable, CONTRACTOR shall notify METRO of any data breach within 24 hours of CONTRACTOR's knowledge or reasonable belief (whichever is earlier) that such breach has occurred ("Breach Notice") by contacting the METRO ITS Help Desk. The Breach Notice should describe the nature of the breach, the scope of the information compromised, the date the breach occurred, and the identities of the individuals affected or potentially affected by the breach as well as specific information about the data compromised so that METRO can properly notify those individuals whose information was compromised. CONTRACTOR shall periodically update the information contained in the Breach Notice to METRO and reasonably cooperate with METRO in connection with METRO's efforts to mitigate the damage or harm of such breach.

CONTRACTOR represents and warrants that Products and/or Services, or any media upon which the Products and/or Services are stored, do not have, nor shall CONTRACTOR or its Agents otherwise introduce into METRO's systems, network, or infrastructure, any type of software routines or element which is designed to or capable of unauthorized access to or intrusion upon, disabling, deactivating, deleting, or otherwise damaging or interfering with any system, equipment, software, data, or the METRO network. In the event of a breach of this representation and warranty, CONTRACTOR shall compensate METRO for any and all harm, injury, damages, costs, and expenses incurred by METRO resulting from the breach.

For CONTRACTOR managed systems, CONTRACTOR shall install and maintain ICSA Labs certified or AV-Test approved Antivirus Software and, to the extent possible, use real time protection features. CONTRACTOR shall maintain the Anti-virus Software in accordance with the Antivirus Software provider's recommended practices. In addition, CONTRACTOR shall ensure that:

- Anti-virus Software checks for new Anti-virus signatures no less than once per day, and;
- Anti-virus signatures are current and no less recent than two versions/releases behind the most current version/release of the Anti-virus signatures for the Anti-virus Software

8.8. Copyright, Trademark, Service Mark, or Patent Infringement

CONTRACTOR shall, at its own expense, be entitled to and shall have the duty to defend any suit that may be brought against METRO to the extent that it is based on a claim that the products or services furnished infringe a Copyright, Trademark, Service Mark, or Patent. CONTRACTOR shall further indemnify and hold harmless METRO against any award of damages and costs made against METRO by a final judgment of a court of last resort in any such suit. METRO shall provide CONTRACTOR immediate notice in writing of the existence of such claim and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority to enable CONTRACTOR to do so. No costs or expenses shall be incurred for the account of CONTRACTOR without its written consent. METRO reserves the right to participate in the defense of any such action. CONTRACTOR shall have the right to enter into negotiations for and the right to effect settlement or compromise of any such action, but no such settlement or compromise shall be binding upon METRO unless approved by the METRO Department of Law Settlement Committee and, where required, the METRO Council.

If the products or services furnished under this Contract are likely to, or do become, the subject of such a claim of infringement, then without diminishing CONTRACTOR's obligation to satisfy the final award, CONTRACTOR may at its option and expense:

- Procure for METRO the right to continue using the products or services
- Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to METRO, so that they become non-infringing
- Remove the products or discontinue the services and cancel any future charges pertaining thereto provided; however, that CONTRACTOR will not exercise the Remove option above until CONTRACTOR and METRO have determined that the Procure and/or Replace options are impractical. CONTRACTOR shall have no liability to METRO; however, if any such infringement or claim thereof is based upon or arises out of:
 - The use of the products or services in combination with apparatus or devices not supplied or else approved by CONTRACTOR;
 - The use of the products or services in a manner for which the products or services were neither designated nor contemplated; or,
 - The claimed infringement in which METRO has any direct or indirect interest by license or otherwise, separate from that granted herein.

8.9. Maintenance of Records

CONTRACTOR shall maintain documentation for all charges against METRO. The books, records, and documents of CONTRACTOR, insofar as they relate to work performed or money received under this Contract, shall be maintained for a period of three (3) full years from the date of final payment and will be subject to audit, at any reasonable time and upon reasonable notice by METRO or its duly appointed representatives. The records shall be

maintained in accordance with generally accepted accounting principles. In the event of litigation, working papers and other documents shall be produced in accordance with applicable laws and/or rules of discovery. Breach of the provisions of this paragraph is a material breach of this Contract.

All documents and supporting materials related in any manner whatsoever to this Contract or any designated portion thereof, which are in the possession of CONTRACTOR or any subcontractor or subconsultant shall be made available to METRO for inspection and copying upon written request from METRO. Said documents shall also be made available for inspection and/or copying by any state, federal or other regulatory authority, upon request from METRO. Said records include, but are not limited to, all drawings, plans, specifications, submittals, correspondence, minutes, memoranda, tape recordings, videos, or other writings or things which document the procurement and/or performance of this Contract. Said records expressly include those documents reflecting the cost, including all subcontractors' records and payroll records of CONTRACTOR and subcontractors.

8.10. Monitoring

CONTRACTOR's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by METRO, the Department of Finance, the Division of Internal Audit, or their duly appointed representatives.

METRO shall have the option of reviewing and performing a security assessment of the information security management practices of CONTRACTOR. METRO shall have the right, at its expense, during normal business hours and with reasonable advance notice, to evaluate, test, and review at CONTRACTOR's premises the Products and/or Services to ensure compliance with the terms and conditions of this Contract. METRO shall have the right to conduct such audits by use of its own employees and internal audit staff, or by use of outside consultants and auditors.

8.11. METRO Property

Any METRO property, including but not limited to books, records, and equipment that is in CONTRACTOR's possession shall be maintained by CONTRACTOR in good condition and repair, and shall be returned to METRO by CONTRACTOR upon termination of this Contract. All goods, documents, records, and other work product and property produced during the performance of this Contract are deemed to be METRO property. METRO property includes, but is not limited to, all documents which make up this Contract; all other documents furnished by METRO; all conceptual drawings, design documents, closeout documents, and other submittals by CONTRACTOR; and, all other original works of authorship, whether created by METRO or CONTRACTOR embodied in any tangible medium of expression, including, without limitation, pictorial, graphic, sculptural works, two (2) dimensional works, and three (3) dimensional works. Any of Contractor's or its subcontractors' works of authorship comprised within the Work Product (whether created alone or in concert with Metro or a third party) shall be deemed to be "works made for hire" and made in the course of services rendered and, whether pursuant to the provisions of Section 101 of the U.S. Copyright Act or other Applicable Law, such Work Product shall belong exclusively to Metro. Contractor and its subcontractors grant Metro a non-exclusive, perpetual, worldwide, fully paid up, royalty Free license, with rights to sublicense through multiple levels of sublicenses, to reproduce, make, have made, create derivative works of, distribute, publicly perform and publicly display by all means, now known or later developed, such rights.

Except as to Contracts involving sensitive information, CONTRACTOR may keep one (1) copy of the aforementioned documents upon completion of this Contract; provided, however, that in no event shall CONTRACTOR use, or permit to be used, any portion of the documents on other projects without METRO's prior written authorization. CONTRACTOR shall maintain sensitive information securely and if required by METRO, provide secured destruction of said information. Distribution and/or reproduction of METRO sensitive information outside of the intended and approved use are strictly prohibited unless permission in writing is first received from the METRO Chief Information Security Officer. The storage of METRO sensitive information to third-party hosted network storage areas, such as Microsoft Skydrive, Google Docs, Dropbox, or other cloud storage mechanisms, shall not be allowed without first receiving permission in writing from the METRO Chief Information Security Officer.

8.12. Modification of Contract

This Contract may be modified only by written amendment executed by all parties and their signatories hereto. All

change orders, where required, shall be executed in conformance with section 4.24.020 of the Metropolitan Code of Laws.

8.13. Partnership/Joint Venture

This Contract shall not in any way be construed or intended to create a partnership or joint venture between the Parties or to create the relationship of principal and agent between or among any of the Parties. None of the Parties hereto shall hold itself out in a manner contrary to the terms of this paragraph. No Party shall become liable for any representation, act, or omission of any other Party contrary to the terms of this Contract.

8.14. Waiver

No waiver of any provision of this Contract shall affect the right of any Party to enforce such provision or to exercise any right or remedy available to it.

8.15. Employment

CONTRACTOR shall not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying off of any individual due to race, creed, color, national origin, age, sex, or which is in violation of applicable laws concerning the employment of individuals with disabilities.

CONTRACTOR shall not knowingly employ, permit, dispatch, subcontract, or instruct any person who is an undocumented and/or unlawful worker to perform work in whole or part under the terms of this Contract.

Violation of either of these contract provisions may result in suspension or debarment if not resolved in a timely manner, not to exceed ninety (90) days, to the satisfaction of METRO.

8.16. Compliance with Laws

CONTRACTOR agrees to comply with all applicable federal, state and local laws and regulations.

8.17. Iran Divestment Act

8.20. Ethical Standards

It shall be a breach of the Ethics in Public Contracting standards in the Metropolitan Code of Laws for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefore. All such safeguards shall be in accordance with industry-wide best security practices and commensurate with the importance of the information being protected, but in no event less protective than those safeguards that Contractor uses to protect its own information or information of similar importance, or is required by applicable federal or state law.
- 2 Inventory.** Contractor agrees to maintain at all times during the Term of this Agreement a Product and Service Inventory. Contractor shall upon request of Metro Government, which shall be no more frequently than semi-annually, provide the current Product and Service Inventory to Metro Government within thirty (30) days of the request.
- 3 Connection of Systems or Devices to the Metro Government Network.** Contractor shall not place any systems or devices on the Metro Government Network without the prior written permission of the Director of ITS, designee, or the designated Metro Government contact for this Agreement.
- 4 Access Removal.** If granted access to Metro Government Network or systems, Contractor and its Agents shall only access those systems, applications or information which they are expressly authorized by Metro Government to access, even if the technical controls in the system or application do not prevent Contractor or its Agent from accessing those information or functions outside of Metro Government's authorization. Contractor shall impose reasonable sanctions against any Agent who attempts to bypass security controls. Notwithstanding anything to the contrary in the Purchasing Agreement or other agreement between Metro Government and Contractor, Metro Government at its sole discretion, may refuse granting access right to Metro Government Network or Sensitive Information to any Agent of Contractor, and may at any time remove access rights (whether physical premise access or system access) from Contractor or any Agents, without prior notice or liability to Contractor, if Metro Government reasonably suspects a security violation by Contractor or such Agent or otherwise deems such action appropriate to protect Metro Government Infrastructure, Metro Government Network or Metro Government Information.
- 5 Subcontracting/Outsourcing.**
 - 5.1 Prior Approval.** Without Metro Government's prior written consent, Contractor may not subcontract with a third party to perform any of its obligations to Metro Government which involves access to Metro Government Information or connection to Metro Government Network. Contractor or its Agent may not transfer, provide access to or otherwise make available Metro Government Information to any individual or entity outside of the United States (even within its own organization) without the prior written consent of Metro Government. To obtain such consent, Contractor shall send Metro Government a notice detailing the type of information to be disclosed, the purpose of the disclosure, the recipient's identification and location, and other information required by Metro Government.
 - 5.3 Contractor Responsibility.** Prior to subcontracting or outsourcing any Contractor's obligations to Metro Government, Contractor shall enter into a binding agreement with its subcontractor or outsource service provider ("Third Party Agreement") which (a) prohibits such third party to further subcontract any of its obligations, (b) contains provisions no less protective to Metro Government Network, Metro Government Infrastructure and/or Metro Government Information than those in this Agreement, and (c) expressly provides Metro Government the right to audit such subcontractor or outsource service provider to the same extent that Metro Government may audit Contractor under this Agreement. Contractor warrants that the Third Party Agreement will be enforceable by Metro Government in the U.S. against the subcontractor or outsource provider (e.g., as an intended third party beneficiary under the Third Party Agreement).

- 12 **Notification.** The Contractor shall notify Metro within 60 minutes of any warrants, seizures, or subpoenas it receives that could result in the loss or unauthorized disclosure of any Metro data. The Contractor shall cooperate with Metro to take all measures to protect Metro data from any loss or unauthorized disclosure that might reasonably result from the execution of any such warrant, seizure, subpoena, or similar legal process.

- 13 **Supply Chain.** The Contractor is responsible for exercising due diligence to use genuine hardware and software products that are free of malware.

A. WHAT INFORMATION WE COLLECT

Teaching Strategies collects Member Data, Student Data, and Portfolio Data. The Data includes Personally Identifiable Information (PII), which means information that may identify an individual Student or Member. Teaching Strategies complies with applicable laws, regulations, industry standards, and contracts and agreements pertaining to the safeguarding of PII. The Data are provided by the authorized representative of an organization who has purchased a subscription to use the Services (an "Authorized User").

Member Data is limited information that can be used to personally identify an Authorized User. This information is required before the Authorized User can access the Services (whether on a trial basis or through a paid subscription). There are several kinds of Member Data:

1. **Subscribers:** Organizations and Individual Subscribers are members that have purchased a subscription from Teaching Strategies to use the Services. Subscribers provide their full name, the name of their organization, their mailing and e-mail addresses, telephone number, and information regarding their method of payment (e.g., purchase order number).

2. **Group Members:** Program and Site Administrators and Teachers are members who register through a school, school district, childcare center, Head Start program, or other organization that has purchased a subscription from Teaching Strategies to use the Services. They provide us with their full names and e-mail addresses.
3. **Invited Guests:** Invited Guests are Parents and Others who register to use the Services in response to an invitation from another registered member. They provide their full names and e-mail addresses.
4. **Student Data** is information that personally identifies a student and his or her Portfolio. The personally identifiable information includes first name, last name, date of birth, gender, language spoken, ethnicity, and, where applicable, State Student Identification Number. Student Data is stored in online Portfolios. Each Portfolio includes Documentation and Checkpoint information.
5. **Documentation:** Teachers observe children in the classroom and gather documentation of their learning and development over the course of the year. Documentation can be notes, photos, videos, samples of children's artwork, and observations from families about their child's development.
6. **Checkpoint:** A few times a year, teachers analyze the Portfolio Data collected during the checkpoint period and make ratings based on their observations and the documentation they have gathered. These ratings are based on a list of research-based and developmentally appropriate indicators that reflect widely held expectations for children of similar ages, classes, or grades. Completing these checkpoints allows teachers to evaluate children's progress and show growth in the children's learning and development over the course of the year. The Student Data is only provided by authorized Subscribers during the initial setup or in the development of an individual student Portfolio. The provision of information is sometimes required by law and at other times is a result of a contractual requirement. You may be required to provide information, for example in a case where we sign a contract with your organization, and the non-provision of information could, in certain circumstances, prevent a transaction from concluding.

B. HOW WE PROTECT AND SECURE OUR USER'S INFORMATION

We utilize technical, administrative, and physical procedures to ensure Data is protected from unauthorized access, disclosure, or alteration.

You may have the right to restrict or object to the processing of your personal information or to exercise a right to data portability under applicable law.

We have implemented reasonable safeguards designed to prevent loss, misuse and unauthorized access, disclosure, or modification of Personal Data provided or collected through the Teaching Strategies Services. With respect to Personal Data collected through the Teaching Strategies Services, we use Secure Socket Layer Technology or SSL to encrypt or scramble that information during transmission, and data is encrypted at rest.

In particular:

1. **Data Storage and Security:** Secure data centers, located within the continental United States, house all Member Data, Student Data, and Portfolio Data. These data centers are continuously monitored and are audited annually.
2. **Disclosures:** The uses and disclosures of Student Data are in compliance with state and federal laws designed to protect such information. Only authorized individuals, including Teaching Strategies employees and subcontractors, have access to children's portfolio items, and their authorization is constantly reviewed and verified by a cross functional working group, which includes the Information Security Officer and senior Legal and HR staffs. Individuals authorized to have access to Student Data are limited to only those who need access to that data in order to perform the work necessary under our contractual arrangements with our Subscribers.
3. **Accountability:** All Teaching Strategies employees and subcontractors are accountable for the Security and Privacy of the Member Data, Student Data, and Portfolio Data we maintain on our Subscribers' behalf. This policy applies to all computing systems, networks, business processes, and the verbal transmission of information.

C. HOW WE USE THE INFORMATION WE COLLECT

1. **Only for Authorized Purposes:** We only use information we collect for the educational purposes for which we were authorized by our Subscribers.
 - a. **Member Data:** We will use the Member Data provided to register the membership, set up and maintain the account, determine the number of Portfolios an Authorized User is authorized to create (if any), and determine which Portfolios the Authorized User is authorized to access, update, view, and/or modify. We will also use Member Data to notify Authorized Users of updates to the Site and our Services, and for contact purposes if we need more information. If an Authorized User has purchased a subscription to use the Services, we will use the financial information provided to invoice the Authorized User. If an Authorized User has registered to use the Services through a school, school district, childcare center, Head Start program, or other organization that has purchased a subscription from Teaching Strategies, the Member Data provided will be accessible by the organization that purchased the subscription, as outlined in the contract with the organization.
 - b. **Student Data:** Student Data is used to set up and maintain Portfolios and to grant other Authorized Users the right to access, update, view, and/or modify such Portfolios. Portfolio Data can be used to identify and recommend appropriate activities and customize student plans. Aggregated, non-personalized outcome group progress reports for Subscribers are also generated using Student Data. Only the Student Data provided by a Subscriber's Authorized Users will be used to create reports for such Subscriber. We also may aggregate the Portfolio Data, with all personally identifying information about individual students, Authorized Users, organizations, and programs removed, to conduct research to enhance the services, analyze usage trends, conduct aggregated statistical analysis, and to provide technical support. Third parties who provide support for these activities and have access to de-identified and aggregated data are listed <https://teachingstrategies.com/researcher-list>. From time to time, we may publish the results of the aggregated, de-identified Portfolio Data. In no event will any such

results permit the personal identification of students and their parents, or identify in any way the site, program, or organization.

- c. **Invited Guests:** If an Authorized User has invited the parent or legal guardian of a child to view his or her child's Portfolio, we will make the Student Data and Portfolio Data in the child's Portfolio available to such invited guest for review. All invited guests must register with Teaching Strategies before being granted access to a Portfolio, and the invited guest's access will be limited to the Portfolio such guest has been invited to view. An invited guest will not be able to modify or add to a Portfolio. Additionally, if the Authorized User has registered to use the Services through a school, school district, childcare center, Head Start program, or other organization that has purchased a subscription from Teaching Strategies, any Student and Portfolio Data that the Authorized User provides will be accessible by the organizations that purchased the subscription services, as outlined in the contract with the organization. We do not use automatic decision-making or engage in profiling. In the event that circumstances require us to process your personal data for a purpose other than the purpose for which it was collected, we will provide you with information regarding the purpose for the processing, as well as other relevant information, prior to processing your personal data for the new purpose. Please see Section D. below for applicable circumstances.

D. WHEN AND HOW WE SHARE INFORMATION

We share information only for the educational purpose of the work. We do not share Member Data, Student Data, or Portfolio Data for advertising or any other use outside of the educational purpose of the collection of such information. We vigilantly review our policies and practices to ensure compliance with the Federal Educational Rights and Privacy Act (FERPA) and the European Union's General Data Protection Regulation (GDPR), applicable state law and regulations, and Subscriber policies. We will not disclose any of the Member Data, Student Data, or Portfolio Data we collect to any third parties except as described in C(1)(b) above and in the following limited circumstances:

3. **Company acquisition.** In the event that our company is acquired, we may share the data with the acquirer to continue to provide services to you. The acquirer will be bound by this Privacy Policy, and we will comply with all contractual agreements with our Subscribers that require us to disclose any acquisition of Teaching Strategies.
