The unauthorized access, modification, deletion, or disclosure of any METRO information may compromise the integrity and security of METRO, violate individual rights of privacy, and/or constitute a criminal act.

Upon the request of METRO, CONTRACTOR shall return all information in whatever form in a format chosen by METRO. In the event of any disclosure or threatened disclosure of METRO information, METRO is further authorized and entitled to immediately seek and obtain injunctive or other similar relief against CONTRACTOR, including but not limited to emergency and ex parte relief where available.

8.5. Information Ownership

All METRO information is and shall be the sole property of METRO. CONTRACTOR hereby waives any and all statutory and common law liens it may now or hereafter have with respect to METRO information. Nothing in this Contract or any other agreement between METRO and CONTRACTOR shall operate as an obstacle to such METRO's right to retrieve any and all METRO information from CONTRACTOR or its agents or to retrieve such information or place such information with a third party for provision of services to METRO, including without limitation, any outstanding payments, overdue payments and/or disputes, pending legal action, or arbitration. Upon METRO's request, CONTRACTOR shall supply METRO with an inventory of METRO information that CONTRACTOR stores and/or backs up.

Any information provided to the CONTRACTOR, including information provided by METRO customers or citizens, is only to be used to fulfill the contracted services. METRO shall provide CONTRACTOR immediate notice in writing of the existence of such claim and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority to enable CONTRACTOR to do so. No costs or expenses shall be incurred for the account of CONTRACTOR without its written consent. METRO reserves the right to participate in the defense of any such action. CONTRACTOR shall have the right to enter into negotiations for and the right to effect settlement or compromise of any such action, but no such settlement or compromise shall be binding upon METRO unless approved by the METRO Department of Law Settlement Committee and, where required, the METRO Council.

If the products or services furnished under this Contract are likely to, or do become, the subject of such a claim of infringement, then without diminishing CONTRACTOR's obligation to satisfy the final award, CONTRACTOR may at its option and expense:

- Procure for METRO the right to continue using the products or services
- Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to METRO, so that they become non-infringing
- Remove the products or discontinue the services and cancel any future charges pertaining thereto Provided;

however, that CONTRACTOR will not exercise the Remove option above until CONTRACTOR and METRO have determined that the Procure and/or Replace options are impractical. CONTRACTOR shall have no liability to METRO; however, if any such infringement or claim thereof is based upon or arises out of:

- The use of the products or services in combination with apparatus or devices not supplied or else approved by CONTRACTOR;
- The use of the products or services in a manner for which the products or services were neither designated nor contemplated; or,
- The claimed infringement in which METRO has any direct or indirect interest by license or otherwise, separate from that granted herein.

Contractor and its subcontractors grant Metro a non-exclusive, perpetual, worldwide, fully paid up, royalty-free license, with rights to sublicense through multiple levels of sublicenses, to reproduce, make, have made, create derivative works of, distribute, publicly perform and publicly display by all means, now known or later developed, such rights.

Except as to Contracts involving sensitive information, CONTRACTOR may keep one (1) copy of the aforementioned documents upon completion of this Contract; provided, however, that in no event shall CONTRACTOR use, or permit to be used, any portion of the documents on other projects without METRO's prior written authorization. CONTRACTOR shall maintain sensitive information securely and if required by METRO, provide secured destruction of said information. Distribution and/or reproduction of METRO sensitive information outside of the intended and approved use are strictly prohibited unless permission in writing is first received from the METRO Chief Information Security Officer. Such notice shall include sufficient technical information for Metro Government to evaluate the need for and the extent of immediate action to be taken to minimize the potential effect of the Vulnerability until a Security Patch or any other proposed fix or mitigation is received.

A contract may be awarded for a supply, service or construction item without competition when, under regulations promulgated by the standards board, the purchasing agent determines in writing that there is only one source for the required supply, service or construction item. The standards board may, by regulation, establish specific categories of supplies, services, or construction items as sole source items. (Ord. 92-210 § 1 (3-205), 1992)

R4.12.060.02 Conditions for Use of Sole Source Procurement.

Other, see explanation below

If Other, Explain Request: Metro contracted services with DRS through an emergency contract beginning in March 2020 when a tornado tore thorough Metro causing extensive damages. In the same month the coronavirus pandemic hit, resulting in another federally declared disaster, followed by another one in May 2020 and March 2021. Using the emergency contract, subsequently amended for the additional disasters, Metro has been working on FEMA applications to reimburse Metro for the costs incurred to repair, rebuild and recover from these 4 disasters. At the end of March 2022 that contract expired, however the work for 3 of those disasters continues. Because of the nature of the work to file projects on each of the disasters with FEMA, and to fulfill the follow up request for information, respond to appeals, etc. there is no other firm that could step in and complete the work on these open disasters, including the insurance filings related to the 2020 tornado. The projects and required follow up are so far along the process, another firm would not be willing to step in and complete the work or follow the appeals all the way thorough the process. DRS is the only firm that can complete the work that has been started.
