Re: **Canebrake Subdivision Phase 1B, Revision 2 (Amendment)**  
**Planning Commission Mandatory Referral 2023M-113ES-002**

On behalf of the Metropolitan Planning Commission, the following item, referred to the Commission as required by the Metro Charter, has been recommended for *approval* to the Metropolitan Council:

*A request to amend Council ordinance BL2023-16 and Proposal No. 2023M-113ES-001 for the purpose of accepting an additional 248 linear feet of eight-inch sanitary sewer main (PVC), one additional sanitary sewer manhole, and the associated easement. Specific infrastructure instead now will be the acceptance of approximately 1,648 linear feet of eight-inch sanitary sewer mains (PVC), 10 sanitary sewer manholes and easements to serve the Canebrake Subdivision Phase 1B, Revision 2 development.*

The relevant Metro agencies (Metro Parks, Nashville Department of Transportation, Metro Water Services, Metro Emergency Communications, the Nashville Electric Service, Metro Finance – Public Property and the Metro Historical Commission) have reviewed the proposal and concur in the recommendation for approval. This request must be approved by the Metro Council to become effective. A sketch showing the location of the request is attached to this letter.

**Conditions that apply to this approval: none**

This recommendation for approval is given as set forth in the Metropolitan Planning Commission Rules and Procedures. If you have any questions about this matter, please contact Delilah Rhodes at [Delilah.Rhodes@nashville.gov](mailto:Delilah.Rhodes@nashville.gov) or 615-862-7208
