Memorandum

REF: Portion of Blake Dr to be renamed "Sweet Oak Ct"
Map 173 & 181 / District 31

Blake Dr off Sunnywood Dr was originally proposed to connect with the other section of Blake Dr off Stanford Village Dr but for some reason is no longer going to connect. Blake Dr off Sunnywood Dr is now proposed to have a cul-de-sac with homes at the end of it. This cul-de-sac will prevent this section of ever connecting to the existing section of Blake Dr.

The two different roadways with the same name of "Blake Dr" is a safety hazard and could cause Emergency Service delays when trying to locate an address on these two streets.

In the interest of Public Safety, the Department of Emergency Services (DEC), has requested that the name of the section of Blake Dr that intersects with Sunnywood Dr be renamed through the Mandatory Referral process. The District Council Member agrees with this name change and has suggested that the street name be changed to "Sweet Oak Ct".

Attached is a portion of the Property Map showing the location of the section of Blake Dr to be renamed.

Please process this request. Let me know if you have any questions regarding the proposed street renaming.
