REF: McGavock Pike (N side of Murfreesboro Pk) proposed to be renamed
"Aerospace Way"
Map 120 / District 13

There are several different roadways within Davidson County with the name of "McGavock Pike" that do not connect. These duplicate streets with the same name are a safety hazard and could cause Emergency Service delays when trying to locate an address on them.

There are currently no addresses on the McGavock Pike that runs north off Murfreesboro Pk just southeast of Briley Pkwy but one has recently been requested. Before an address is assigned and to eliminate one of the McGavock Pike street names Public Works would like to change the name of McGavock Pike that runs north off Murfreesboro Pike just east of Briley Pkwy to "Aerospace Way". The 13th District Council Member has agreed to this street renaming.

Attached is a portion of the Property Map showing the location of the section of McGavock Pike proposed to be renamed.

Please process this application. Let me know if you have any questions regarding the proposed street renaming.
