

In the opinion of Bass, Berry & Sims PLC, Nashville, Tennessee, Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the Metropolitan Government, interest on the Commercial Paper Notes (as hereinafter defined) is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Internal Revenue Code of 1986, as amended) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2022. For an explanation of certain tax consequences under federal law which may result from the ownership of the Commercial Paper Notes, see the discussion under the heading "TAX MATTERS" herein.

SUMMARY OF THE LETTER OF CREDIT AND THE REIMBURSEMENT AGREEMENT

The following is a summary of certain provisions of the Letter of Credit and of the Reimbursement Agreement. This summary does not purport to be comprehensive or definitive and is subject to all of the terms and provisions of the Letter of Credit and of the Reimbursement Agreement, to which reference is hereby made. Capitalized terms used in this summary but not otherwise defined herein have the respective meanings given to such terms in the Letter of Credit or the Reimbursement Agreement.

General

The Letter of Credit and the Reimbursement Agreement contain various provisions, covenants, and conditions, certain of which are summarized below. The Letter of Credit supporting the Commercial Paper Notes is available solely to pay the maturing principal of and accrued interest due on the maturity date of the Commercial Paper Notes. Terms not otherwise defined in this “SUMMARY OF THE LETTER OF CREDIT AND THE REIMBURSEMENT AGREEMENT” and this Offering Memorandum will have the meanings ascribed thereto in the Letter of Credit or the Reimbursement Agreement.

The Letter of Credit permits, and the Issuing and Paying Agency Agreement requires, the Issuing and Paying Agent, on behalf of the Metropolitan Government, to request the Initial Bank to honor properly presented and conforming Drawings (as defined in the Letter of Credit) under the Letter of Credit to provide the funds to pay principal of and accrued interest on the Commercial Paper Notes upon the maturity thereof. All Reimbursement Obligations (as defined in the Reimbursement Agreement) under the Reimbursement Agreement will be evidenced by a single Bank Note (the “Bank Note”) issued by the Metropolitan Government to the Initial Bank. The Letter of Credit shall expire at 5:00 p.m., New York City time, on the date (the “Termination Date”) which is the earliest of: (i) [_____, 2027], as such date may be extended in accordance with the terms of the Letter of Credit (the “Stated Expiration Date”), (ii) the date of payment of a Drawing, not subject to reinstatement, which when added to all other Drawings honored under the Letter of Credit which were not subject to reinstatement as provided in the Letter of Credit, in the aggregate equals the principal component of the Stated Amount (as defined below) on the date of issuance of the Letter of Credit as adjusted pursuant to the terms and conditions of the Letter of Credit; (iii) the date on which the Initial Bank receives a termination certificate from the Issuing and Paying Agent indicating that it has accepted an Alternate Credit Facility (as defined in the Reimbursement Agreement), in compliance with the Issuing and Paying Agency Agreement, the Resolution and the Reimbursement Agreement (after the Initial Bank honors any properly presented and conforming Drawing, if any, on such date); (iv) the date on which the Initial Bank receives a termination certificate from the Issuing and Paying Agent indicating all the Commercial Paper Notes are wholly defeased or no Commercial Paper Notes remain outstanding under the Issuing and Paying Agency Agreement or the Resolution and the Metropolitan Government has notified the Initial Bank that it does not intend to issue any additional Commercial Paper Notes and desires to terminate the Letter of Credit in accordance with terms of the Reimbursement Agreement; or (v) the earlier of (a) the 10th calendar day (or if such date is not a Business Day, the immediately succeeding Business Day) after the date on which the Issuing and Paying Agent receives from the Initial Bank a Final Drawing Notice (as defined in the Reimbursement Agreement), and (b) the date on which the Drawing resulting from the delivery of the Final Drawing Notice is honored under the Letter of Credit. All Drawings under the Letter of Credit shall be paid from immediately available funds of the Initial Bank.

“Stated Amount” means, as of any date, the maximum amount which by the terms of the Letter of Credit is available to be drawn under the Letter of Credit as of such date. As of the date of issuance, the Letter of Credit shall be in the original stated amount of \$217,753,425 (calculated as the sum of the maximum principal amount of the Commercial Paper Notes supported by the Letter of Credit (i.e.,

\$200,000,000) plus interest thereon at a maximum rate of twelve percent (12%) per annum for a period of two hundred seventy (270) days calculated on the basis of a year of 365 days).

Conditions Precedent to Each Issuance

No Commercial Paper Notes shall be issued unless on the date of such issuance, each of the following conditions precedent shall have been fulfilled in a manner satisfactory to the Initial Bank (or waived by the Initial Bank in writing): (a) that all representations and warranties of the Metropolitan Government in the Reimbursement Agreement and each other Related Document (as defined in the Reimbursement Agreement) and, each certificate or other writing delivered to the Initial Bank pursuant to the Reimbursement Agreement or the Related Documents on or prior to the date of such issuance shall be correct on and as of such date as though made on and as of such date, except to the extent a representation or warranty relates specifically to an earlier date (in which case such representation or warranty shall be true and correct as of such date), and no Event of Default or Default shall have occurred and be continuing on such date or would result from such issuance, (b) all conditions precedent for the issuance of the Commercial Paper Notes under the Reimbursement Agreement, the Series 2022A Notes Resolution and the Issuing and Paying Agency Agreement shall have been satisfied, (c) the Series 2022A Notes Resolution shall be in full force and effect, (d) no registration, notice, qualification or other filing is required to be made with any Governmental Authority (as defined in the Reimbursement Agreement) in connection with the issuance of the Commercial Paper Notes or, if required to be made, has been or will be made prior to the date of such issuance, (e) the Initial Bank shall not have given a Stop Order (as defined in the Reimbursement Agreement) or Final Drawing Notice, (f) after the issuance of the Commercial Paper Notes, the aggregate principal amount of all Reimbursement Obligations and all Commercial Paper Notes that will be outstanding immediately after such issuance (and after giving effect to the application of proceeds of such issuance and the Reimbursement Obligations) will not exceed the amount of the Stated Amount, and (g) the maturity date of any such Commercial Paper Notes will not occur later than the Business Day immediately preceding the Stated Expiration Date. Unless the Metropolitan Government shall have previously advised the Initial Bank in writing that one or more conditions set forth in clauses (a), (b), (c), (d), (f) and (g) above have not been satisfied, the Metropolitan Government shall be deemed to have represented and warranted that on the date of such issuance or authentication of any Commercial Paper Note the above conditions have been satisfied.

Events of Default and Remedies under the Reimbursement Agreement

The occurrence of any of the following events (including the expiration of any specified time) shall constitute an “Event of Default” under the Reimbursement Agreement unless waived by the Initial Bank in writing:

(a) the Metropolitan Government shall fail to pay (i) any principal of or interest on any Reimbursement Obligations or the Bank Note when due (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise) (other than payments on the Bank Note due solely as a result of acceleration caused by the Initial Bank pursuant to the Reimbursement Agreement), (ii) any Facility Fee (as defined in the Reimbursement Agreement) or any other amount payable under the Reimbursement Agreement or under the Fee Letter (as defined in the Reimbursement Agreement) and, in the case of such Facility Fee or other amount, such failure shall continue for a period of three (3) Business Days from the date such obligation was due; (iii) interest on any Commercial Paper Notes when due; or (iv) the principal of any Commercial Paper Indebtedness (other than the Commercial Paper Notes) when due;

(b) any representation, warranty, certification, or statement made by the Metropolitan Government in the Reimbursement Agreement, any other Related Document or in any certificate, financial

statement, or other document delivered pursuant to the Reimbursement Agreement or any Related Documents shall have been incorrect or untrue in any material respect when made or deemed to have been made;

(c) the Metropolitan Government shall fail to perform or observe certain specified covenants set forth in the Reimbursement Agreement;

(d) the Metropolitan Government shall fail to perform or observe any other covenant, agreement, or condition contained in the Reimbursement Agreement, the Bank Note or any other Related Document (other than as addressed by any other Event of Default in the Reimbursement Agreement) and such failure, if capable of being remedied, shall remain unremedied for thirty (30) days after the earlier to occur of (i) the date on which the Metropolitan Government has actual knowledge thereof or (ii) written notice thereof shall have been given to the Metropolitan Government by the Initial Bank; *provided, however,* such breach shall not constitute an Event of Default after such thirty (30) day period for such period of time as, in the judgment of the Initial Bank, the Metropolitan Government is diligently pursuing a cure or correction of such failure and has provided the Initial Bank with a written plan for curing or correcting such failure, but in no event shall such period extend more than ninety (90) days after the occurrence of such default;

SECURITY AND SOURCES OF PAYMENT FOR THE COMMERCIAL PAPER NOTES

General

All capitalized terms used within the section and this Offering Memorandum not otherwise defined herein shall have the same meanings ascribed to them in the Resolution and in **APPENDIX A** attached hereto. See "**APPENDIX A – CERTAIN DEFINITIONS CONTAINED IN THE SERIES 2022A NOTES RESOLUTION**" attached hereto.

The Commercial Paper Notes and each Bank Note are payable primarily from the proceeds of the water and sewer revenue bonds in anticipation of which the Commercial Paper Notes are being issued. For purposes of the Resolution "Bank Note" shall mean a promissory note issued by the Metropolitan Government to the order of a Bank, evidencing and securing all loans or advances made and/or drawings honored by such Bank under its Facility to pay the principal amount of maturing Commercial Paper Notes and, if applicable, interest thereon, under and in accordance with such Facility.

The principal of and interest on the Commercial Paper Notes and each Bank Note shall constitute and be limited obligations of the Metropolitan Government, payable solely from and secured solely by a pledge of Revenues of the System and certain funds maintained in connection therewith, subject to the application thereof pursuant to the terms of the Water and Sewer Bond Resolution (including without limitation to the payment of System Operation and Maintenance Expenses) and subject to the (i) prior

pledge of the Revenues in favor of the Senior Lien Bonds and (ii) pledge of Revenues in favor of the Commercial Paper Notes on parity with the pledge of Revenues in favor of the Metropolitan Government's Water and Sewer Extendable Commercial Paper Notes, 2015 Program (the "Extendable Notes").

The Water and Sewer Bond Resolution that authorized the issuance and sale of the Senior Lien Bonds, also require the Metropolitan Government to maintain rates at all times sufficient to provide for the payment of all System Operation and Maintenance Expenses, debt service on the Senior Lien Bonds and the payment of interest on the Commercial Paper Notes and the Extendable Notes, as applicable. Unless the payment of the principal of the Commercial Paper Notes otherwise shall be provided for or on behalf of the Metropolitan Government from proceeds of other Commercial Paper Notes or other available moneys, on or before the respective maturity dates thereof, the Metropolitan Government shall, to the extent and as permitted by law, provide for the issuance, sale and delivery of water and sewer revenue bonds or other obligations of the Metropolitan Government (or otherwise obtain governmental financing) in an amount sufficient to provide for the payment of the outstanding principal of the Commercial Paper Notes at maturity.

All amounts payable to the Bank under a Facility (other than with respect to the principal of and interest on the Bank Note) shall be payable from the Revenues of the System, subject to the provisions of the Water and Sewer Bond Resolution and, if and to the extent permitted by the Act, secured by a pledge of Revenues of the System on parity with the Commercial Paper Notes and the Bank Note.

The Commercial Paper Notes do not constitute a debt or liability of the Metropolitan Government for which there is a right to compel the exercise of the taxing power of the Metropolitan Government.

Limited Obligations

The Commercial Paper Notes and Bank Notes are limited obligations of the Metropolitan Government payable solely from and secured solely by a pledge of the Revenues of the System and certain funds maintained in connection therewith, subject only to the payment of System Operation and Maintenance Expenses.

Indebtedness Senior to the Commercial Paper Notes

The pledge of Revenues in favor of the Commercial Paper Notes and each Bank Note is subject and subordinate to the senior pledge of the Revenues in favor of the Senior Lien Bonds and any other long-term water and sewer revenue bonds hereafter issued by the Metropolitan Government on parity with the Senior Lien Bonds.

Indebtedness on Parity to the Commercial Paper Notes

The pledge of Revenues to the payment of each Series of the Commercial Paper Notes and the related Bank Note is on parity with: (a) the pledge thereof in favor of each other Series of Commercial Paper Notes and related Bank Note; and (b) the pledge thereof in favor of any Extendable Notes.

Remedies and Rights of Holders

The Commercial Paper Notes when duly issued will constitute a contract between the Metropolitan Government and each registered owner of the Commercial Paper Notes. Any registered owner or owner(s) of the Commercial Paper Notes, including a trustee or trustees for the registered owners, shall have the right, in addition to all other rights: (a) by mandamus or other suit, action or proceeding in any court of

competent jurisdiction to enforce his or her rights against the Metropolitan Government and the Metropolitan Council and any officer, agent or employee of the Metropolitan Government, including, but not limited to, the right to require the Metropolitan Government and the Metropolitan Council and any proper officer, agent or employee of the Metropolitan Government to carry out the covenants and agreements as set forth in the Resolution and to perform its and their duties under the applicable provisions as set forth under the Act; and (b) by action or suit in equity to enjoin any acts or things which may be unlawful or a violation of the rights of such registered owners of the Commercial Paper Notes.

In case any Authorized Officer of the Metropolitan Government whose signature or whose facsimile signature shall appear on the Master Note shall cease to be such Authorized Officer before the delivery of such Master Note, such signature or the facsimile signature thereof shall nevertheless be valid and sufficient for all purposes, the same as if he or she had remained in office until delivery. The Master Notes and the endorsement for authentication to appear thereon shall be substantially in the form attached to and more particularly described in the Resolution.

Book-Entry Commercial Paper Notes (Master Notes)

All Commercial Paper Notes initially shall be issued in book-entry-only form through DTC. DTC will act as securities depository for the Commercial Paper Notes. The information in this section concerning DTC and DTC's book-entry only system has been obtained from DTC and the Metropolitan Government is not making any representation or warranty or taking any responsibility for the accuracy or completeness of such information.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between accounts of Direct Participants. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and, together with the Direct Participants, the "DTC Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Pursuant to the Resolution, the Commercial Paper Notes of a Series shall be issued (i) in the form of one or more fully registered Master Notes, the ownership of which shall be registered in the name of the nominee of the Depository (initially, with respect to DTC, Cede & Co.) and which may be transferred or exchanged only as hereinafter provided in the Resolution or this Section and, to the extent not inconsistent herewith, in accordance with the procedures of the Depository as then in effect, and (ii) otherwise in book-entry-only form through the Depository.

If the Master Notes are not in book-entry-only form, the ownership and transfer of Master Notes shall be registered on books of the Issuing and Paying Agent, which shall be retained for that purpose at the Office of the Issuing and Paying Agent. The Master Notes shall be transferable by the registered owner thereof in person or by his or her attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Issuing and Paying Agent duly executed by the registered owner or his or her duly authorized attorney. Upon the registration or transfer of a Master Note, the Issuing and Paying Agent shall issue in the name of the transferee a new Master Note, evidencing the Metropolitan Government's obligations with respect to the same Book-Entry Commercial Paper Notes as the instrument surrendered.

In order to qualify the Commercial Paper Notes for the Depository's book-entry system, any Authorized Officer is authorized from time to time to execute and deliver on behalf of the Metropolitan Government to such Depository a letter or letters from the Metropolitan Government representing such matters as shall be necessary or advisable to so qualify the Commercial Paper Notes (each, a

“Representation Letter”). The execution and delivery of a Representation Letter shall not in any way impose upon the Metropolitan Government any obligation whatsoever with respect to persons having interests in the Commercial Paper Notes other than the Holders thereof and the Depository. In addition to the execution and delivery of a Representation Letter, the Authorized Officers and the other officers and employees of the Metropolitan Government are authorized to take any other actions, not inconsistent with the Resolution, to qualify the Commercial Paper Notes for the Depository’s book-entry system.

The Depository and its nominee shall be deemed to be and be treated by the Metropolitan Government and the Issuing and Paying Agent as the sole and exclusive Holder of the Master Notes and of all Book-Entry Commercial Paper Notes evidenced thereby, and the beneficial owners of Book-Entry Commercial Paper Notes shall not be deemed to be or treated as the Holders thereof, for the purposes of payment of the principal of or interest on such Book-Entry Commercial Paper Notes, payments under the Master Notes, giving any notice permitted or required to be given to Holders under the Resolution, registering the transfer of the Master Notes, obtaining any consent or other action to be taken by Holders, and for any and all other purposes whatsoever, and neither the Metropolitan Government nor the Issuing and Paying Agent shall be affected by any notice to the contrary. The Issuing and Paying Agent shall pay all principal of and interest on Book-Entry Commercial Paper Notes only to or upon the order of the Depository or its nominee, and all such payments shall be valid and effective to fully satisfy and discharge the Metropolitan Government’s obligations with respect to the principal of and interest on such Book-Entry Commercial Paper Notes to the extent of the sum or sums so paid.

With respect to all Book-Entry Commercial Paper Notes, neither the Metropolitan Government nor the Issuing and Paying Agent shall have any responsibility or obligation to any Depository, Direct or Indirect Participant or any Person claiming a beneficial ownership interest in Book-Entry Commercial Paper Notes under or through the Depository or any Depository Participant, or any nominee of any thereof, or any other Person which is not shown on the books of the Issuing and Paying Agent as being the Holder of a Master Note, with respect to: (i) sending transaction statements; (ii) maintaining, supervising or reviewing, or the accuracy of, any records maintained by the Depository, any Depository Participant or any such nominees; (iii) payment or the timeliness of payment by the Depository to any Depository Participant, or by any Depository Participant or other nominees of beneficial owners to any beneficial owners, of any amount in respect of the principal of or interest on Book-Entry Commercial Paper Notes; (iv) delivery or timely delivery by the Depository to any Depository Participant, or by any Depository Participant or other nominees of beneficial owners to any beneficial owners, of any notice which is permitted or required to be given to Holders under the Resolution; or (v) any consent or other action taken by the Depository or its nominee as Holder of Book-Entry Commercial Paper Notes.

The Depository may determine not to continue to act as securities depository for the Commercial Paper Notes, or the Metropolitan Government may determine to discontinue the book-entry-only issuance of the Commercial Paper Notes through the Depository and in such case shall deliver a written notice to the Issuing and Paying Agent and the Dealer to that effect. In either case, if the Metropolitan Government determines to replace the Depository with another qualified securities depository, the Metropolitan Government shall prepare or direct the preparation of one or more new, separate, fully registered Master Notes, registered in the name of such successor or substitute qualified securities depository or its nominee, or make such other arrangements acceptable to the Metropolitan Government, the Issuing and Paying Agent and the replacement Depository as are not inconsistent with the terms set forth in the Resolution. If the Metropolitan Government fails to identify another securities depository to replace the Depository, the Metropolitan Government may amend the Resolution and shall deliver to the Issuing and Paying Agent for safekeeping, completion, authentication and delivery in accordance with the provisions set forth in the Resolution, as so amended, and of the Issuing and Paying Agency Agreement(s), Commercial Paper Notes instruments executed on behalf of the Metropolitan Government, with the date of issuance, principal amount, maturity date, owner and rate of interest left blank. Each applicable Commercial Paper Notes

instrument shall be held in safekeeping by the Issuing and Paying Agent until authenticated and issued in accordance with the provisions set forth in the Resolution and as set forth in the applicable Issuing and Paying Agency Agreement.

THE ABOVE INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY-ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE METROPOLITAN GOVERNMENT, THE ISSUING AND PAYING AGENT, AND THE DEALER BELIEVE TO BE RELIABLE, BUT THE METROPOLITAN GOVERNMENT, THE ISSUING AND PAYING AGENT AND THE DEALER TAKE NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

Dietz, Esquire, Director of Law of the Metropolitan Government, affirming that to best of the Metropolitan Government's knowledge that there is no litigation then pending, or to their knowledge threatened, affecting the corporate existence or boundaries of the Metropolitan Government, or the titles of its officials to their respective offices, or the validity of the Commercial Paper Notes or the power of the Metropolitan Government to set rates and collect revenues from the System to pay the Commercial Paper Notes.

TAX MATTERS

Federal Taxes

Bass, Berry & Sims PLC, Nashville, Tennessee, is Bond Counsel for the Commercial Paper Notes. Their opinion under existing law, relying on certain statements by the Metropolitan Government and assuming compliance by the Metropolitan Government with certain covenants, is that interest on the Commercial Paper Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Commercial Paper Notes is not treated as an item of tax preference in calculating the alternative minimum tax imposed on individuals under the Code.

The Code imposes requirements on the Commercial Paper Notes that the Metropolitan Government must continue to meet after the Commercial Paper Notes are issued. These requirements generally involve the way that Commercial Paper Note proceeds must be invested and ultimately used. If the Metropolitan Government does not meet these requirements, it is possible that a Commercial Paper Note holder may have to include interest on the Commercial Paper Notes in its federal gross income on a retroactive basis to the date of issue. The Metropolitan Government has covenanted to do everything necessary to meet these requirements of the Code.

A Commercial Paper Notes holder who is a particular kind of taxpayer may also have additional tax consequences from owning the Commercial Paper Notes. This is possible if a Commercial Paper Notes holder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Commercial Paper Notes.

If a Commercial Paper Notes holder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Commercial Paper Notes or affect the market price of the Commercial Paper Notes. See also “Changes in Federal and State Tax Law” below under this section.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Commercial Paper Notes, or under State, local or foreign tax law.

State Taxes

Under existing law, the Commercial Paper Notes and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Commercial Paper Notes during the period the Commercial Paper Notes are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Commercial Paper Notes in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

Changes in Federal and State Tax Law

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Commercial Paper Notes or otherwise prevent holders of the Commercial Paper Notes from realizing the full benefit of the tax exemption of interest on the Commercial Paper Notes. Further, such proposals may impact the marketability or market value of the Commercial Paper Notes simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to Commercial Paper Notes issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Commercial Paper Notes. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Commercial Paper Notes would be

impacted thereby. Purchasers of the Commercial Paper Notes should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Commercial Paper Notes, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

**The Metropolitan Government of Nashville and Davidson County
Water and Sewer Revenue Commercial Paper Notes, Series 2022A**

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance by The Metropolitan Government of Nashville and Davidson County (the “Metropolitan Government”) of up to \$200,000,000 in aggregate principal amount of its Water and Sewer Revenue Commercial Paper Notes, Series 2022A (the “Notes”). In such capacity, we have examined the law and such certified proceedings and other documents as we deemed necessary to render this opinion, including, but not limited to, Resolution No. RS2022-____ (the “Resolution”) authorizing the issuance and sale of the Notes. As used herein, the term “Notes” shall also mean any Rollover Commercial Paper Notes (as defined in the Resolution) issued for the purpose of paying the principal of the Notes. The terms used herein, but not defined herein, shall have the respective meanings given such terms in the Resolution.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials and others furnished to us without undertaking to verify such facts by independent investigation.

Based on the foregoing, we are of the opinion, as of the date hereof, as follows:

1. The Notes have been duly authorized, executed and issued in accordance with the constitution and laws of the State of Tennessee and are valid and binding obligations of the Metropolitan Government.
2. The Resolution authorizing the Notes has been duly and lawfully adopted, is in full force and effect and is the valid and binding agreement of the Metropolitan Government enforceable in accordance with its terms.
3. The Notes constitute limited obligations of the Metropolitan Government, payable from and secured solely by a pledge of the revenues of the Metropolitan Government’s water and sewer system, subject to costs of operating the system and subject to prior pledges of such revenues in favor of (a) the Metropolitan Government’s Water and Sewer Revenue Bonds Federally Taxable, Series 2010B (Build America Bonds – Direct Payment); Water and Sewer Revenue Bonds Federally Taxable, Series 2010C (Recovery Zone Economic Development Bonds); Water and Sewer Revenue Bonds, Series 2013; Water and Sewer Revenue Bonds, Series 2017A (Green Bonds); Water and Sewer Revenue Bonds, Series 2017B; Water and Sewer Revenue Bonds, Series 2020A; Water and Sewer Revenue Bonds, Series 2020B; State Revolving Fund Loans Nos. 2020-223, 2020-224 and 2020-446; Water and Sewer Revenue Bonds, Series 2021A (Green Bonds); Federally Taxable Water and Sewer Revenue Refunding Bonds, Series 2021B (Green Bonds) and Water and Sewer

Revenue Bond, Series 2022 (WIFIA ID – N20115TN) (collectively, the “Prior Lien Bonds”) and (b) any other long-term bonds hereafter issued by the Metropolitan Government on parity with the Prior Lien Bonds. The pledge of revenues to the payment of the Notes is on parity with the pledge in favor of the Metropolitan Government’s Water and Sewer Revenue Extendable Commercial Paper Notes, 2015 Program.

4. Interest on the Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Notes is not treated as an item of tax preference in calculating the alternative minimum tax imposed on individuals under the Code; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Code) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2022. The opinion set forth in the preceding sentence is subject to the condition that the Metropolitan Government comply with all requirements of the Code that must be satisfied subsequent to the date hereof in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Metropolitan Government has covenanted to comply with all such requirements. Failure to comply with certain of such requirements could cause interest on the Notes to be so included in gross income retroactive to the date of issuance of the Notes. Except as set forth in this paragraph, we express no opinion regarding other federal tax consequences arising with respect to the Notes.
5. Under existing law, the Notes and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on all or a portion of the interest on the Notes during the period such Notes are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Notes in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

It is to be understood that the rights of the owners of the Notes and the enforceability of the Notes and the Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors’ rights generally and by equitable principles, whether considered at law or in equity.

We express no opinion herein as to the accuracy, adequacy or completeness of the Offering Memorandum relating to the Notes.

This opinion is given as of the date hereof, and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

BASS, BERRY & SIMS PLC

THE WATER AND SEWER SYSTEM

General

The formation of the Metropolitan Government of Nashville and Davidson County (the “Metropolitan Government”), effective on April 1, 1963, resulted in the combination and consolidation of (i) the water and sewage system formerly maintained by the City of Nashville, and (ii) the sewage system formerly maintained by the Davidson County Improvement District No. 1 into the Department of Water and Sewerage Services (the “Department”). The Department, established under Section 8.501 of the Charter of the Metropolitan Government (the “Charter”), is charged with the responsibility for construction, operation and maintenance of all water and sanitary sewer facilities for the Metropolitan Government as well as the collection of all charges for the services of such utilities.

In addition to the combined and consolidated facilities, the Water System (defined herein) and the Sewer System (as defined herein) have been gradually expanded to include: (i) improvements financed by revenues; (ii) improvements resulting from capital contributions in aid of construction by private developers; (iii) all improvements, additions and extensions financed with the proceeds of outstanding bonds and governmental grants; and (iv) facilities acquired from (a) the Nashville Suburban Utility District, (b) the First Suburban Water Utility District of Davidson County, Tennessee, (c) the sewerage service of the Parkwood Service Company, (d) the Joelton Water Utility District, (e) the City of Lakewood water and sewerage system, (f) Rayon City Water Company, (g) the Cumberland Utility District, (h) the sewerage service of the Nolensville/College Grove Utility District in Williamson County, and (i) the Old Hickory Utility District of Davidson County.

Under the Charter and Tennessee Code Annotated §§ 7-3-302, the Metropolitan Government can assume and take over any water and/or sewer utility district located within its boundaries through ordinances adopted by the Metropolitan County Council of the Metropolitan Government (the “Metropolitan Council”). Several such systems currently operate inside Davidson County and if a decision is made to consolidate these operations into the Department, the Metropolitan Government will take subject to or retire all debts and liabilities of the systems. The economic impact of such an assumption or takeover would be evaluated prior to the submission of any legislation to the Metropolitan Council. By contract, dated February 1996, the Metropolitan Government has agreed not to take over the Harpeth Valley Utility District before February 2026.

Historically, the Department managed and partially funded the Stormwater operations of the Metropolitan Government. In 2009, the Metropolitan Government established a Stormwater Division of the Department as a stand-alone enterprise fund with its own set of service fees, which are now an itemized part of the water bill. Further funding of Stormwater operations will not be required of the Department. In July of 2021, the Department began managing Waste Services which provides Waste and Recycling Services to Nashville and Davidson County. This is established as a stand-alone special revenue fund that is funded in part by proceeds from property taxes and revenues received from waste operations.

The Water System

The water provided by the Department’s water system (the “Water System”) currently meets all physical, chemical, and bacteriological water quality standards established by the United States Environmental Protection Agency (the “EPA”) under the Safe Drinking Water Act, as amended, by the Tennessee Department of Environment and Conservation (“TDEC”) and under the Tennessee Safe Drinking Water Act of 1983, as amended. The Water System draws water from the Cumberland River and processes it through modern filtration plants for delivery into the distribution system. Raw water is treated

by chemical coagulation, flocculation, clarification, filtration, and disinfection. The existing water treatment plants and pumping facilities have a total delivery capacity of 180 million gallons per day.

The Omohundro Water Treatment Plant, originally placed in service in 1889, has been extensively expanded and modernized over the years. This campus includes (i) the George Reyer Pumping Station, (ii) the Robert L. Lawrence Jr. Filtration Plant, and (iii) the Boiler House and a recently built electrical substation. The substation includes four 2.5 mega-watt backup electrical generators that can run the entire Omohundro Campus at its rated maximum capacity of 90 million gallons per day. The central control room located at this plant provides constant monitoring of the status of all water pumping stations and reservoirs.

The K. R. Harrington Water Treatment Plant was completed and placed into operation in 1977. This facility provided an additional capacity of 60 million gallons per day to the Metropolitan Government's water treatment capabilities. Expansion of this plant to 90 million gallons per day was completed in 1992 and will ensure an adequate supply of potable water through the coming years. In 1999, as a precaution against prolonged power outages caused by ice storms, tornadoes, or other disasters, the Harrington Plant was equipped with four emergency generators with a capacity of 1,750 kW each. These generators allow the Department to operate the plant at a capacity of 72 million gallons per day.

The water from the existing treatment plants is delivered into the water distribution system through six major transmission mains. The water distribution system contains approximately 3,067 miles of mains ranging in diameter from 2 inches to 60 inches. Storage is provided by the Eighth Avenue Reservoir, which is 51 million gallons in capacity, various other reservoirs with a combined additional capacity of 37.3 million gallons and by tanks and standpipes, many of which are utilized to provide water service in areas of higher elevation than the central urbanized area. Currently only half of the Eighth Avenue Reservoir is in service, thus reducing its capacity to 25.5 million gallons. The Water System has 57 booster-pumping stations to deliver water to these higher regions.

The Sewer System

The existing sewerage system (the "Sewer System") comprises of 3,017 miles of gravity sewers, 120 pumping stations, 167 miles of force main and four treatment plants, the three most important of which are the Central Wastewater Treatment Plant, the Dry Creek Wastewater Treatment Plant, and the Whites Creek Wastewater Treatment Plant. The Central Wastewater Treatment Plant has a capacity of 250 million gallons per day plus an additional 80 million gallons per day used for stormwater treatment for a total capacity of 330 million gallons per day. The Dry Creek Wastewater Treatment Plant has a design capacity of 24 million gallons per day of secondary treatment while the Whites Creek Wastewater Treatment Plant has a capacity of 37.5 million gallons per day of secondary treatment.

The Department properly treats and disposes of sludge produced at its treatment plants consistent with State and Federal law and has constructed a \$132 million biosolids facility to stabilize and further treat sludge, including sludge thickening, anaerobic digestion and heat drying. The methane gas produced from the digesters is used to heat dry the sludge into pellets, which are considered a Class A material by the USEPA and are a marketable agricultural product. The facility has significantly reduced the need to landfill the residuals.

Ms. Frye has served several years on the AWWA Customer Service Committee. She is the Chair of the KY/TN AWWA Knowledge, Creation, and Exchange Council and is a member of the Water for People Committee.

Billing and Collection Procedures

With certain limited exceptions, the Department is required to charge for all water and sewerage services provided by it and consumed by, or, in the case of sewerage services, made available to each customer. Charges for water and sewerage services are generally based on metered measurement of water consumption. The Department reads meters and renders bills to customers monthly. The charges for water and sewerage services are included in a single, combined bill in terms of a "net billing," which is the charge calculated at established rates, and a "gross billing," which is the current net billing increased by 5% or by \$2.50, whichever is greater. This addition to the net billing is a form of penalty for the customer's failure to promptly pay the monthly bill for services. The gross billing amount becomes applicable 20 days after the billing is mailed to the customer. If a customer fails to pay a bill, a delinquency notice is included in the subsequent month's bill. If the customer fails to pay the bill for a second time, the customer is notified of potential disconnect by letter and/or phone call advising that service will be discontinued if payment is not received in five days. If the customer does not pay the delinquent account within five days following the notice, the account is subject to immediate discontinuation of water and sewer service. To have service restored the customer must then pay the total delinquent amount plus a reconnection fee. If the Department is unable to collect the amount owed, the account is then turned over to a commercial collection agency. These billing and collection procedures have resulted in the collection of approximately 99.63% of all amounts billed during the past five Fiscal Years.

The Department has approximately 215,000 meters across Davidson County, Tennessee. Of those, more than 98,000 are AMI ("Advanced Meter Infrastructure"), meaning readings and other vital data can be sent and received remotely through the cellular network. Beginning in 2018, the Department replaced about 12,000 meters with this technology and will continue annually until the entire system is upgraded.

Currently, the AMI system uses nine antennae to receive data; this system will be expanded as the network needs grow. Customer service has experienced a less than 1% failure rate with data reception from AMI meters.

Wholesale Customers

The Department provides sewage treatment services for the Cities of Brentwood, Goodlettsville, Millersville, Belle Meade, Lavergne, Ridgeway, Mount Juliet, Hendersonville Utility District, and White House Utility District (the “Wholesale Sewer Customers”), pursuant to contracts between the Department and each of the Wholesale Sewer Customers. Wholesale contracts have been updated to include annual escalation based on the consumer price index. Under the wholesale contracts, the Department is obligated to treat sewage (subject to volume limitations) from the Wholesale Sewer Customers, and the Wholesale Sewer Customers are required to pay a volumetric rate for sewage delivered to the Department. Capital costs incurred by the Department to maintain capacity for the Wholesale Sewer Customers are recoverable under the contracts. None of the Wholesale Sewer Customers has ready access to other sewage treatment facilities.

Operations and Maintenance

The Department has implemented operation and maintenance procedures with respect to the System and has undertaken several programs to upgrade performance, including a water quality testing program. Water quality within the water treatment facilities is tested on site on an hourly basis. Additional testing is conducted at a central laboratory maintained by the Department and certified by the State of Tennessee. Water discharged from the plants into the distribution system is monitored in accordance with the Federal Safe Drinking Water Act. Water discharged from the three wastewater treatment plants is tested to ensure compliance with the National Pollutant Discharge Elimination System as administered by the United States Environmental Protection Agency and Tennessee to the Tennessee Department of Environment and Conservation.

The Department takes every precaution to ensure that the water delivered to each customer is of the highest quality possible and meets all Federal and State drinking water standards. Drinking water does not contain lead when it leaves the treatment plants but tap water can accumulate trace amounts of lead through the corrosion of plumbing materials containing lead. The Department has had an intense corrosion control program since 1992 to prevent the possibility of lead leaching into the water. Following EPA and State guidelines, the Department regularly monitors drinking water in the distribution system for lead to determine the effectiveness of our corrosion control program. The Department replaces its portion of lead service lines prior to public works paving projects, during water main replacement projects, and when a lead service line is leaking, and repair would be required.

The Department performs regular maintenance and repair of equipment with outside contractors performing major repairs. To facilitate maintenance and repairs, the Department has established several inspection programs for the different areas of operation. Inspection programs include pumping station inspection, cross-connection protection testing, smoke testing for collection system integrity, water leak detection, fire hydrant testing and valve testing programs. Vans are equipped with closed circuit television cameras that can be maneuvered through the sewer mains to inspect the Sewer system.

Comprehensive training programs have been developed for employees, from unskilled to supervisory and management positions, covering many aspects of the operation and maintenance of the System. Although participation in the programs is not mandatory, employees who wish to be promoted to a higher job classification must demonstrate that they have the knowledge and skills that such programs provide.

ENVIRONMENTAL REGULATION

The Federal Water Pollution Control Act of 1972 (“FWPCA”), as amended by the Clean Water Act of 1977, and the Water Quality Act of 1987 (collectively, the “CWA”), provides for the restoration and maintenance of the chemical, physical and biological integrity of the nation’s waters. To achieve that end, the FWPCA established the National Pollution Discharge Elimination System (“NPDES”), a permit system administered by the United States Environmental Protection Agency (“EPA”) in conjunction with the states. The EPA has delegated the NPDES program for Tennessee to the Tennessee Department of Environment and Conservation (“TDEC”). The Tennessee General Assembly enacted the Tennessee Water Quality Control Act of 1977 to obtain the primary objectives of the CWA and to qualify for full participation in the NPDES program established under Section 402 of the FWPCA. Pursuant to the authority granted to it, the Tennessee Water Quality Control Board has enacted regulations consistent with the CWA.

In 1990, TDEC issued Order 88-3364 (the “1990 Order”) as a result of violations by the Metropolitan Government of the Tennessee CWA from January 1987 through June 1989. The 1990 Order was, among other things, a result of the discharge of improperly treated wastewater into the waterways by the Metropolitan Government’s collection system and various wastewater treatment plants, leading to pollution in violation of the CWA. The 1990 Order also stated that the Metropolitan Government’s failure to comply with certain agreed upon orders entered by the Tennessee Water Quality Control Board in 1985 and 1987 was also a basis for the 1990 Order.

The 1990 Order identified specific problems regarding the Metropolitan Government’s collection system and wastewater treatment and required the Metropolitan Government to correct them. In response, the Department developed a detailed program, referred to as the “Overflow Abatement Program” (“OAP”), for making system improvements to correct the problems identified in the 1990 Order. This program was approved by the TDEC. Although the Department substantially complied with the 1990 Order, it was not in full compliance with the CWA as of 1999.

On September 17, 1999, the TDEC issued Order 99-0390 (the “1999 Order”) replacing the 1990 Order and citing the Metropolitan Government in violation of state law. Effective July 1, 2001, the Metropolitan Government was to immediately not permit or allow any overflows of bypasses from its combined Sewer system (wastewater and storm water) during dry weather to any waters of the State of Tennessee, nor was it to allow any discharge from the sanitary sewerage system to any tributary of the Cumberland River. The current flow limits that the tie-in points from all contributing satellite sewage systems were to be maintained.

The Metropolitan Government has substantially addressed the issues raised in the 1999 Order and continues to make capital improvements to its Sewer System in response thereto. TDEC has not assessed monetary penalties against the Metropolitan Government for failing to meet a schedule compliance date, and the Metropolitan Government is currently in compliance with the requirements of the 1999 Order.

Environmental Protection Agency Consent Decree

In December 2005, the Department received an inquiry from the United States Environmental Protection Agency’s Region IV (“USEPA”) headquarters. This inquiry requested certain documents and records pertaining to the Department’s operations, capital plan, and stormwater management. The Department’s response was submitted in January 2006. The Department, TDEC, and USEPA agreed on a recommended consent decree to address and correct deficiencies within the Department’s Sewer system that have caused violations of the CWA (the “Consent Decree”). The Consent Decree originally required that the Metropolitan Government fully develop, by March 12, 2011, a Corrective Action Plan/Engineering Report (CAP/ER) for its sanitary sewer system and a Long-Term Control Plan (“LTCP”) for its combined

Sewer system to achieve the goals of the CWA. Upon submittal and approval of the plans, the Metropolitan Government was originally obligated to complete the work as developed by the plans in nine years.

On May 14, 2010, the Metropolitan Government petitioned the USEPA and TDEC for a 6-month time extension for the delivery of both plans and the two years for the final compliance with the Consent Decree due to the flood of May 2010. The USEPA and TDEC granted the requested time extension to the Department. Both the CAP/ER and LTCP were submitted on time based on the time extension to EPA and TDEC in September of 2011. On August 10, 2017, the EPA approved the CAP/ER and the timeline (11 years) to complete the work, which has now officially commenced. After extensive negotiation, EPA issued a partial conditional approval of the LTCP in December 2020, which requires the Department to submit a revised LTCP within four years and allows 11 years from the date of the letter to complete the work.

Among other requirements, the Consent Decree will require capital expenditures to the System in a total amount of approximately \$1.65 billion. See “THE WATER AND SEWER SYSTEM CAPITAL IMPROVEMENT PLAN” herein. Failure to comply with the Consent Decree and meet future established deadlines could result in penalties up to \$3,000 per incident, and up to \$5,000 per day for failure to implement work in a timely manner. The Department has thus far been successful in meeting all the deadlines established by the Consent Decree and is currently in compliance with the Decree in all respects.

THE WATER AND SEWER SYSTEM CAPITAL IMPROVEMENT PLAN

The Water System

The Metropolitan Government’s Water System dates back to the late 1800’s. Over sixty five percent (65%) of the Water System is at least forty (40) years old. More than 150 miles of water main are over eighty (80) years old. The Water Infrastructure Rehabilitation (“WIR”) program provides for the rehabilitation and/or replacement of old water distribution infrastructure. The 12th Ave South project is a multi-phased construction project that will replace 52,720 linear feet of water mains at a cost of \$21 million. The Castleman Drive water main replacement project, currently underway, will replace 8,400 feet of unlined, cast-iron pipe with new 8 and 12 inch main at a cost of \$ 2.7 million. Other WIR projects, similar in scope and size, including phased projects in the Sylvan Park, East Nashville, Jefferson South, Albion / DB Todd, Centennial and Charles E. Davis amongst other areas, will account for \$180 million over the next six years.

Water System Capital Improvement Plan

In addition to projects identified in the WIR program, the Department maintains the Master Water Improvement Plan, which sets out projected water needs based on population forecasting and hydraulic modeling (the “Water Plan”). Future identified projects intended to add redundancy to the System include installation of a redundant 24-inch water main for the Airport Pressure zone; installation of redundant 60-inch water main from the Omohundro Water Treatment Plant, a redundant 60-inch water main from the KRH Water Treatment Plant to the approximate midpoint of the Cumberland/City Low water main project. Currently underway and partially funded through SRF Loans, is the 8th Ave Reservoir Tank in Tank project which will update the historic structure (Est 1890’s) structure with a new 14M gallon steel tank. Future identified projects intended to add capacity to the System include installation of 6,000 feet of new 24-inch water main in Brick Church Lane to Belle Arbor; installation of 3,000 feet of new 16-inch main in Ashland City Highway; installation of 11,000 linear feet of a 24-inch water main along Central Pike; installation of 4,000 feet of a 12-inch water main in Clarksville Pike; installation of 4,000 feet of a 12-inch water main in Brick Church Lane to Knight Road; and the optimization of two reservoirs to meet current hydraulic patterns.

Finally, improvements at the water plants are also critical to meeting the needs of the service area. A new raw water pump station and additional clearwell capacity, increasing rated capacity from 90 million gallons per day to 120–150 million gallons per day, and finished water pump station improvements at the Omohundro Water Treatment Plant have been identified as needed improvements. The Department recently completed an 18-month pilot study to identify the best technologies for both current and potential future regulations based on the Cumberland River source water. As a result, post filter granular activated carbon is the selected process that will position the Department to best meet current and future regulations for the growing service area. Combined into one large multifaceted, multi-phased project, “Water Treatment Plant Process Advancements,” work at both the Omohundro and KR Harrington Water Plants is anticipated to cost just under \$642 million over the next six years.

WIFIA Loan

Effective as of September 14, 2022, the Metropolitan Government entered into that certain WIFIA Loan Agreement (the “Loan Agreement”) by and between the Metropolitan Government and the United States Equal Protection Agency, an agency of the United States of America, acting by and through the Administrator of the Environmental Protection Agency (the “WIFIA Lender”). The Loan Agreement provides for a draw down loan in the maximum principal amount not-to-exceed Three Hundred Fifteen Million Dollars (\$315,000,000) (the “WIFIA Loan”) to finance Process Advancements and various improvements to upgrade and replace equipment at the existing Omohundro and K.R. Harrington Water Treatment Plants, including a new raw water pump station, new post-filtration facilities at each site, clearwell storage improvements and replacement, filter underdrain improvements and flood risk mitigation upgrades. Pursuant to the terms of the Loan Agreement the WIFIA Loan shall be secured by a senior lien on the Revenues of the water and sewer system, including a senior lien on the Trust Estate (as defined in the Loan Agreement) on a parity basis with the water and sewer revenue bonds and senior to all Subordinated Indebtedness; provided, however, that the WIFIA Debt Service Reserve Account secures only the WIFIA Loan. loan as of the date hereof, no amounts have been drawn under the Loan Agreement. The Metropolitan Government’s current indebtedness for its outstanding water and sewer revenue bonds are provided hereinbelow this APPENDIX C.

Sewer System Capital Improvement Plan

In September of 2011, the CAP/ER and the LTCP studies were submitted to EPA and TDEC. A schedule was developed to pursue those projects to meet the compliance date of the Consent Decree, which is eleven years following the approval of the plan. While waiting for approval of these plans, Water Services implemented numerous projects related to the CAP/ER taking advantage of the additional time for completion. EPA approved the CAP/ER in August 2017, setting a deadline for compliance of August 2028. The LTCP received a partial conditional approval in December 2020, with a compliance deadline of December 2031.

Sewer System rehabilitation continues for the elimination of inflow and infiltration from the separated sanitary sewer system. Rehabilitation projects identified in the CAP/ER recently completed include Smith Springs Area 2, \$4.7 million; Cowan Area 4/5, \$6.0 million; Shelby Area 5, \$5.0 million; Loves Branch, \$4.5 million; Hidden Acres, \$1.3 million and Vandiver, \$3.9 million. Design for sewer rehabilitation has been completed on Smith Springs Area 3 Rehab, Shelby Park Area 6 – Trunk Line Rehab, Seven Mile Creek Area 1, Shepherd Hills, and Dry Creek. These projects are awaiting bidding. Design for sewer rehabilitation is underway for 28th Avenue Area 2, Cleeces Ferry Area 1 and Lakewood Area 2.

Equalization Projects (“EQ Projects”) are included in the CAP/ER to temporarily store excess flow during heavy rainfall events, before returning the stored flow to the collection system for

treatment. Construction has been completed on the West Park EQ Project at \$15 million, and on the Ewing Creek EQ Project at \$9.4 million. Construction is underway for the Davidson Branch Pump Station and EQ Project at \$29.8 million, and for the Gibson Creek EQ Project at \$19 million. Design has initiated for the Mill Creek Trunk and EQ Project, estimated to cost \$200 million, making it the second largest project under the Consent Decree Program. A construction manager at risk (“CMAR”) has also been selected for the Mill Creek project. The largest project under the Consent Decree Program is the Central Wastewater Treatment Capacity Improvements and CSO Reduction project which will both reduce CSOs and make necessary process improvements.
