On behalf of the Metropolitan Planning Commission, the following item, referred to the Commission as required by the Metro Charter, has been recommended for *approval* to the Metropolitan Council:

*A request for the acceptance of approximately 164 linear feet of new eight-inch sanitary sewer main (DIP), five new sanitary sewer manholes, approximately 184 linear feet of new eight-inch water main (DIP) and the vertical realignment of approximately 32 linear feet of existing eight-inch sanitary sewer main (DIP) to serve the development at 3104 and 3108 Alpine Park Boulevard. Construction will occur in the public road right of way.*

The relevant Metro agencies (Metro Parks, Nashville Department of Transportation, Metro Water Services, Metro Emergency Communications, the Nashville Electric Service, General Services-Public Property and the Metro Historical Commission) have reviewed the proposal and concur in the recommendation for approval. This request must be approved by the Metro Council to become effective. A sketch showing the location of the request is attached to this letter.
