Section I: Introduction

Intent

The purpose of the Nations Urban Design Overlay (UDO) and associated rezoning is to expand housing options within the Nations neighborhood and encourage the redevelopment of industrial areas while maintaining and enhancing the neighborhood's distinct character.

The UDO and associated rezoning will also bring the neighborhood into greater alignment with the vision and goals *NashvilleNext* has for the Nations by encouraging the transition of industrial areas into mixed-use extensions of the neighborhood.

Goals

- Increase the variety of housing types within the neighborhood that prioritizes housing affordability and cohesiveness with existing neighborhood design characteristics.
- Preserve and reinforce traditional neighborhood mixed-use centers and corridors.
- Encourage the mixed-use redevelopment of industrial portions of the neighborhood into extensions of the neighborhood that feature a variety of housing types, third spaces, and essential commercial uses that are currently missing from the neighborhood while respecting the area's industrial heritage.

How to Use This Document

- ⇒ **Determine the relevant base zoning:** Look up the base zoning of a parcel by using Parcel Viewer (<https://maps.nashville.gov/ParcelViewer/>) . Parcels can be searched by address, parcel number, or parcel owner.
- ⇒ **Refer to the general standards:** All parcels within the UDO boundary are subject to the general standards found on pages 9-14 of this document.
- ⇒ **Refer to the applicable character area standards:** Use the overlay map on page 4 to determine the applicable character area. All parcels within the UDO fit into one of the four character areas: Residential Neighborhood, Neighborhood Center, Mixed-use Corridor, or Mixed-use Redevelopment.
- ⇒ **Ensure the proposed design and use(s) conform to the base zoning and UDO standards for the site.**

Section II: Application & Compliance

Compliance Provisions

1. Full compliance with the standards of the UDO shall be required when any property within the UDO boundary is redeveloped or vacant property is developed.
2. When a building's occupiable square footage is being expanded, the expansion shall comply with all applicable UDO development standards.
3. When a new structure is built on a lot with multiple structures, the new structure shall comply with all applicable UDO development standards.

Overlapping Codes & Plans

Base zoning district standards, including those within the Urban Zoning Overlay (UZO), that are not varied by the provisions set forth in the Nations Urban Design Overlay shall apply as appropriate to all property within the UDO boundary. If a property is zoned Specific Plan (SP) or within a Planned Unit Development Overlay (PUD), Historic Overlay, or Neighborhood Landmark Overlay then all standards contained within the SP or applicable overlay shall apply. The UDO standards shall apply for any standards not addressed in the SP or applicable overlay.

Process

Prior to applying for a building permit, applicants shall apply for a UDO Final Site Plan Application with the Planning Department. The Final Site Plan shall be reviewed and approved by all departments prior to the issuance of the building permit.

Applicants are encouraged to contact Metro planning staff early in the design process for a pre-application meeting. Where physical constraints exist on a site within the UDO, the planning staff may review alternate design solutions that achieve the intent of the UDO.

Existing nonconforming structures can be modified or remodeled if the new construction does not allow the structure to become more noncompliant with the UDO standards contained herein.

Following the approval of the Final Site Plan, a Final Plat may be required to establish lots, rights-of-way, and easements.

Modifications

Modifications to the standards of the UDO may be necessary due to site-specific issues. Any standard within the UDO may be modified as long as the following is met:

- the intent of the standard is met despite the modification;
- the modification results in better urban design for the neighborhood as a whole;
- the modification does not impede or burden existing or future development of adjacent properties.

The Planning Commission or Planning Department staff may approve modifications as follows:

- The Planning Department staff may approve minor modifications, those containing deviations of 25 percent or less of a numerical standard.
- Major modifications, deviations of more than 25 percent, shall be considered by the Planning Commission.

Section III: UDO Standards

General Standards

General standards apply to all parcels within the Nations UDO boundary, regardless of character area or building type. They shall be used in combination with the relevant character area standards.

Structural Standards

Height	Height shall be measured from the average natural grade at the front property line to the roof ridge or parapet.
Massing	- Buildings shall avoid long, monotonous, uninterrupted walls or roof planes facing streets. - Wall planes for front façades shall not exceed 25 ft in length without a change in plane by means such as a porch, stoop, vertical recess or projection, or side-wing recess. - Changes in plane shall be related to the structure of the building, such as to designate entrances, organization of interior spaces, or differentiation of units. - False fronts, insubstantial parapets, or other changes in plane merely for visual effect are prohibited. - Multi-family structures with façades 40 ft wide or greater shall have porches or stoops that differentiate ground floor units. This requirement does not apply to mixed-use buildings with ground floor commercial or office space.
Façade Length	The maximum facade length shall be 200'. This calculation excludes balconies and other architectural features that are attached to the façade and do not include conditioned space. Modifications shall not apply to this standard.

Material Standards

Materials	- Building façades shall be constructed of brick, brick veneer, stone, cast stone, cementitious siding, metal paneling or siding, and glass, or materials substantially similar in form and function as determined by MPC staff. - Design for buildings on corner lots shall incorporate continuity of design in architectural details and materials that address both streets and shall avoid long, monotonous, uninterrupted walls or roof planes.
Glazing	- Residential glazing along street facing façades shall be a minimum of 20%. - Mixed-use and non-residential glazing along street facing façades shall be a minimum of 40% on the ground floor and a minimum of 20% on upper floors. - Minimum glazing shall be measured from the top of the foundation to the roof line.
Porches & Stoops	- Front porches shall have a minimum clearance depth of 6 ft. - Front stoops shall have a minimum depth of 3 ft.
Shutters	Shutters, if present, shall be sized to fit the corresponding window opening if closed.
Fences & Walls	- Fences and walls shall be constructed of durable, high quality materials such as wood, stone, masonry, or metal with the finished side facing outwards and all bracing located on the inside of the fence. - Chain link fences shall not be permitted. - Razor wire and barbed wire shall be prohibited. - Fences and walls within the street setback shall not exceed 4 ft. in height. Fences and walls along rear and side property lines shall not exceed 6 ft. in height.

Landscape Standards

Design	- Foundation plantings shall be used to soften transitions between foundations and walls along street facing façades. - Tree and shrub species shall be chosen from the recommended tree and shrub list maintained by the Metro Urban Forester. Non-recommended trees and prohibited shrubs shall not be used.
Street Trees	- When sidewalks are required, street trees shall be planted within the furnishing zone of the sidewalk. These trees shall count towards a project's TDU requirement. - When overhead utility lines are present, understory trees spaced every 20 ft. shall be planted; when overhead utility lines are not present, canopy trees spaced every 30 ft. shall be planted.
Trees	- Tree preservation and replacement requirements shall conform to the requirements of Section 17.28.065 of the Metropolitan Code, excluding the required tree density. - Mixed-use and multi-family properties shall attain a tree density factor of at least 28 units per acre using retained trees, replacement trees, or a combination of the two. - Single-family and two-family properties shall attain a tree density factor of at least 22 units per acre using retained trees, replacement trees, or a combination of the two.
Screening	- Service and utility elements including, but not limited to, waste bins and dumpsters, loading and maintenance facilities, HVAC equipment, meters, transformers, and other mechanical equipment shall be located out of view and/or screened from public streets. - Screening plants shall be low-branching evergreen shrubs and trees equal in height or taller than the element being screened at the time of planting.
Landscape Buffer	Landscape Buffer Yard requirements shall conform to the requirements of Article III of Chapter 17.24 of the Metropolitan Code.
Greenways Easement	When a site abutting the Cumberland River and/or has area within its floodway, twenty-five-foot (25') Zone One, or fifty-foot (50') Zone Two water quality buffers is redeveloped, a Greenways easement that is consistent with Metro Greenway standards shall be required prior to the issuance of a building permit.

Access & Parking Standards

Pedestrian Access	Pedestrian access shall be provided from any primary entrance to the primary street frontage. This access may be included within the driveway for single-family and two-family uses.
Vehicular Access for Parcels with Alley Access	Vehicular access shall only be from an alley for all parcels adjacent to an alley.
Vehicular Access for Parcels without Alley Access	- Parcels without alley access are limited to one driveway per public street frontage. Reasonable efforts shall be made to consolidate circulation and minimize curb cuts. Properties located along the south side of Morrow Road without alley access shall comply with the following requirements: properties shall be limited to one driveway per lot, for development of two or more lots, shared driveways shall be provided where possible, parking areas shall be located in the rear or on the side of the residence, garages shall be side- or rear-loaded only. Front-loaded garages shall be prohibited.
Driveways	- No driveway or parking pad shall be located in front of the primary façade, facing the street. - Driveways loading from a street for single-family uses shall be no more than 12 ft. wide; Driveways loading from a street for two-family and 3-4 unit multi-family uses shall be no more than 18 ft. wide for the first 20 ft. - Driveways shall be located at least 2 ft from a side property line. Shared access drives shall be permitted to the property line.
Drive-throughs	Drive-throughs shall be prohibited.
Parking	- No parking areas shall be located between the front of a primary façade and a public street. - Parking requirements shall conform to the requirements of Sections 17.20.030, 17.20.040, & 17.20.050 of the Metropolitan Code.
Bicycle Parking	Bicycle parking shall meet the requirements of Section 17.20.135 of the Metropolitan Code.
Sidewalks	Sidewalks shall be required where determined to be necessary infrastructure consistent with applicable law.
Transit	Transit facilities shall be required where determined to be necessary infrastructure based on existing facilities and proposed transit lines adopted through NashvilleNext and Choose How You Move, consistent with applicable law.

Detached Accessory Dwelling Unit (DADU) Standards

General	- Any DADU standards not addressed within the UDO must follow Section 17.16.030G of the Metropolitan Zoning Code. - A DADU can be an independent structure or it can be incorporated in an accessory structure on the same lot as the principal single-family structure. - DADUs are only permitted as an accessory use to single-family uses on lots where the applicable zoning district permits the DADU use.
Height	The top elevation of a DADU shall not exceed the top elevation of the principal structure.
Massing	- A DADU shall maintain a proportional mass, size, and height to ensure it is not larger than or extends into the side setback of the principal structure. - The living space of a DADU shall not exceed 800 sq. ft.
Design	- The DADU shall be of similar or complementary style, design and material as used for the principal structure and shall use similar or complementary architectural characteristics, including roof form and pitch, to the existing principal structure. - Accessory structures where the DADU is located on the second floor shall enclose the stairs interior to the structure and properly fire rate them per the applicable life safety standards found in the code editions adopted by the Metropolitan Government of Nashville.

Industrial Use Standards

Landscape Buffer	- Properties containing an industrial use shall provide a Type D-3 buffer yard as outlined Figure 17.24.240D of the Metropolitan Code with the addition of a 8 ft. masonry wall or opaque wood fence constructed of naturally rot resistant wood along all property lines. - If the required buffer yard area exceeds 20% of the total lot area, a Type D-5 buffer yard may be used in place of the above required modified D-3 buffer yard.
Fences & Walls	- Fences and walls shall be constructed of durable, high quality materials such as wood, stone, masonry, or metal with the finished side facing outwards and all bracing located on the inside of the fence. - Chain link fences shall only be permitted on internal areas of the property that are not visible from the right-of-way or adjacent properties containing residential uses. - Razor wire and barbed wire shall be prohibited along any property line adjacent to a public right-of-way or property containing a residential use.

** Parcels being developed or redeveloped with industrial uses, excluding artisan distillery, microbrewery, and tasting room uses, as the majority of uses on the parcel shall only meet the above standards. Base zoning district standards and other requirements within the Metropolitan Code, including those within the Urban Zoning Overlay (UZO), that are not varied by the provisions above shall apply as appropriate. Artisan distillery, microbrewery, and tasting room uses shall meet the full standards of this UDO, excluding the above standards.*

Residential Neighborhood Character Area Standards

The standards below apply to all parcels within the Residential Neighborhood Character Area. They shall be used in combination with the general standards.

Bulk Standards	
Minimum Lot Size	• None
Maximum Street Frontage	• The maximum street frontage for any lot or any assemblage of lots for a single development shall be 100 ft. for the primary street frontage and 150 ft. for the secondary street frontage, if present.
Maximum Impervious Surface Ratio (ISR)	• Single-family: 0.40 • Two-family: 0.50 • Multi-family: 0.65
Minimum Required Setbacks	• Street: Primary: 85% of the average of the primary street setback of the 2 developed lots abutting each side of the lot; Secondary: 10 ft. • Side: 5 ft. • Rear: 5 ft.
Height	• Single-family: 35 ft. • Two-family: 35 ft. • Detached multi-family and townhomes: 35 ft. • Stacked flats multi-family: 35 ft. on interior lots; 45 ft. on corner lots
Roof Type	• Pitched roof shall be required. The pitch minimum shall be 4:12.

Development Bonuses

Height	A stacked flats multi-family development located on an interior lot is entitled to an additional 15 ft. of height if a minimum of 25% of the units within the development are 3 or more bedrooms or a minimum of 50% of the units within the development are 2 or more bedrooms. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the multi-bedroom units utilized to obtain eligibility for this bonus shall be maintained for the life of the building.
--------	---

Rear Structure Standards

Height	The top elevation of rear principal structure in a two-family front-to-back lot configuration or an accessory structure shall not exceed the top elevation of the front principal structure.
Massing	- A rear principal structure in a two-family front-to-back lot configuration shall maintain a proportional mass, size, and height to ensure it is not larger than the front principal structure. - The building coverage of an accessory structure shall be limited to 50% of the building coverage of the principal structure(s), but in no case shall exceed 1,500 sq. ft. An accessory structure shall maintain a proportional mass, size, and height to ensure it is not larger than the front principal structure.
Design & Location	- Rear principal structures in two-family front-to-back lot configurations or accessory structures shall be of similar or complementary style, design and material as used for the principal structure and shall use similar or complementary architectural characteristics, including roof form and pitch, to the existing principal structure. - Accessory structures shall be located to located to the rear of the principal structure(s) and within the setbacks established by the UDO.

The UDO standards would encourage development consistent with the existing scale, massing, roof type, and with driveways at the read and access taken from the alley.

Two story stacked flats multi-family structures can blend into the existing residential streetscape and provide additional housing options. Corner lots provide the opportunity for a modest increase in height to accommodate additional dwelling units.

Neighborhood Center Character Area Standards

The standards below apply to all parcels within the Neighborhood Center Character Area. They shall be used in combination with the general standards.

Bulk Standards

Maximum Impervious Surface Ratio (ISR)	• Single-family: 0.40 • Two-family: 0.50 • Multi-family: 0.65 • Mixed-use/Non-residential: 0.70
Minimum Required Setbacks	• Side: Single-family, two-family, and detached multi-family: 5 ft.; Townhomes, stacked flats multi-family, and mixed-use/non-residential: 0 ft except when adjacent to a Single-family, two-family, and detached multi-family use where a 5 ft. setback is required. • Rear: Single-family, two-family, and detached multi-family: 5 ft.; Townhomes, stacked flats multi-family, and mixed-use/non-residential: 20 ft.
Street Setback or Build-to Zone	• Single-family, two-family, and detached multi-family structures shall have street setbacks meeting the standard of the Residential Neighborhood Character Area. • Townhomes, stacked flats multi-family, and mixed-use/non-residential structures shall have a build-to zone of 0 to 15 ft.
Height	• Single-family: 35 ft. • Two-family: 35 ft. • Detached multi-family and townhomes: 45 ft. • Stacked flats multi-family and mixed-use/non-residential: 45 ft.
Roof Type	• For single-family and two-family, pitched roofs are required with the minimum pitch being 4:12.

Development Bonuses

Height	A stacked flats multi-family or mixed-use development is entitled to an additional 15 ft. of height if a minimum of 25% of the residential units within the development are 3 or more bedrooms or a minimum of 50% of the residential units within the development are 2 or more bedrooms. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the multi-bedroom units utilized to obtain eligibility for this bonus shall be maintained for the life of the building.
Floor Area Ratio (FAR)	- Refer to the base zoning. - Any development shall be eligible for the FAR bonus granted by Subsection 17.12.070.B of the Metropolitan Code provided that such development meets the requirements and restrictions for the bonus within the subsection. - When fronting a collector or arterial, sites may utilize the Adaptive Residential Development Floor Area identified in Zoning Code Chapter 17.16.030 (F)(3). All other design standards shall refer to the UDO.

Mixed-use Corridor Character Area Standards

The standards below apply to all parcels within the Neighborhood Center Character Area. They shall be used in combination with the general standards.

Bulk Standards	
Maximum Impervious Surface Ratio (ISR)	• Single-family: 0.40 • Two-family: 0.50 • Multi-family: 0.80 • Mixed-use/Non-residential: 0.80
Minimum Required Setbacks	• Side: Single-family, two-family, and detached multi-family: 5 ft.; Townhomes, stacked flats multi-family, and mixed-use/non-residential: 0 ft except when adjacent to a Single-family, two-family, and detached multi-family use where a 5 ft. setback is required. • Rear: Single-family, two-family, and detached multi-family: 5 ft.; Townhomes, stacked flats multi-family, and mixed-use/non-residential: 20 ft.
Build-to Zone	• All principal structures shall have a build-to zone of 0 to 15 ft.
Height	• Single-family: 35 ft. • Two-family: 35 ft. • Detached multi-family and townhomes: 45 ft. • Stacked flats multi-family and mixed-use/non-residential: 60 ft.
Roof Type	• For single-family and two-family, pitched roofs are required with the minimum pitch being 4:12.

Development Bonuses

Height	A stacked flats multi-family or mixed-use development is entitled to an additional 15 ft. of height if a minimum of 25% of the residential units within the development are 3 or more bedrooms or a minimum of 50% of the residential units within the development are 2 or more bedrooms. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the multi-bedroom units utilized to obtain eligibility for this bonus shall be maintained for the life of the building.
Floor Area Ratio (FAR)	- Refer to the base zoning. - Any mixed use or residential development shall be eligible for the FAR bonus granted by Subsection 17.12.070.B of the Metropolitan Code provided that such development meets the requirements and restrictions for the bonus within the subsection. - When fronting an arterial boulevard, sites may utilize the Adaptive Residential Development Floor Area identified in Zoning Code Chapter 17.16.030 (F)(3). All other design standards shall refer to the UDO. - The preservation of any traditionally industrial structure already present on a property, such as a silo, water tower, or storage tank, that is at least 50 years old shall result in a bonus floor area of 3 sq. ft. per 1 sq. ft. of the footprint of the structure being persevered. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the structure(s) shall be preserved and maintained for perpetuity. - Properties incorporating grocery store, day care center, or daycare home uses shall receive a bonus floor area of 1 sq. ft. per 1 sq. ft. of the eligible use provided. Portions of the property demarcated for such eligible uses on the site shall be used for those uses for a minimum period of 10 years. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the portion of the property delineated for use as a grocery store or day care center shall be used for

Mixed-use Redevelopment Character Area Standards

The standards below apply to all parcels within the Neighborhood Center Character Area. They shall be used in combination with the general standards.

Bulk Standards	
Maximum Impervious Surface Ratio (ISR)	• Single-family: 0.40 • Two-family: 0.50 • Multi-family: 0.80 • Mixed-use/Non-residential: 0.80
Minimum Required Setbacks	• Side: Single-family, two-family, and detached multi-family: 5 ft.; Townhomes, stacked flats multi-family, and mixed-use/non-residential: 0 ft except when adjacent to a Single-family, two-family, and detached multi-family use where a 5 ft. setback is required. • Rear: Single-family, two-family, and detached multi-family: 5 ft.; Townhomes, stacked flats multi-family, and mixed-use/non-residential: 20 ft.
Build-to Zone	• All principal structures shall have a build-to zone of 0 to 15 ft. • Principal structures fronting onto a publicly accessible greenspace or plaza shall be exempt from the build-to zone requirement.
Height	• Single-family: 35 ft. • Two-family: 35 ft. • Detached multi-family and townhomes: 45 ft. • Stacked flats multi-family and mixed-use/non-residential: 75 ft., except where the property is adjacent to or across an alley from a property within the Residential Neighborhood Character Area, where the maximum height shall be 60 ft.
Roof Type	• For single-family and two-family, pitched roofs are required with the minimum pitch being 4:12.

Development Bonuses

Floor Area Ratio (FAR)	• Refer to the base zoning. • Any mixed use or residential development shall be eligible for the FAR bonus granted by Subsection 17.12.070.B of the Metropolitan Code provided that such development meets the requirements and restrictions for the bonus within the subsection. • The preservation of any traditionally industrial structure already present on a property, such as a silo, water tower, or storage tank, that is at least 50 years old shall result in a bonus floor area of 3 sq. ft. per 1 sq. ft. of the footprint of the structure being persevered. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the structure(s) shall be preserved and maintained for perpetuity. • Properties incorporating a publicly accessible greenspace or plaza shall receive a bonus floor area of 6 sq. ft. per 1 sq. ft. of greenspace or plaza provided. Eligible greenspaces and plazas shall provide a minimum depth of 20 feet from the adjacent street and a minimum area of five hundred square feet. The floor of any building located at the greenspace or plaza level shall provide individual establishments such as restaurants or retail sales that open directly to the greenspace or plaza. Up to fifty percent of a plaza area may be utilized as a sidewalk cafe. When feasible, pedestrian linkages shall be provided to greenspaces and plazas located on adjacent lots. • Properties incorporating grocery store or day care center uses shall receive a bonus floor area of 1 sq. ft. per 1 sq. ft. of the eligible use provided. Portions of the property demarcated for such eligible uses on the site shall only be used for those uses for a period of 10 years. Prior to the issuance of a building permit, an instrument shall be prepared and recorded with the register's office covenanting that the portion of the property delineated for use as a grocery store or day care center shall only be used for such uses for a

Industrial structures, such as silos, water towers, and storage tanks, contribute to the sense of place and are defining features of the Nations. Such structures should be preserved when feasible.

Large scale multi-family and mixed use developments are appropriate in the Mixed-use Redevelopment Character Area. These developments provide additional housing choice within the neighborhood.

Future Roadway Requirements

- Within the Mixed-Use Redevelopment Character Area west of 54th Ave N, any redevelopment of this area to mixed-use, office, or residential uses shall extend 54th Ave north to provide a connection to Linder Industrial Drive.
- A secondary or emergency access to 61st Ave N is recommended, if feasible, and approved by NDOT, the railroad, and Metro Planning. The determination of feasibility shall be made by NDOT and Metro Planning.
- The right-of-way width shall be consistent with the existing right-of-way for 54th Ave N which is 70 feet wide.
- Improvements to Linder Industrial Drive may be necessary, as recommended by NDOT and any future traffic analysis.
- The properties may be developed together as one development, or in phases. However, the timing of the connection to Linder Industrial Drive will be determined by the Planning Department and NDOT at the time of development based on the scope of development.

SUBSTITUTE ORDINANCE NO. BL2025-906

An ordinance amending certain sections and subsections of Chapters 2.62, 12.56, 13.02, 13.08, 13.20, and 13.32 of the Metropolitan Code of Laws to allow the Nashville Department of Transportation and Multimodal Infrastructure (“NDOT”) to increase its permit, license, and administrative fees over time, as necessary.

WHEREAS, NDOT provides many valuable services to the public; and,

WHEREAS, according to a recent comprehensive fee study of NDOT’s current ~~permitting permit, and licensing~~ license, and administrative fees, the fees charged by NDOT for various services are currently below the costs incurred by NDOT for providing such services; and,

WHEREAS, it is in the best interest of the Metropolitan Government to recover the full amount of costs it incurs for the services it provides.

NOW, THEREFORE, BE IT ENACTED BY THE COUNCIL OF THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY:

Section 1. The Nashville Department of Transportation and Multimodal Infrastructure shall adjust its permit, license, and administrative fees in accordance with its most recent comprehensive fee study.

Section 2. That Subsection 2.62.030.F. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

F. Payment of Fees. The permit application must be accompanied by payment of both a permit fee and the applicable administrative fee for the cost of processing the application. All fees shall be submitted in the form of checks or money orders payable to the mayor’s office of film and special events. Such fees shall be determined by the Director of the Nashville Department of Transportation and Multimodal Infrastructure, and approved by the Director of Finance, published for public viewing on the metropolitan government’s website, and filed with the metropolitan clerk.

Section 3. That Subsection 2.62.040.F. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

F. Payment of Fees. The permit application for special events, except for metropolitan events, must be accompanied by payment of both a permit fee and the applicable administrative fee for the cost of processing the application. All fees shall be submitted in the form of checks or money orders payable to the mayor’s office of film and special events. Such fees shall be determined by the Director of the Nashville Department of Transportation and Multimodal Infrastructure, and approved by the Director of

Finance, published for public viewing on the metropolitan government's website, and filed with the metropolitan clerk.

Section 4. That Subsection 2.62.050.D. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

D. Fees and Deposits. The application for banner placement on utility poles must be accompanied by payment of both a fee for the installation and removal of banners and the applicable administrative fee for the cost of processing the application. All fees shall be submitted in the form of checks or money orders payable to the mayor's office of film and special events. The applicable fees shall be determined by the Director of the Nashville Department of Transportation and Multimodal Infrastructure and approved by the Director of Finance, published for public viewing on the metropolitan government's website, and filed with the metropolitan clerk.

Section 5. That the Metropolitan Code of Laws is amended to add a new Section 2.62.080 as follows:

2.62.080 – Annual Adjustment of Fees

The fees set forth in Sections 2.62.030.F., 2.62.040.F., and 2.62.050.D of this chapter, and Section 12.56.170 of chapter 12.56, shall be ~~adjusted~~ incrementally increased from the fees listed as "current fees" in the Nashville Department of Transportation and Multimodal Infrastructure's most recent comprehensive fee study to an amount to be determined by the Director of such department based on that fee study, after the passage of this ordinance, on July 1, 2026, and on July 1, 2027. After July 1, 2027, such fees shall increase and on July 1 of each succeeding year by the greater of (a) a percentage equal to the percentage change in the CPI Urban Index (CPI-U) over the preceding year and or (b) three percent, unless the change in the CPI-U is negative, in which case there shall be no change for that fiscal year. Notice of the annual adjustments to begin on July 1, 2025 after the passage of this ordinance, shall be provided to each member of the metropolitan council and published on the metropolitan government's website at least thirty days before an adjustment goes into effect. The Nashville Department of Transportation and Multimodal Infrastructure shall provide a report regarding performance improvements related to its incremental fee increases to the metropolitan council on an annual basis until December 31, 2028, which date represents the end of the year in which incremental fee adjustments will cease and the CPI adjustments will begin.

Section 6. That Section 12.56.170 of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

The mayor's office of film and special events shall assist the chief of police in facilitating the processing of applications for and in the issuance of the parade permits provided for in this chapter. In connection therewith, with regard to parades being held for a recreational purpose, an administrative fee shall be paid by the applicant for the cost of facilitating the application. All fees shall be in the form of checks or money orders payable to the mayor's office of film and special events. The applicable fee shall be determined by the Director of the Nashville Department of Transportation and Multimodal Infrastructure, and approved by the Director of Finance, published for public viewing on the metropolitan government's website, and filed with the metropolitan clerk.

Section 7. That the Metropolitan Code of Laws is amended to add a new Section 13.02.020 as follows:

13.02.020 – Annual Adjustment of Fees

All fees required by this Title, except for those set forth in Section 13.02.010 of this chapter, shall be ~~adjusted incrementally~~ increased from the fees listed as “current fees” in the Nashville Department of Transportation and Multimodal Infrastructure’s most recent comprehensive fee study to an amount to be determined by the Director of such department based on that fee study, after the passage of this ordinance, on July 1, 2026, and on July 1, 2027. After July 1, 2027, such fees shall increase and on July 1 of each succeeding year by the greater of (a) a percentage equal to the percentage change in the CPI Urban Index (CPI-U) over the preceding year and or (b) three percent, unless the change in the CPI-U is negative, in which case there shall be no change for that fiscal year. Notice of the annual adjustments to begin on July 1, 2025 after the passage of this ordinance, shall be provided to each member of the metropolitan council and published on the metropolitan government's website at least thirty days before an adjustment goes into effect. The Nashville Department of Transportation and Multimodal Infrastructure shall provide a report regarding performance improvements related to its incremental fee increases to the metropolitan council on an annual basis until December 31, 2028, which date represents the end of the year in which incremental fee adjustments will cease and the CPI adjustments will begin.

Section 8. That Subsection 13.08.010.B. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

B. The official street and alley acceptance and maintenance record shall be maintained in the office of the Nashville Department of Transportation and Multimodal Infrastructure (NDOT). The director of NDOT is authorized to note thereon any amendatory ordinance enacted by the metropolitan council

Section 9. That Subsection 13.08.010.C. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

C. Any person, other than an official or employee of the metropolitan government acting in their official capacity, making an application or request for an amendment to the official street and alley acceptance and maintenance record shall, in addition to filing the appropriate application or request with the Nashville Department of Transportation and Multimodal Infrastructure, pay to a fee to the metropolitan government to cover the cost of processing such application or request.

Section 10. That Subsection 13.08.030.B. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

B. Any person, firm or entity requesting an encroachment, permit or privilege as provided herein shall pay to the metropolitan government a fee in an amount to be determined by the Director of the Nashville Department of Transportation and Multimodal Infrastructure, and approved by the Director of Finance, published for public viewing on the metropolitan government's website, and filed with the metropolitan clerk.

Section 11. That Subsection 13.08.030.C. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

C. The manner of constructing, installing, operating and maintaining such encroachment shall be subject to the requirements, direction, and approval of the Director of the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT") and further the person, firm, or entity requesting such encroachment, permit, or privilege shall provide a liability insurance policy in such amount as directed by the metropolitan attorney and in the form as approved by the metropolitan attorney, to save the metropolitan government harmless from all claims for damages that may result to person or property by reason of construction, operation, or maintenance of such installation of any encroachment. Provided, however, that (i) a homeowner association legally constituted under Tennessee Law or (ii) a non-profit community organization exempt from taxation under section 501(3)(c) of the Internal Revenue Code may, without providing such insurance, install or construct an encroaching beautification project or sign if the Director of NDOT has approved and determined in writing that installation of such project or sign is in the public interest and poses no risk of harm to the public.

Section 12. That Subsection 13.20.030.D. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

D. Excavation Permits.

1. Each separate excavation shall require a permit. Excavated areas of up to five square meters (six square yards) of surface area shall constitute an excavation. Trench excavations running parallel to traffic shall require a permit for each fifty linear feet.
2. The fee for excavation permits shall be established by the Director of the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT" or "public works") and approved by Director of Finance. Different fees may apply within different designated areas, such as right-of-way permit high impact areas. All fees shall be published for public viewing on the metropolitan government website and filed with the metropolitan clerk. Amendments to the fees shall similarly be published and filed. Such fees shall be no higher than necessary to cover the metropolitan government's costs of operating on an annual basis.
3. Any excavation permit requested and issued involving roadway pavement on any roadway that has been newly constructed or resurfaced within the past five years in addition to the other fees provided in this section shall require the payment of a pavement assessment fee. The pavement assessment fee shall be equal to five hundred dollars plus twenty percent of the cost to restore the excavation per existing pavement restoration specifications of NDOT. The cost shall be based on the average cost of similar work performed by metropolitan government in the previous year and shall be updated annually by the Director of NDOT. Each year on or about January 1st, the Director of NDOT shall publish the pavement assessment fee. For the purposes of this section, the phrase "right-of-way permit high impact area" shall mean the area bounded as follows: Beginning at the intersection of I-65 North and Briley Parkway, thence; in an easterly and then in a southerly direction along Briley Parkway, to I-40 east of Nashville. Thence; continuing with Briley Parkway in a southerly then westerly direction, to I-24 south of Nashville. Thence; along Thompson Lane in a

westerly direction, to I-65 south of Nashville. Thence; along Woodmont Boulevard in a westerly direction, to Harding Pike (HWY 70 S). Thence; along White Bridge Road in a northerly direction, to I-40 west of Nashville. Thence; along Briley Parkway in a northerly and then easterly direction to the point of beginning at I-65 north of Nashville.

4. All excavation restoration will be the responsibility of the permittee, shall conform to the specifications of NDOT, and shall be subject to the approval of the Director of NDOT.

Section 13. That Subsection 13.20.030.E. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

E. Obstruction Permits.

1. Permits shall be issued for temporary obstructions only. Permanent obstructions are prohibited. The fees for obstruction permits shall be established by the Director of Transportation and Multimodal Infrastructure ("NDOT" or "public works") and approved by the Director of Finance. Different fees may apply within different designated areas, such as right-of-way permit high impact areas. All fees shall be published for public viewing on the metropolitan government website and filed with the metropolitan clerk. Amendments to the fees shall similarly be published and filed. Such fees shall be no higher than necessary to cover the metropolitan government's costs of operating on an annual basis.
2. The fee to place a trailer or dumpster in the public right-of-way shall be set by NDOT, as derived from the actual internal operating costs of administering related services, as determined by the department.

Section 14. That Subsection 13.20.030.G. of the Metropolitan Code of Laws is deleted in its entirety and replaced with the following language:

- G. Right-of-Way Temporary Closure Permits and Fees. In addition to any other fees required by this chapter, permits requiring the temporary closure of the metropolitan government's rights-of-way shall be subject to fees set by the Nashville Department of Transportation and Multimodal Infrastructure, as derived from the actual internal operating costs of administering related services, as determined by the department based upon the scale and duration of the closure.

Section 15. That Subsection 13.32.165.C. is deleted in its entirety and replaced with the following language:

C. Any person applying for a permit to operate a sidewalk cafe dining facility shall, in addition to filing the appropriate application as required by NDOT, pay to the metropolitan government a nonrefundable application fee and an annual fee per square foot for right-of-way use, both at rates determined by the Director of NDOT and approved by the Director of Finance. If a renewal of the permit is desired, an application for renewal must be made at least thirty days prior to the expiration of the existing permit and must be accompanied by the applicable non-refundable application fee and the annual right-of-way use fee. All such fees and rates shall be published for public viewing on the metropolitan government website and filed with the metropolitan clerk, and shall be no higher than necessary to cover the metropolitan government's costs of operating on an annual basis.

Section 16. That Subsection 13.32.166.D. is deleted in its entirety and replaced with the following language:

D. Any person making application for a permit to operate a parklet/streatery facility, which are available with one-year terms, shall, in addition to filing the appropriate application required by NDOT, pay to the metropolitan government a nonrefundable application fee to cover the cost of processing such application. With regard to a streatery, the permittee shall also pay an additional annual fee based on the lost revenue from the metered parking spaces occupied by the streatery, or a lower rate, per non-metered parking space occupied thereby, as determined by NDOT and approved by the Director of Finance. If a renewal of the permit is desired, an application for renewal must be made at least thirty days prior to the expiration of the existing permit and must be accompanied by the applicable nonrefundable application fee as well as, if applicable, the annual fee per metered and non-metered spaces occupied by the right-of-way use. All such fees and rates shall be published for public viewing on the metropolitan government website and filed with the metropolitan clerk, and shall be no higher than necessary to cover the metropolitan government's costs of operating on an annual basis.

Section 17. That this Ordinance shall take effect from and after its passage, the welfare of the Metropolitan Government of Nashville and Davidson County requiring it.

AMENDMENT NO. ____
TO
ORDINANCE NO. BL2025-868

Madam President –

I hereby move to amend Ordinance No. BL2025-868 by amending Section 4 to add the following conditions:

12. The developer shall install a traffic signal at the intersection of Central Pike and North New Hope Road/Project access prior to the issuance of Use and Occupancy permits for Phase 1 of the development. Final design plans shall be coordinated with and approved by NDOT prior to the building permit approval for Phase 1. If the existing right-of-way at the intersection of Central Pike and North New Hope Road is insufficient to support the construction of the proposed traffic signal, then the developer shall contribute the total estimated cost of construction to NDOT for the installation of the traffic signal. If applicable, the estimated cost of construction shall be finalized and agreed upon with NDOT prior to the approval of the Final SP.
