A diagram showing a map with a green path, red arrows, and a red dashed line. The map is divided into several rectangular regions by thin grey lines. A green path starts at a red dot in the top right, moves left, then down, then left again, ending at another red dot. A red dashed line connects the start and end points of the green path. A red arrow points from the top left towards the center. Another red arrow points from the top center towards the bottom right. A red line segment is also visible in the top right corner.

[illegible]

A map showing the location of WMN058-H-055. A green line with arrows indicates a path from WMN058-H to WMN058-H-055. A dashed line connects the two points. The METRO WATER SERVICES logo is visible in the upper right corner of the map area.
