Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2023 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2023 Continuum of Care (CoC) Program Competition. For more information see FY 2023 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2023 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2022 Project Application will be imported into the FY 2023 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2023 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2023 renewal project application. The “Submit without Changes” process is not applicable for first time renewing project applications or for a project application that did not import FY 2022 information and e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Yes - Individual Application in a Renewal Grant Consolidation” on the Renewal Grant Consolidation or Renewal Grant Expansion Screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Grant Consolidation or Renewal Grant Expansion Screen, this project application is for a “Yes - Stand-Alone Renewal Application in a New Grant Expansion” project application.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6A. Funding Request
- Screen 6D. Sources of Match
- Screen 6E. Summary Budget - All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2021 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and e-snaps navigation guides found on HUD.gov to find more in depth information about applying under the FY 2023 CoC Competition.

Renewal Grant Consolidation or Renewal Grant Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAQ.

1. Is this renewal project application requesting to consolidate or expand? No

3A. Project Detail

1. Expiring Grant Project Identification Number (PIN): TN0060

(e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2. CoC Number and Name: TN-504 - Nashville-Davidson County CoC

3. CoC Collaborative Applicant Name: Metropolitan Development & Housing Agency

4. Project Name: HMIS Renewal FY 2023

5. Project Status: Standard

6. Component Type: HMIS

7. Is your organization, or subrecipient, a victim service provider defined in 24 CFR 578.3? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Over the previous two years, Nashville-Davidson County's HMIS usership has increased to more than 249 users. Agency use has increased beyond HUD funded agencies and the Mayor's Office and City Council recognize the value of utilizing HMIS data to address homelessness in Nashville, TN. Because of the improvements in data quality and participation, the staff necessary to continue to maintain and improve HMIS has increased to 5 full-time staff, 4 on Metro's budget and 1 in a grant funded position. We continue to use these funds to pay our HMIS vendor and to purchase additional licenses when needed. For the 2021-2022 year we also used funds to pay a consultant to assist during a time of turnover and to send new team members to vendor training. For the 2022-2023 year we intend to use the funds to pay for our software, pay our Tableau consultant who has trained our teams in Tableau data visualization and also built several dashboards, to buy additional licenses as needed, send team members to the NHSDC conference, and to begin the process of importing data from the Nashville Rescue Mission (who do not participate in the HMIS process) directly into HMIS. This is vital because it means our HMIS will have 100% of emergency shelter bed coverage.

4A. HMIS Standards

1. Is the HMIS currently programmed to collect all Universal Data Elements (UDEs) as set forth in the FY 2022 HMIS Data Standard Manual? Yes

2. Does HMIS produce all HUD-required reports and provide data needed for HUD reporting? (i.e., Annual Performance Report (APR)/CoC reporting, Consolidated Annual Performance and Evaluation Report (CAPER)/ESG reporting, Longitudinal System Analysis (LSA)/Annual Homeless Assessment Report, System Performance Measures (SPM), and Data Quality Table, etc.). Yes

3. Is your HMIS capable of generating all reports required by all Federal partners including HUD, VA, and HHS? Yes

4. Does HMIS provide the CoC with an unduplicated count of program participants receiving services in the CoC? Yes

5. Describe your organizations process and stakeholder involvement for updating your HMIS Governance Charters and HMIS Policies and Procedures.

Nashville Davidson County Coc has several committees, two of which are centered around HMIS. The HMIS Oversight committee reviews policy and procedures, governance and community engagement. The Data Committee reviews the community data, HMIS reports and other data sources throughout the year. Both of which are approved by the Governance Charter. Both Committees are composed of funded and unfunded community partners and service providers. The committees both meet separately each month with a planned agenda and minutes. They provide support to the task and duties listed in the Coc Strategic Plan, draft and review policies and procedures, and inform the community with data driven review. This year we have acquired HUD Technical Assistance to help with adopting Federal best practices using data to drive the improvements. The HMIS Lead undertakes a review of the Policies and Procedures and all relevant HMIS governing documents every 2 years in conjunction with the HMIS Oversight Committee, and makes updates as needed. Any updates are approved by HMIS Oversight Committee and the Homelessness Planning Council.

6. Who is responsible for insuring the HMIS implementation meets all privacy and security standards as required by HUD and other federal partners?

Office of Homeless Services is the HMIS and CE Lead for Nashville, TN. The responsibility of proper implementation of privacy and security standards are within this department and reviewed by the HMIS Oversight Committee. Changes, updates, and notices are approved and voted on by the Oversight Committee, Coc General Membership, and the Homeless Planning council. The HMIS team has designated an internal security officer to ensure proper privacy and security standards are implemented throughout the community. There is also annual monitoring of all HMIS participating agencies that includes monitoring for their adherence to privacy and security policies.

7. Does the HMIS Lead conduct Privacy and Security Training and follow up on privacy and security standards on a regular basis? Yes

8. What is the CoC's policy and procedures for managing a breach of Personally Identifiable Information (PII) in HMIS?

Our current HMIS software is HIPAA-compliant and allows for additional privacy and security measures, as described below, in Section 6: Privacy, Safety & Security. Corrective Action: If an HMIS Member Agency or any of its end users have violated any HMIS policy, HMIS staff will implement a Corrective Action Plan upon discovery of the violation. Any HMIS End User, HMIS Member Agency staff member, client, or other interested party may inform the HMIS Lead Agency of a potential violation by contacting the HMIS Administrator in writing. The message should describe, in as much detail as possible: A description of the suspected violation; Approved 8.14.19 Page 6 of 21 A list of any particular individuals or HMIS Member Agencies suspected to be involved in the violation; Reference to a specific portion of the HMIS Policies & Procedures Manual or other governing document that the writer suspects has been violated; and The anticipated severity level of the violation (Minor, Major, or Severe). The list below includes examples of Minor, Major, and Severe violations. These examples are not intended to be an exhaustive list, and the HMIS Lead Agency will make the ultimate determination of the severity level of the violation. Minor Violations include the absence of an HMIS User at a required training, unless prior arrangements have been made for receiving missed training; inability to reach minimum data quality standards; and lack of communication with HMIS Lead Agency regarding staffing changes that affect HMIS participation (e.g., new end users, change in primary Point of Contact, change in Security Officer, etc.). Major Violations include repeated unresponsiveness of HMIS Member Agency to HMIS staff requests; failure to report security and privacy incidents; and lack of inclusion of the HMIS Lead Agency in the development of any data sharing agreements, business associate agreements, etc. executed by an HMIS Member Agency. Severe Violations include security breaches and violations that pose an imminent risk to clients' rights, as outlined below in Section 5: Clients' Rights (e.g., end users sharing login information or leaving login information in plain view of others; improper access of client data beyond the scope outlined in the HMIS Policies and Procedures and Member Agency Agreement). Additionally, the HMIS Lead Agency itself may identify violations of HMIS policy or other governing documents in the course of normal business. Upon discovery of a suspected violation, the HMIS Administrator will investigate and, if necessary, require the HMIS Member Agency responsible for the violation to implement a Corrective Action Plan. The details of the plan will depend on the type and severity of the violation. Potential course of action include: Probation: The primary Point of Contact, or other appropriate staff member, at the HMIS Member Agency responsible for the violation will set up a one-on-one meeting with the HMIS Administrator to discuss the violation. During this meeting, a Corrective Action Plan will be developed and documented with clear expectations and a timeline for resolution/correction of the violation. The Member Agency will be placed on probation for a minimum of 90 days, during which time additional monitoring/auditing may be performed by the HMIS Lead Agency. Suspension: In the event of a Severe violation or initial failure to meet the expectations outlined in the Corrective Action Plan during the probationary period.

6A. Funding Request

VAWA Budget

New in FY2023, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

- A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor's emergency transfer(s). Additional details of eligible costs include:

HUD expects the original details of past approved budgets for these costs to be the basis for future expenses.
