Base Grant Requirement

Once awards under the NEHA-FDA RFFM Grant Program have been made, all grantees must have an active Base Grant in place (either a Development Base Grant or a Maintenance and Advancement Base Grant) to remain eligible for open Optional Add-On Grants. During the performance period of open awards, if a Base Grant is cancelled for any reason (at the request of the Grantee or due to non-performance), all open Additional Add-On Grants may also be in jeopardy of cancellation.

For grantees that have been awarded both a Track 2 Development Base Grant (a one-year award) and a Capacity Building Grant (a three-year award), it is the awarded jurisdiction's responsibility to apply for Development Base Grants in years two and three of this grant program, to assure that their Capacity Building Grant remains eligible for continuation.

TSDEP Project Plan:

Our plan is to provide training and staff development for our three person project team who are actively working towards completing a self-assessment for the Voluntary Retail Program Standards. Our team plans to attend a Self-Assessment and Verification Audit Workshop offered before the NEHA Annual Educational Conference to help educate our team on the self-assessment/verification process. The workshop will make our process more efficient and will improve the quality of our self-assessment work. The ultimate goal is to submit accepted verification audits for all 9 Voluntary Retail Program Standards. Our team would also like to stay and attend the NEHA Annual Educational Conference to attend training sessions and educational lectures about the current issues affecting environmental health. This conference will provide us with knowledge about the latest in food safety and allow us to network with other jurisdictions who have completed the self-assessment and verification process for the Voluntary Retail Program Standards.

Budget Justification

Please add sufficient detail to fully explain all of the costs, and all cost assumptions, on each of your Budget Worksheets. **Personnel** costs are not permissible for Training/Staff Development and Program Standards Engagement Add-On Grants. Budget Justification:

To complete our planned project for staff development and training, we plan to expend the following funds:

The SAVAW and NEHA Annual Educational Conference registration fees have not been announced. \$1,800 dollars is estimated for three people to attend these conferences.

American Airlines currently lists \$2,016 for three roundtrip tickets from Nashville, TN to Spokane, WA during the conference dates.

Baggage fees on American Airlines are \$30 per checked bag. \$30 x 3 team members = \$90

The Courtyard Marriott near the Spokane Conference Center would be \$695 per room for the dates of the conference. \$695 per person x 3 team members = \$2,085. \$2,085 + \$100 in taxes/fees = \$2,185

The Spokane International Airport is ~8 miles from the Courtyard Marriott. \$50 is estimated in local travel costs for rides to and from the airport for 3 team members

Indirect Cost of \$165 is anticipated to pay for parking three team member cars at the Nashville airport during the trip.

Mileage to and from the airport was calculated using the federal mileage rate (0.56) times the miles from each team member's home to and from the airport (92 miles). 0.56 rate x 92 miles = \$52 (rounded down)

Requested Amount

Please enter the total requested amount for your application, which should match the total for all Budget Worksheets added. Maximum Requested Amount is \$7,500 for Training / Staff Development and Program Standards Engagement Project Optional Add-On Grants.

Amount Requested:

\$6,358.00
