Status: CONTINUATION

Program Description:

NPL phased out the T.O.T.A.L. branding and program in FY23. The full-time Program Coordinator position remaining was repurposed and now is an NPL Studio Outreach position that encompasses outreach with the community, working with partners for the various Studio NPL programs, working with NPL's popular STEM and Mobile Maker program partners. NPL still hires teens for programs, but the teens are now wrapped up into the mentor model and no longer have their own grant funded position classifications like the T.O.T.A.L. teens did.

Plan for continuation of services upon grant expiration:

NPL does not expect to fund this initiative with local funding. The result of the grant will be ongoing support for Studio NPL Outreach for its variety of programs that requires no further funding.

Studio NPL Outreach Coordinator NASHVILLE PUBLIC LIBRARY

Program Summary

T.O.T.A.L. (Totally Outstanding Teen Advocates for the Library) was a group of high school students who are employed by the library to advocate for the library among their peers and the community at large, to plan and implement programs for teens, and to represent the library at community events, meetings, and institutions. Funded through the Nashville Public Library Foundation the program was in place in the format for fourteen years. The T.O.T.A.L. teen team members worked 12-15 hours each week after school or on weekends under the direction of a staff Program Coordinator. They have their own program office at the main library, with computer and office supplies, and are both thought of and treated as a full unit of the library.

However, the program funding has decreased significantly over the past 6 years and funding for hiring the teens as grant employees was depleted. NPL phased out the T.O.T.A.L. branding and program. The full-time Program Coordinator position remaining was repurposed and now is an NPL Studio Outreach position that encompasses outreach with the community, working with partners for the various Studio NPL programs, working with NPL's popular STEM and Mobile Maker program partners. NPL still hires teens for programs, but the teens are now wrapped up into the mentor model and no longer have their own grant funded position classifications like the T.O.T.A.L. teens did.
