

AMENDMENT \_\_\_\_  
TO  
ORDINANCE NO. BL2023-1742

Mr. President –

I hereby move to amend Ordinance No. BL2023-1742 as follows:

- I. By amending the first paragraph of Section 1 as follows:

SECTION 1. That the Metropolitan Council hereby requires the Metro Planning Department, through its Housing Division, create a centralized dashboard to track funding and development and preservation of subsidized homeownership and rental housing, including when units were funded, location (council district), sources of funding, income levels, their completion status, and when affordability restrictions expire. Information about the location of projects that provide housing for victims of domestic violence shall not be included in this dashboard.

- II. By amending the first sentence of the fifth paragraph of Section 1 as follows:

By July 1, 2023, the Housing Division shall publish the total number of units funded by the Barnes Housing Trust Fund since its inception as well as the total number of other subsidized units funded for development and/or rehab annually since 2018.

- III. By amending the final paragraph of Section 1 as follows:

The Housing Division will endeavor to track income-restricted units funded and/or incentivized with non-Metro resources (such as Low-Income Housing Tax Credits and Project-Based Rental Assistance units) to include in the inventory. In addition, the Housing Division will track (1) the percent of multifamily housing units (subsidized and unsubsidized) at various fair market rent levels and bedroom size and (2) median sales price at the Census tract level (and block group level if available).
