Council District #20 Rollin Horton, Council Member**

On behalf of the Metropolitan Planning Commission, the following item, referred to the Commission as required by the Metro Charter, has been recommended for *approval* to the Metropolitan Council:

A request for the abandonment of a six-inch gate valve and the acceptance of a new six-inch gate valve closer to the public water main in the public road right of way to serve the Cabot Townhomes development.

The relevant Metro agencies (Metro Parks, Metro Public Works, Metro Water Services, Metro Emergency Communications, the Nashville Electric Service, Metro Finance – Public Property and the Metro Historical Commission) have reviewed the proposal and concur in the recommendation for approval. This request must be approved by the Metro Council to become effective. A sketch showing the location of the request is attached to this letter.

Conditions that apply to this approval: none

This recommendation for approval is given as set forth in the Metropolitan Planning Commission Rules and Procedures. If you have any questions about this matter, please contact Christopher Paulsen at Christopher.paulsen@nashville.gov or 615-880-2452.

Sincerely,
