AMENDMENT NO. ___

TO

RESOLUTION NO. RS2023-133

Madam President –

I hereby move to amend Resolution No. RS2023-133 by amending Section 2, proposed Section 15.64.035, Subsection I, as follows:

I. Appeals

The stormwater capacity fee amount for any project may be appealed to a single engineering firm (the "reviewer") selected by the developer from a list of contracted engineering firms approved by the Metropolitan Government. Any appeal will be limited to a review of the ~~fee calculation based on~~ determination of the square footage of the post development impervious surface project area used for the stormwater capacity fee calculation. The review of the square footage shall be based upon a review of the square footage calculation provided by the developer and a review of the square footage calculation determination by the Metropolitan Government. The decision of the reviewer shall be final.
