Analysis

This ordinance approves a sole source contract between the Metropolitan Government and Oracle for hosting services of eBusiness Suite R12 and PeopleSoft Pension Calculation Systems.

Sole source contracts may be awarded under the Metro procurement code when it is determined that there is only one source for the supply or services rendered. Section 4.12.060 of the Metro Code requires all sole source contracts having a total value in excess of \$250,000 to be approved by the Council by resolution. This contract is for a term of more than 60 months and requires approval by ordinance.

The term of this contract is 120 months. The estimated contract life value is \$15,000,000.

According to the sole source justification form provided by the ITS Department, this Oracle application hosting services company has worked with the Oracle on premises hosting systems since their original implementation. The unique expertise and knowledge of eBusiness Suite R12 and PeopleSoft Pension Calculations Systems is needed and a ten-year sole source contract would follow the life of these systems.

Fiscal Note: The estimated value of this contract is \$15,000,000. This would be paid from Information Technology Service Fund #51137, Business Unit #14521014, ITS Business Solutions.
