Analysis

This resolution authorizes the issuance of up to \$163,000,000 in interfund tax anticipation notes ("TANs") by the Metropolitan Government. These TANs would be issued pursuant to Tennessee Code Annotated § 9-21-101, et seq. for the purpose of meeting appropriations made for Fiscal Year 2023 in anticipation of the collection of taxes and revenues.

Money within Metro's various distinct funds is commingled and Metro has historically addressed temporary cash flow deficits by borrowing funds from the pooled cash account. This has the technical effect of one fund using money from another fund to pay for expenditures (until property tax receipts that fund each account are sufficient for the intended purpose).

In 2018, the Comptroller of the State of Tennessee advised that these transfers should be formalized by issuing interfund tax anticipation notes, as permitted under state law with the prior approval of the Comptroller's office. The Council authorized TANs for FY20, FY21, FY22, and FY23 in compliance with the Comptroller's request. The pending resolution would continue this practice in order to formalize Metro's regular practice of interfund borrowing.

The resolution identifies the following as "lending funds" for purposes of the TANs: Water & Sewerage Services Fund, General Fund Reserve Fund, Solid Waste Operations Fund, and Stormwater Operations Fund.

The Mayor would have the authority to approve the interest rate and maturity date for the notes. Approval of the state director of local finance in the comptroller's office would be required before such a sale could take place. These notes must be repaid not later than June 30, 2024.
