### Analysis

This ordinance authorizes the sale of a 4.49-acre parcel property located at 800 Second Avenue North back to Piedmont Natural Gas Company for the purchase price of \$4,239,000. Metro purchased this property from Piedmont in 1989 for \$1,946,442, and it has most recently been used by Metro as office space, though the property was used for the production of natural gas prior to Metro acquiring it. Metro's environmental consultant estimates that it would cost approximately \$24,000,000 to remediate the property as a result of the prior gas plant operations in order to develop the property. While the appraised value of the property is \$17,500,000, the appraisal does not take into consideration the environmental issues with the property, and the sum of the remediation cost and purchase price exceeds the appraised value. Copies of both the appraisal and the remediation cost breakdown are included as attachments with the legislation.

The closing must take place by December 31, 2022.
