Analysis

This resolution approves two amendments to a grant agreement between the Metropolitan Board of Health and the Centers for Disease Control and Prevention. The grant approved by Resolution No. RS2023-1955 and amended by Resolution No. RS2023-2090 implements workforce strategies to build organizational resilience, promote employee wellbeing, and enhances workforce performance while building healthier communities. The total grant amount is not to exceed \$8,578,283 with no local cash match required. The term of the grant ends November 30, 2027.

The amendments under consideration correct an error concerning the agreement's payment system identifier, which is a series of digits and letters required to access a federal payment account. Amendment two de-obligates the funds in the amount of \$8,578,283 allocated to the incorrect payment identifier. Amendment three re-obligates the funds of \$8,578,283 allocated to the correct payment identifier.
