Analysis

This resolution is the pay plan for the general Metropolitan Government employees to take effect July 1, 2024. The primary effect of this resolution would be to continue the pay plan, continue increment pay, provide a 3.5% cost-of-living-adjustment (COLA), and provide for the possibility of merit pay increases for open range employees. Step increases known as "increments" are pay increases for certain employment classifications on a six month, one year, eighteen month, or two year interval, depending upon the position. In addition to step increases, the equivalent of an additional 3% merit pay increase would be available for open range employees that do not receive increments. The amount of individual raises for open range employees are determined by department heads. The pay plan contemplates that open range employees are to be paid based upon merit, not length of service.

Per section 12.10 of the Charter, pay plans may not be amended by the Council except by making uniform modifications of all employment grades (because the relationship between pay grades must remain the same under the Charter). The pay plan amendments submitted by this resolution have been approved by the Civil Service Commission, Finance Director, and the Mayor.
