#### Analysis

This resolution modifies a project to acquire flood-prone property in the Sevenmile Creek watersheds, previously approved by Resolution No. RS2019-1593. RS2019-1593 approved an agreement between the Metropolitan Department of Water and Sewerage Services ("MWS") and the U.S. Department of Army for the Sevenmile Creek Flood Risk Management project. RS2019-1802 identified 45 flood-prone properties to be acquired pursuant to the agreement. RS2020-626 added an additional 11 flood-prone properties to be acquired, RS2021-775 further approved the acquisition of 11 additional flood-prone properties, and RS2022-1776 further approved the acquisition of three additional flood-prone properties.

The resolution under consideration adds one additional property to the lists of flood-prone properties to be acquired. Exhibits 1 and 2 to the agreement would be amended to reflect this change. The parcel is located on Milner Court and is located in Council District 26.

*Fiscal Note: The total budgeted property cost for acquisition of the additional parcel is \$460,000.*
