Analysis

This ordinance amends Section 17.36.120 of the Metropolitan Code to change the eligibility age of signage for the Historic Landmark Signage Overlay district from 50 years to 30 years. The Historic Landmark Signage Overlay district was added to the Metropolitan Code in 2021 to allow for the preservation of signage that meets certain criteria including materials and design, historical integrity, location, and age.

Currently, only signage that is constructed more than 50 years prior the date of application of the overlay is eligible for the Historic Landmark Signage Overlay district. The ordinance under consideration would lower the eligibility age to 30 years prior to the date of application of the overlay. This change would result in additional signage being eligible for the Historic Landmark Signage Overlay district.

The Planning Commission recommended approval of this ordinance at their February 22, 2024, meeting. The Metro Historic Zoning Commission recommended approval of this ordinance at their February 21, 2024, meeting.
