Analysis

This resolution approves the first and second amendments to a grant agreement between the Metropolitan Board of Health and the Centers for Disease Control and Prevention. The grant approved by Resolution No. RS2024-133, which was later amended by Resolution No. RS2024-501, implements workforce strategies to build organizational resilience, promote employee wellbeing, and enhances workforce performance while building healthier communities.

The amendments under consideration correct an error concerning the agreement's payment system identifier, which is a series of digits and letters required to access a federal payment account. Amendment one de-obligates the funds in the amount of \$843,396 allocated to the incorrect payment identifier. Amendment two re-obligates the funds of \$843,396 allocated to the correct payment identifier.
