Analysis

This resolution accepts the terms of a cooperative purchasing master agreement for training management software for the Nashville Fire Department. The purchase agreement is between Sourcewell, a State of Minnesota governmental entity, and Envisage Technologies. According to the cooperative purchasing request, through Sourcewell, Metro will get better value, as cooperative pricing for software licenses and products generally represents the best and final offer from providers. The agreement is valid through July 27, 2025.

T.C.A. § 12-3-1205(b) authorizes local governments to participate in cooperative purchasing agreements with governmental entities outside of the state as long as the goods or services were competitively procured by the other governmental entity. T.C.A. § 12-3-1205(b) further provides that local governments may participate in a master agreement by adopting a resolution accepting the terms of the master agreement.
