Analysis

This resolution approves the first amendment to a Victim of Crime Act (VOCA) grant to update language in the grant contract originally approved by Resolution No. RS2020-368. The VOCA grant is from the Tennessee Department of Finance and Administration, Office of Criminal Justice Programs, to the Metropolitan Nashville Police Department. This grant funds counselor and victim advocate positions to provide mental health services, support services, and criminal justice advocacy.

The amendment makes several changes to the grant agreement. Section D.27 of the original grant contract noted that the grant does not involve acquisition and disposition of equipment or motor vehicles acquired with funds under the Grant Contract. The amendment replaces D.27 with new language that allows MNPD to take ownership of all equipment or motor vehicles, subject to the state's equitable interest, based on the state's contribution to the purchase price, and contains the regulations related to acquiring equipment or motor vehicles. The contract further adds two new sections E.7 and E.8 governing the execution of counterparts to the agreement and prohibiting certain telecommunications and video surveillance services or equipment pursuant to federal law.

The amendment also deletes the grant budget attachment and replaces it with a new grant budget, but no new funding would be added.
