Analysis

This resolution approves an intergovernmental agreement between the Tennessee Department of Transportation (TDOT) and the Metropolitan Department of Public Works for traffic signal communication upgrades along 3.25 miles of West End. These upgrades would stretch from Broadway and West End from 1st Avenue to I-440 and result in an estimated reduction of 5,850 kilograms per year of emissions. The estimated cost of the project is \$3,053,780, with Metro responsible for 20% of the ADA related costs (\$100,680) and TDOT responsible for 80% of ADA related costs and 100% of all other costs (\$2,953,100). The agreement would be for a term of four years from the date of execution of the agreement.
