### Analysis

This ordinance, as amended, prohibits smoking and the use of vapor products in certain age-restricted venues in Nashville and Davidson County. On July 1, 2022, Public Chapter No. 1110 went into effect. This state law authorizes municipalities, counties, and counties having a metropolitan form of government to regulate, including prohibiting, by passing a resolution or ordinance, smoking and the use of vapor products in certain age-restricted venues.

The ordinance under consideration provides that smoking and the use of vapor products is prohibited in age-restricted venues. This prohibition does not apply to retail tobacco stores, retail vapor stores, and cigar bars. As amended, this ordinance also exempts hookah bars and vapor bars from this prohibition. An “age-restricted venue” is defined as establishments that restrict access to persons 21 years of age or older. A person found in violation of this prohibition would be subject to a fine not to exceed \$50.

Tennessee Code Annotated § 39-17-1551 preempts the field of regulation of tobacco products, smokeless nicotine products, and vapor products. However, this state law explicitly provides the Metropolitan Government with the authority to prohibit smoking and the use of vapor products in certain areas, including within buildings owned or leased by the local government, within 50 feet of the entrance to a hospital, an outdoor amphitheater with a seating capacity of at least six thousand owned or operated by such local government, and on the grounds of a public playground. The Metropolitan Government prohibits smoking in these locations pursuant to Chapter 10.18 of the Metropolitan Code.

This ordinance would take effect on March 1, 2023.
