Analysis

This resolution approves amendment five to an agreement between the Tennessee Department of Transportation ("TDOT") and the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT") for improvements on Jefferson Street. The agreement was initially approved pursuant to Resolution No. RS2008-245 and included a grant of \$920,808 with a required match of \$480,203 for intersection improvements on Jefferson Street. Resolution No. RS2013-745 approved the first amendment to this agreement, which extended the agreement to June 1, 2017, specifically identified the intersections on Jefferson Street at 28th Avenue/Ed Temple and 21st Avenue North to be improved, and better reflected TDOT's current fund descriptions. Resolution No. RS2017-708 approved the second amendment to the agreement, which extended the date for completion to June 1, 2019, based upon additional recommendations from a 2017 traffic study. Resolution No. RS2019-1624 approved a third amendment to extend the completion date of all phases of work to December 31, 2020. Resolution No. RS2020-649 replaced the prior contract with a new contract and extended the term until December 31, 2022, added language related to the use of TDOT on-call consultants, and added right-of-way acquisition for, and the construction of, a roundabout at the intersection of 28th Avenue N and Jefferson Street.

This fifth amendment extends the completion date to December 31, 2025 to allow for the negotiation of adjusted design costs, acquisition of right-of-way, and build out the proposed roundabout and improvements to 21st Avenue North and Jefferson Street. The amended further increases the design cost by \$201,412, from 325,563 to \$526,975.

Fiscal Note: The design cost would be increased by \$201,412, to be paid from Business Unit 42404016 and Business Unit 42408021.
