Analysis

This resolution approves a modification to the Fire Marshal's Office fee schedule.

Metropolitan Code of Laws Section 10.64.010 provides that the Metropolitan Government has adopted the 2018 NFPA 1 Fire Code and NFPA 101 Life Safety Code. The Fire Code authorizes an agency to issue operation permits and establish a fee schedule to offset the cost of providing inspections and other services. BL2018-1187 codified a fee schedule for permits issued by the Fire Marshal's Office in Section 10.64.018 of the Metropolitan Code and provided that future modifications to the Fire Marshal's Office fee schedule shall be approved by a resolution adopted by the Metropolitan Council.

Currently, the Fire Marshal's Office charges the following permit fees:

1. Pyrotechnic, flame effect, or fireworks display permit: \$175.00 per show.
2. Tent(s) permit: \$25.00.
3. Liquefied petroleum permit: \$25.00.
4. Special events permit for events that require fire inspectors to be present at the event as safety officers, as determined by the fire marshal: \$50.00 per hour based on the estimated duration of the event.
5. Mobile food vendor propane permit: \$25.00.

The resolution proposes 48 total permit fees, including changes to the types of permits issued. Pyrotechnic fees would be increased to \$290; temporary membrane structures and tents would be increased to \$149; liquified petroleum gas would be increased to \$149; special event permits would be broken into different categories with the per-hour fee increased to \$88; and concession trailer/food truck (mobile food vendors) permit would be increased to \$151.
