Analysis

This resolution approves a participation agreement between the Metropolitan Department of Water and Sewerage Services (“MWS”) and Development Street Development, LLC (“the Developer”).

The Council passed Ordinance No. BL2022-1214 on May 17, 2022, which authorizes MWS to enter into participation agreements with developers for infrastructure projects via resolutions. This is codified at Metropolitan Code of Laws Section 15.36.130.

Pursuant to the terms of this participation agreement, the Developer will provide on-site stormwater control measures related to the construction of an office building in the Browns Creek Basin. The Developer will also provide \$60,000 to MWS to fund the design and construction of the current and new stormwater systems.

Fiscal Note: Metro would receive \$60,000 from Development Street Development, LLC for the stormwater infrastructure improvements in the Browns Creek Basin under this participation agreement.
