Analysis

This ordinance approves a contract between the Tennessee Department of Commerce and Insurance (“State”) and the Nashville Fire Department (“NFD”) to provide annual fire and building safety inspections for pre-kindergarten and kindergarten through twelfth grade schools.

Under the contract, NFD would conduct one fire and building inspection per school within its jurisdiction for each school year. NFD would also be required to conduct additional inspections as necessary, or upon request by the Tennessee Department of Education (“DOE”). Each inspection report must be provided to the DOE within 30 days of the inspection. If a school is not in compliance NFD would require school personnel to complete a plan of corrective action within 45 days of inspection.

The term of this contract begins on November 1, 2021 and ends January 1, 2025. There is no cost to this contract.

Fiscal Note: The Nashville Fire Department would provide these services to the State of Tennessee at no cost to the State.
