Analysis

This resolution approves the second amendment to a grant from the National Association of County and City Health Officials to the Metropolitan Board of Health. The grant is used to partner with agencies and implement activities that address the community's challenges related to drug overdose deaths.

Resolution No. RS2022-1529, approved by the Council on May 17, 2022, accepted a grant not to exceed \$173,899.22. The first amendment, approved pursuant to RS2022-1871, expanded the grant's funding to \$497,631.12 and extended the end date of the term to July 31, 2023.

The amendment under consideration extends the end date of the grant term from July 31, 2023, to May 31, 2024. No additional funding is included in this grant, but the extended term would allow for the possibility of future funding and providing additional time to the program.
