..agenda analysis

This ordinance amends Section 4.36.020 of the Metro Code regarding suspension or debarment of a person under the Procurement Code. Suspension and debarment are two remedies in the Procurement Code for a contractor's failure to follow the terms of the contract and/or applicable laws. After providing reasonable notice and an opportunity to be heard, the Purchasing Agent, upon consultation with the using agency and the Director of Law, has the authority to debar a contractor for cause from consideration for award of contracts. The debarment cannot be for a period of more than three years. As an alternative to debarment, the Purchasing Agent may suspend a contractor from consideration for award of contracts for up to three months if there is probable cause for debarment. The authority to debar or suspend must be exercised in accordance with regulations promulgated by the Procurement Standards Board.

This ordinance would create a public list, available online, of persons suspended or debarred under Section 4.36.020. This would be updated whenever a person is debarred, suspended, or no longer subject to debarment or suspension.
