Analysis

This resolution approves a license agreement between the Metropolitan Board of Parks and Recreation and the United States Department of the Army. This agreement would allow the Army to enter certain parks for limited training purposes. Metro Code Section 13.24.400 prohibits landing any type of aircraft upon any Metro Park. However, the Board of Parks and Recreation has the authority to enter into license agreements pursuant to Metro Charter Chapter 11.1002.

This agreement would grant the Army a revocable license to enter the Cornelia Fort Airpark to conduct rotary wing military training. This would include MH-60Ms landing, hovering, and departing. The term of this license would be through January 1, 2025. The Army would be required to use its best efforts to notify Metro of the training at least 48 hours in advance, and must provide written or verbal confirmation of any training event and intent to use the property no later than 24 hours prior to such entry and actual use of the property.

A similar agreement was approved by the Council in 2017 pursuant to RS2017-979.

Fiscal Note: There would be no cost to either party for this agreement.
