Section 1. That Section 6.77.010 of the Metropolitan Code of Laws is hereby amended by deleting the definitions of “Enclosed vehicle” and “Passenger” and replacing them with the following definitions, and adding a definition for “Open container” and “Change in Control” as follows:

“Enclosed Vehicle” means any motor vehicle that is fully enclosed by metal, plexiglass, professionally installed operable vinyl windows, or glass on all sides and on the top/roof. Any vehicle not meeting this definition would constitute an “unenclosed vehicle.” A vehicle is unenclosed if any portion of it lacks solid sides and a roof, including all appurtenances attached thereto, including, but not limited to, a pickup truck or a wagon or trailer pulled by a tractor, within which passengers are capable of standing and circulating while the vehicle is in motion. For purposes of this section, a vehicle “side” must be a full side enclosure of the vehicle and cannot consist of solely a guard rail or railing. It may contain windows capable of being opened, excluding the driver compartment if separate from the passenger area, but all windows shall be fully raised while the vehicle is in operation with customers aboard and any passenger is in possession of an open container. Enclosed vehicles shall maintain any required emergency access or exits but the emergency access or exits may not be used to avoid the safety goals intended by the enclosure.

“Passenger” means any person on an entertainment transportation vehicle other than the driver and staff.

“Open container” means any container containing alcoholic beverages or beer, the contents of which are immediately capable of being consumed or the seal of which has been broken.

“Change in Control” shall mean either:

- i. a change in ownership such that 50% or more of the direct or indirect voting or economic interests in such Permittee is transferred to a Transferee; or
- ii. a change in the power to direct or cause the direction of management and policy of the Permittee is transferred to a Transferee
- iii. For the purposes of this definition, “Permittee” means the holder of a certificate or permit issued pursuant to this Chapter and “Transferee” means a person, entity, or group of people or entities acting in concert.

Analysis

This ordinance, as amended, makes various amendments to Chapters 6.77 and 7.24 of the Metropolitan Code of Laws pertaining to the operation and regulation of Entertainment Transportation Vehicles.

The Council passed Substitute Ordinance No. BL2021-911, as amended, on October 19, 2021. This ordinance created Chapter 6.77 of the Metropolitan Code to create a framework for regulating entertainment transportation vehicles, which will take effect on April 1, 2022. In addition, it prohibited the consumption of alcoholic beverages during the operation of an unenclosed vehicle, which went into effect on December 1, 2021.

The ordinance under consideration makes various changes to these provisions.

A definition would be added for a "change in control" of a permittee or certificate holder and provisions about transferring certificates and permits would be amended to prohibit assignment, transference, sale, or giving of a certificate or permit without express written approval of the Metropolitan Transportation Licensing Commission (MTLC), including a change in control.

The provision prohibiting passengers from standing or riding on any part of an entertainment transportation vehicle other than a designated seating area while the vehicle is in motion would be deleted.

The consumption of beer, ale, wine, or other alcoholic beverages would be prohibited on all entertainment transportation vehicles, except to the extent permitted by the Beer Board. A driver or operator of an entertainment transportation vehicle who knowingly allows consumption of alcoholic beverages on an

entertainment transportation vehicle in violation of Beer Board or MTLC rules or regulations would violate this chapter.

The definition of “enclosed vehicle” would be deleted and replaced with a definition that provides an “enclosed vehicle” means “a fully enclosed entertainment transportation vehicle.” “Unenclosed vehicle” would mean a vehicle that does not meet the definition of enclosed vehicle. Further, this definition would allow the MTLC to determine what constitutes a fully enclosed entertainment transportation vehicle and develop rules and regulations to ensure that both enclosed and unenclosed vehicles are safe and in compliance with existing noise ordinances.

The application provisions for a certificate would be amended to remove the requirement that applicants provide proof of citizenship or legal residency. Applicants would be required to provide a copy of their driver history for the last three years and any additional information the MTLC may require.

The requirements for minimum insurance coverage would be amended to give the MTLC authority, in consultation with the Metropolitan Government Insurance and Claims Manager, to set the minimum amounts of coverage. Any insurance policy would need to remain in place at least through the length of licensing with the MTLC.

The authority of the MTLC to promulgate rules and regulations would be clarified to include that the MTLC must ensure safety and traffic flow, in addition to compliance with existing noise ordinances.

Section 7.24.040.C, which was added by BL2021-911 and prohibits the possession of an open container of alcoholic beverages or the consumption of alcoholic beverages on an unenclosed entertainment transportation vehicle, would be deleted in its entirety.

Other various housekeeping changes would be made throughout Chapter 6.77.
