Analysis

This resolution approves amendment two to a grant between the Metropolitan Board of Health and STARS Nashville, originally approved by Resolution No. RS2020-679.

Under the terms of the contract, STARS commits to leading the Nashville Strategic Prevention Framework-Partnerships for Success e-cigarette and substance misuse capacity building, prevention, and messaging campaign. Metro commits to providing a full-time epidemiologist with expertise in substance abuse, research, and evaluation. Further, Metro will be responsible for all data collection and reporting for this project, provide education to 500 students annually, and serve on the Inter-agency Advisory Board. The total grant amount is \$415,071. The term of the contract ends August 30, 2025.

Amendment two amends Section 1.1 of the contract to increase the amount of effort provided by the epidemiologists funded through the grant. In addition, the annual funding structure would be amended for years three through five. No other changes would be made to the grant agreement.
