Analysis

This ordinance approves a participation agreement between the Metropolitan Government and MarketStreet Management, LLC (“MSM”), related to the construction of public infrastructure improvements on the Fairgrounds campus.

The improvements to be constructed as part of this participation agreement are noted on the concept plan, attached as Exhibit A to the agreement. This includes improvements within Fair Plaza and Speedway Alley. Pursuant to the agreement, MSM will engage an architect or engineer as well as a qualified contractor to complete the work related to certain improvements on the Fairgrounds campus. MSM agrees to complete the infrastructure work within 24 months. Upon completion of the infrastructure, and upon approval by Metro, MSM will convey ownership of the infrastructure to Metro at no cost. Metro will then be responsible for the ongoing maintenance and operation of Fair Plaza and Speedway Alley.

Fiscal Note: Metro will pay to MarketStreet Management, LLC the actual costs of the infrastructure work in an amount not to exceed \$8,975,000 for the complete design and construction of the improvements on the Fairgrounds campus under this agreement.
