<u>Analysis</u>

## File #: RS2023-2077, Version: 1

On October 6, 2022, Jeffrey Wilson was driving on I-65 and began existing onto West Trinity Lane. He was in the far-left double turn lane and started to proceed through the intersection with a green traffic signal. An employee of the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT") was driving an NDOT truck east on Trinity Lane when the traffic signal turned red. The NDOT employee was pulling a flatbed trailer with a mini excavator, with a combined weight of approximately 29,000 pounds. The NDOT employee was unable to stop at the red light and collided with the driver's side of Mr. Wilson's vehicle, pushing it into the vehicle on his right. Metro previously paid \$7,723.74 to Mr. Wilson's insurance carrier related to his vehicle.

Mr. Wilson was taken by ambulance to a hospital with complaints of head, neck, and left shoulder pain. X-rays and a CT scan were taken. He was diagnosed with a concussion, cervical strain, and left shoulder contusion. He followed up with his primary care physician and was referred for physical therapy.

The Department of Law recommends settlement of Mr. Wilson's personal injury claim for \$27,700, which includes \$12,774.21 in medical costs, \$1,047.18 in lost wages, and \$13,878.61 in pain and suffering.

The NDOT employee involved resigned on October 19, 2022.

Fiscal Note: This \$27,700 settlement, along with the settlement per Resolution Nos. RS2023-2080 would be the 23<sup>rd</sup> and 24<sup>th</sup> payments from the Self-Insured Liability Fund in FY23 for a cumulative total of \$820,340. The fund balance would be \$17,216,100 after these payments.
