A Resolution supporting Earth Hour 2023 on Saturday, March 25, 2023, from 8:30 p.m. to 9:30 p.m.

WHEREAS, Earth Hour, organized by the World Wildlife Fund, is a global grassroots movement uniting people to take action on environmental issues and protect the planet; and

WHEREAS, Earth Hour was first held on March 31, 2007, in Sydney, Australia, when more than 2.2 million individuals and 2,000 businesses turned their lights out for one hour. Earth Hour has since grown to engage millions of supporters in more than 185 countries and territories, inspiring individuals and organizations worldwide to take action for the environment, and driving major legislative changes by harnessing the power of the crowd; and

WHEREAS, Earth Hour is held annually on the last Saturday in March. Each year during Earth Hour, individuals, communities, and businesses make a commitment to turn their lights off for one hour in acknowledgement of climate change; and

WHEREAS, this year, the Historic Metropolitan Courthouse, the Parthenon, Nissan Stadium, First Horizon Park, Tennessee State University, Vanderbilt University, AllianceBernstein, UBS, and 1221 Broadway are among the participants who will “go dark” for Earth Hour by turning off lights that are not essential for public safety; and

WHEREAS, the Metropolitan Council further requests that Davidson County residents and businesses join the Metropolitan Government and these participants in turning off lights; and

WHEREAS, it is fitting and proper that the Metropolitan Council supports Earth Hour 2023 on Saturday March 25, 2023, from 8:30 p.m. to 9:30 p.m., and furthermore, encourages everyone to turn off lights during this time to show their support for climate action.
