Analysis

This ordinance approves a contract between the Metropolitan Government and Xylem Vue, Inc. to provide updates and maintenance of Water Network Optimization distribution system and treatment plant optimization platform.

Section 4.12.060 of the Metropolitan Code of Laws authorizes the Metropolitan Purchasing Agent to enter into sole source contracts when the Purchasing Agent determines in writing according to standards adopted by the Procurement Standards Board that there is only one source for the supply or services required.

According to the sole source justification form attached to the agreement, Xylem Vue is the creator of the Water Network Optimization system and treatment plant optimization platform for Metro Water Services. The platform is proprietary and significant capital investment would be necessary to switch to another provider or developer, as no other vendor could use the existing platform.

The term of the contract begins upon approval by all required parties and filing with the Metropolitan Clerk's Office. The estimated contract value is \$15,000,000. Future amendments to this ordinance may be made by resolution.

Fiscal Note: The estimated value of the 10-year life of this contract is \$15,000,000, to be paid from Fund 47335, Business Unit 65490106.
