Analysis

This resolution amends an appropriation of \$3,000,000 in American Rescue Plan Act ("ARP") funds from Fund #30216 to provide rent, mortgage and utilities payments for Davidson County residents, originally approved Resolution No. RS2021-1116.

Resolution No. RS2021-1116, adopted by the Council on September 7, 2021, provided rent and mortgage payments and utility payments for Davidson County residents who suffered a negative economic impact during the coronavirus pandemic who do not meet the eligibility requirements of the HOPE program administered by the Metro Action Commission (MAC). The original expiration date of this program was June 30, 2022. This relief was available to Davidson County residents earning up to 80% of Area Median Income (AMI). This program was amended by Resolution No. RS2022-1381 extended the end date of the rent, mortgage, and utility relief program through June 30, 2023 and expanded the eligibility requirements to receive mortgage payment relief to include all applicants with a household income up to 100% of AMI.

The resolution under consideration amends the appropriation to extend the end date of the rent, mortgage, and utility relief program through December 30, 2023. Further, the resolution extends the eligibility for rent and utility deposit payments to include all participants with a household income up to 100% of AMI for Davidson County residents who suffered a negative economic impact during the coronavirus pandemic who did not meet the eligibility requirements of the HOPE program administered by the Metro Action Commission or will meet the hardship eligibility requirements of THDA's pandemic eviction prevention grant.
