### Analysis

This resolution amends Ordinance No. BL2021-694 to extend the completion date that the Metropolitan

Department of Water and Sewerage Services has to prepare a Stormwater Master Plan.

Ordinance No. BL2021-694, approved by the Council on June 1, 2021, required a report identifying upgrades needed to conform to Manual Standards, along with the estimated cost of such upgrades, to be provided to the Council by July 1, 2023. The ordinance provides that the completion date may be extended to December 31, 2023, by a resolution of the Council. If the completion date is extended, MWS must provide an interim update to the Council by July 1, 2023.

This resolution seeks to amend BL2021-694 to extend the completion date beyond December 31, 2023, to July 1, 2028. An extension beyond December 31, 2023 is not contemplated by BL2021-694. Additionally, this resolution provides that MWS will provide annual updates to the Council by July 1 of each year.
