Analysis

This resolution approves an intergovernmental license agreement between the Metropolitan Government and the United States Department of Defense. Pursuant to this license agreement, the Department of Defense would be able to enter property owned by the Metropolitan Government located at 1414 County Hospital Road for the purpose of conducting military training for Department of Defense personnel.

The license is to remain in effect from September 11 to 12, 2023. The Council Office has been advised that this training will consist of individuals working to locate and disarm inert explosive devices, including their ability to reach target packages, perform hand entry techniques, and “disarm” the fake devises. No guns or live explosives will be used during this training.

Fiscal Note: The Department of Defense will use the Metro owned property at 1414 County Hospital Road to conduct military training for personnel at no cost under this agreement.
